BUDGET BASICS

- The City must create a budget where revenue equal expenditures.

BUDGET BASICS

Expenditures

Operating Budget

Basic costs to run the day to day operations.

CIP

One-time costs for large capital items. Some items are predictable, others are not.

Debt Service

Repayments on our loans, which are used to fund expensive, long lasting capital projects.

TID Districts

If revenues are less than expenses, the shortfall may need to be covered.

OPERATING REVENUE

Rule:

One-time revenues should not be used to balance the operating budget

Two options to balance budget:

- ❖ **Increase revenue**
- ❖ **Decrease expenses**

- **Personal Equivalent:**
 - Your monthly pay must cover your ongoing personal expenses (utilities, food, clothes, etc...)
 - Using one-time revenues to balance your budget is like winning \$500 in the lottery and leasing a car with a monthly payment of \$500. You can cover the expense for one month, but you will not be able to cover the expense next month unless you win the lottery again.

DEBT SERVICE

The City borrows money to pay for large long-life capital projects, such as streets.

The length of loan should not extend beyond the useful life of the item for which the funds were borrowed.

Payments on loans represents the City's debt service.

Caps in the amount the City can borrow exist :

❖ **State - 5% of equalized value**

❖ **City Policy - 3.5% of equalized value**

- **Personal Equivalent:**
 - When you take out a mortgage or a car loan you make monthly payments until the debt is paid off.
- **City Borrowing Notes**
 - 2022 Equalized Value - \$852,503,800
 - State Borrowing Limit is $\$852,503,800 \times 5\% = \$42,625,190$
 - Principal Outstanding in 2022 is \$19,450,098, 45.6%
- **City Debt Limit Policy of 3.5% of Equalized Value**
 - City Policy Limit of $\$852,503,800 \times 3.5\% = \$29,837,633$
 - Principal Outstanding in 2022 is \$19,450,098, 65.2%

CIP FUNDING

CIP Funding Sources	Personal Equivalent
Transfer from general fund extra reserves	You were able to save some money from your paycheck in previous years and you use it to pay for your new roof or riding lawn mower.
Carry over from previous year	You planned to purchase a riding lawn mower this year but did not find the right one. You use your unspent checking balance to pay for the riding lawn mower next year.
Short-term borrowing – not typical and a sign of financial stress	You visit a short-term lender to pay for your new roof or riding lawn mower.
Base reserves - may impact bond rating	You maintain a \$1,000 balance in your savings account to cover emergency expenses. You use part of the \$1,000 to pay for your new roof or riding lawn mower.
Long term borrowing – used for streets and some buildings	Taking out a loan for a higher cost expense that is expected to last a long time, such as a house. Important to have the income in your <u>budget</u> to cover the loan payments.

CIP FUNDING

- CIP Needs:
- Due to budgetary concerns the City has available \$535,075 to spend on predictable CIP items. These items include:
 - Vehicle replacement
 - Equipment replacement
 - Building repairs
 - Park Improvements
 - Sidewalk repair
- In addition, the City has borrowed from \$1-2 million for street reconstruction annually. Under the current long-range financial plan, the City has limited this borrowing to the amount being retired each year.
- In 2022 the anticipated principal paid off for levy supported financial borrowing is \$1,355,000.

TIF DISTRICTS

❖ **TIF Districts are separate funds that have their own revenues and expenses.**

❖ **If revenues exceed expenses, the amount goes into the fund balance for the district (savings) for future expenses. The TIF District may close early and the created tax base is added to the rest of the City.**

❖ **If expenses exceed revenues and there isn't fund balance (savings), the General Fund must cover the shortfall.**

- **Personal Equivalent:**
 - Imagine that you own several small businesses.
 - If revenues exceed expenses, you reinvest the money in the business. Down the road, you will see the business and make a profit.
 - If the businesses can't pay their expenses, you (as the owner) must pay from your personal accounts.

FINANCIAL OUTLOOK/ CONSIDERATIONS

Using projections for operational needs, anticipated borrowing and CIP spending, the Long-Range Financial Plan provided a look at the financial factors influencing the next five years:

- ❖ increases in operational expenses due to inflation are expected to outpace net new construction.
- ❖ it is anticipated TID 6 will not require levy support due to projected growth and the approval of the 6-year extension.
- ❖ net new construction this year was 0.42% - \$3,201,300
 - ❖ T. Platteville-0.62% - \$927,800 Lancaster – 2.30% - \$6,634,000 Belmont-1.17% - \$744,600
 - ❖ Whitewater – 2.65% - \$2,648,900 River Falls – 2.74% - \$22,509,700 Baraboo-1.15% - \$11,412,700
- ❖ sustaining \$537,075 of annual support for CIP will require use of general fund reserves.
- ❖ TID and city-wide growth and/or increases in state funding would help with the above.
- ❖ City funding support for a new fire facility will need to be monitored in 2023 & 2024 due to debt service requirements.

2023 CITY MANAGER BUDGET

2023 BUDGET INITIATIVES

- Proposed 5% wage increase for all nonunion city staff members except City Manager Position. Impact to budget approximately of \$123,000
- Proposed Wisconsin Professional Police Association wage increases of 5% to align with compensation plan. Impact to budget of approximately \$45,000.
- Proposed step increase for all eligible employees in recognition of honoring 2016 City of Platteville Compensation Plan. Impact to budget of approximately \$14,000.

2023 BUDGET INITIATIVES

- Proposal to contract with Southwestern Wisconsin Regional Planning Commission to provide geographic information system mapping services (GIS). Impact to budget of \$20,000.
- Proposed implementation of year one of long-term staffing analysis increases for identified staffing positions. Impact to budget will be absorbed by \$65,000 reduction of GIS position becoming contracted and increases to museum revenue from store sales and new exhibits.
- Proposed increases to expenditure line items impacted by inflation. Gas, utilities, supplies, etc.

2023 CITY TAX PROPOSED IMPACT

Tax Impact

2022

- Mil rate is 8.27

2023

- Mil rate is 7.24

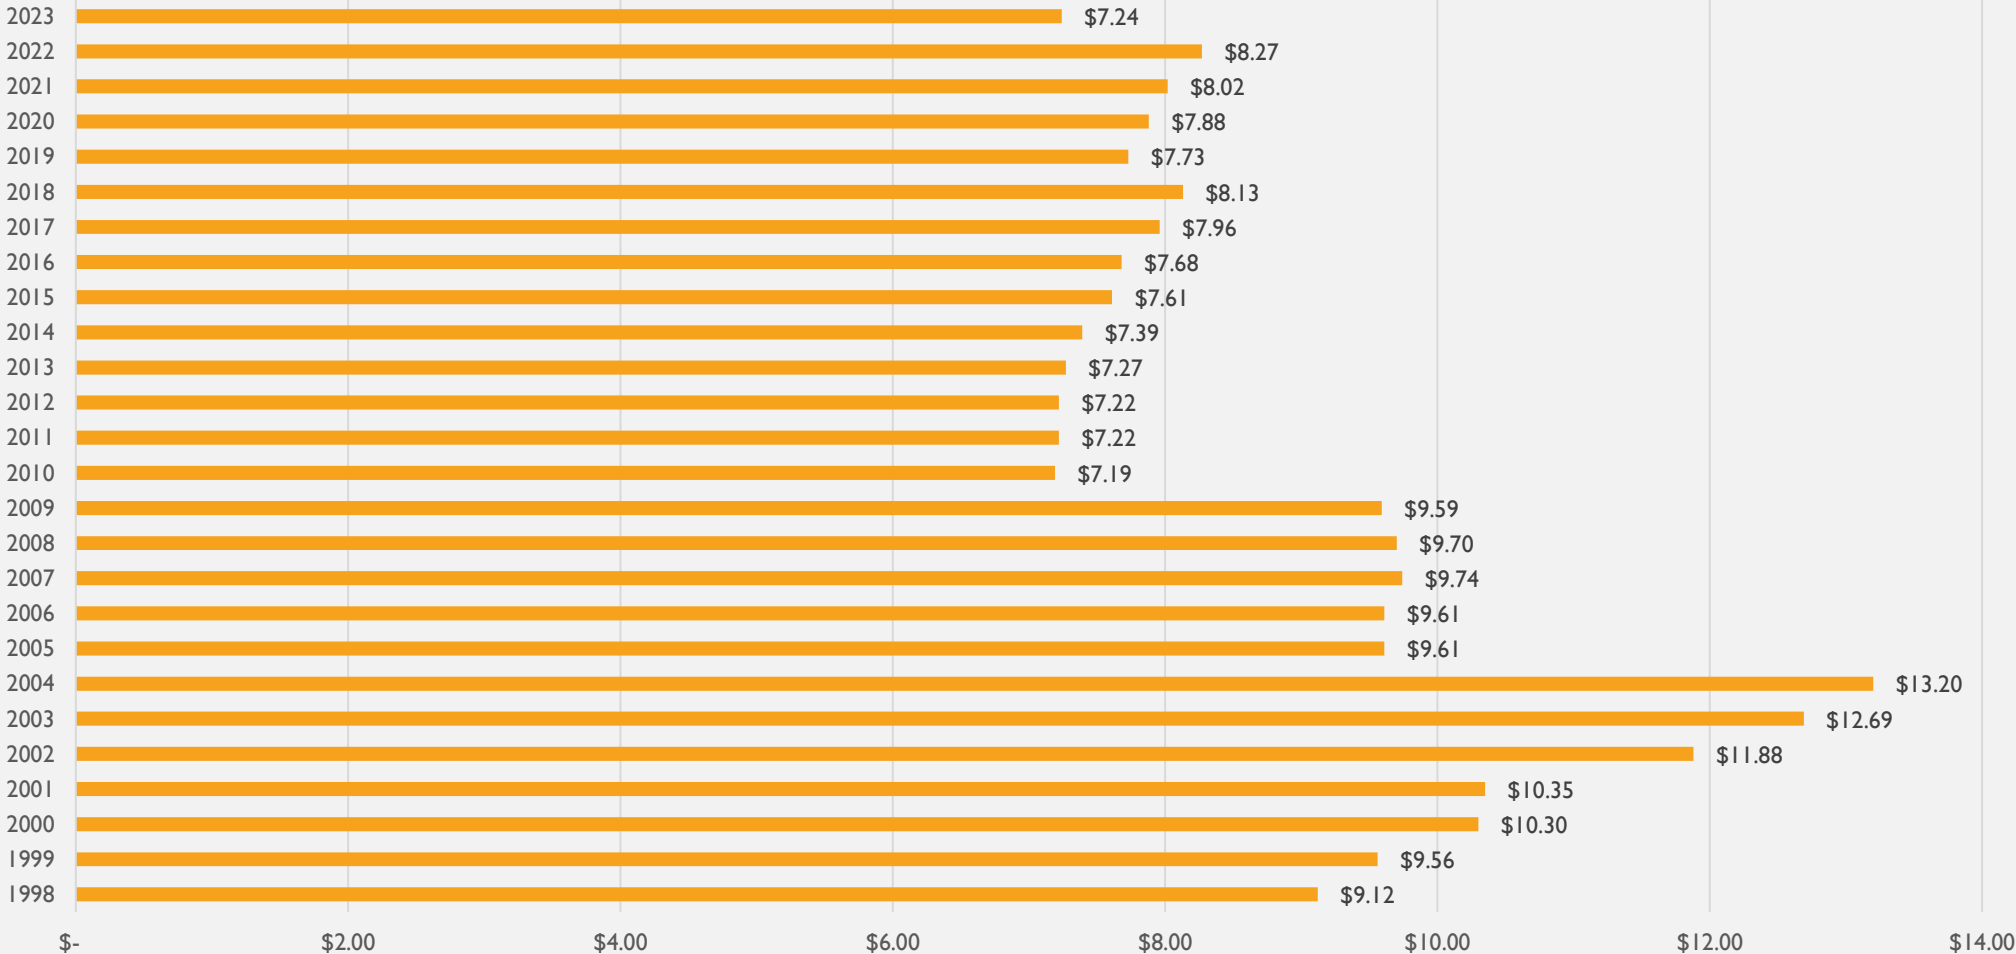

Reduction in Mill Rate of \$1.03 per \$1,000 of assessed value.

Due to the 2023 City of Platteville Property Revaluation although the mill rate is dropping homeowners may see the following scenarios:

- No change at all if property value stayed the same.
- Potential estimated 20% increase in property value which in turn will cause increase in your property tax payment.
- Potential for property valuation to be lower or higher than 20%.
