**PLATTEVILLE COMMON COUNCIL PROCEEDINGS**  
**August 8, 2023**

The regular meeting of the Common Council of the City of Platteville was called to order by Council President Barbara Daus at 6:00 PM in the Council Chambers of the Municipal Building.

ROLL CALL

Present: Todd Kasper, Ken Kilian, Barbara Daus, Lynne Parrott, Bob Gates, and Jason Artz.

Excused: Kathy Kopp

CONSIDERATION OF CONSENT AGENDA

Motion by Kilian, second by Parrott to approve the consent agenda as follows: Council Minutes – 7/25/23 Regular; Payment of Bills in the amount of \$574,465.39; Financial Report – July; Appointments to Boards and Commissions, Cindy Tang and Eileen McCartney to Community Safe Routes Committee; Two-Year Operator License – Ashley J Heinz, Darren J Klingaman, Michelle L Pluemer, Ann M Udelhofen, and Joshua J Zitzer. Motion carried 6-0 on a roll call vote.

CITIZENS' COMMENTS, OBSERVATIONS AND PETITIONS, if any. President Daus welcomed a Boy Scout who was attending the meeting and working on earning his Eagle Scout badge. Daus also welcomed a new Platteville resident who was attending the meeting. Additionally, Daus commented positively on the Pancake Breakfast at the Platteville Municipal Airport.

Aldersperson Parrott commented on conversations that were had with residents who were concerned about maintenance issues at Jenor Tower Park. Parrott reported that she shared these concerns with Park and Recreation Director Lowe and that he is taking action on those items.

REPORTS

- A. Board/Commission/Committee Minutes – Police & Fire Commission and Housing Authority Board.
- B. Other Reports – Water and Sewer Financial Report-July, Airport Financial Report-July, and Department Progress Reports.

ACTION

- A. *Ordinance 23-05 Amending Speed Limits Adjacent Speed Limits Adjacent to City Parks (Format Change)* – Motion by Kasper, second by Parrott to approve Ordinance 23-05 Amending Speed Limits Adjacent to City Parks. Motion carried 6-0 on a roll call vote.
- B. *2024 Strategic Plan* – Motion by Gates, second by Parrott to designate 2024 as a strategic “reset” year and to develop a subsequent strategic plan for 2025-2027. Motion carried 6-0 on a roll call vote.

INFORMATION AND DISCUSSION

- A. *Ordinance – Amending Chapter 45.14 City Cemeteries* – Public Works Director Howard Crofoot explained that due to habitual unpaid or late balances with Melby Funeral Home, staff is requesting to change the ordinance. Other funeral homes have traditionally paid for services in advance, as they do for other cemeteries. Staff is requesting the Platteville Municipal Code to

reflect that practice. Staff is recommending payments in advance be required as of September 1, 2023, for all persons or funeral homes.

- B. *Award of Contract 7-23, Street Maintenance* – Public Works Director Howard Crofoot explained that this is the annual project to do overlays of selected streets using the estimated \$110,000 in Wheel Tax funding. This is a 0.75-inch overlay over an existing pavement to enhance the ride and delay deterioration for 7 – 10 years. On Thursday, July 27, Staff opened one bid for Contract 7-23, Street Maintenance. The sole bid is from Iverson Construction. Staff is recommending to award Contract 7-23, Street Maintenance to Iverson Construction for the proposed streets for thin overlay in the amount of \$104,132.84.
- C. *Award of Contract 8-23, Highway Painting* – Public Works Director Howard Crofoot explained that this is the annual painting of centerlines and other pavement markings on highways. This year it is the intent to repaint Water Street from Madison Street to Northside Drive, including the roundabout. Northside Drive is the dividing line for City/State jurisdiction and maintenance. Staff received a bid from one firm - Century Fence of Pewaukee. This company has satisfactorily performed Highway Painting for Platteville in the past. An alternate bid was received to paint the crosswalks across the side streets of Kase, Pitt, Fairfield, and Northside Drive. Staff is recommending awarding Contract 8-23, Highway Painting with Alternate A to Century Fence at the bid price of \$30,005.40 with the overage absorbed in the CIP budget.
- D. *Resolution 2024 Fee Schedule* – City Clerk Candace Klaas gave an overview of the proposed changes to the Fee Schedule for the 2024 calendar year.

CLOSED SESSION – Per Wisconsin Statute 19.85(1)(e) - Deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session – Fire Facility Site

Motion by Gates, second by Parrott to go into Closed Session. Motion carried 6-0 on a roll call vote.

RETURN TO OPEN SESSION – Motion by Artz, second by Parrott. Motion carried 6-0 on a roll call vote.

POSSIBLE ACTION ON CLOSED SESSION ITEM – No action taken.

#### ADJOURNMENT

Motion by Kasper, second by Gates to adjourn. Motion carried 6-0 on a roll call vote. The meeting was adjourned at 7:44 PM.

Respectfully submitted,

Candace Klaas, City Clerk

## **Fee Waiver Request**

The Platteville Regional Chamber and Dairy Days Committee would like to request that the \$50 event fee be waived for this Parade Permit Application. Both the Chamber and Dairy Days are nonprofit entities, and put on this event for the enjoyment of our community and surrounding area. This event brings many visitors to our community with an economic impact hard to gage, but many businesses and service providers will benefit. This is the 76<sup>th</sup> Dairy Days Parade, and we are not aware that the event fee has ever been assessed.

## PARKS, FORESTRY, & RECREATION COMMITTEE Minutes

Date 5-15-23

The regular meeting of the Platteville Parks, Forestry, and Recreation Committee of the City of Platteville was called to order by Jason Artz at 7:00 p.m. in the Police Station Public Service Room.

### ROLL CALL

Present: Jason Artz X, Don Francis X, Erin Ihm X, Suraya Strobl X, Cindy Tang X, Victoria Hundhausen \_\_\_\_\_, Brian Whisenant x  
Staff in Attendance: Robert Lowe X Clint Langreck X

Members of the Public:

Paul Malischke

### CITIZEN COMMENTS:

Mr. Malischke wanted to follow up and see if there were any updates on his wife's request for some type of non-slip surface for the zero entry at the pool. Director Lowe stated that there were discussions with Burbach engineers regarding the surface. Burbach has stated that because the pool has not been properly resurfaced in the last few decades the current surface may be slippery than desired because of continues use. A bid for sandblasting and resurfacing the pool will be coming in the fall of this year.

**APPROVAL OF MINUTES:** A motion was made by Suraya Strobl to approve the minutes from the April 2023 meeting, seconded by Erin Ihm, Motion carried.

### STAFF UPDATES were given on:

- a. PFAC Pool Operating Repairs-Director Lowe reported that City Council had approved the budget amendment for the operating repairs needed to open the pool. These repairs were also needed to continue the water integrity test. It was reported that the repairs would begin right away with the hope of filling the pool before the end of May to test those repairs.
- b. Senior Center relocation progress-Lowe reported that Building Specialist Butson continues to make the improvements needed to the old police department area of the City Hall for the new Senior Center.
  - i. Parking space update-It was reported that a parking ordinance will designate approximately 12 spaces for senior parking. Those spaces will be along Mineral Street and 2 additional spaces in the parking lot just east of City Hall.
- c. Broske-Lowe reports that the reservations continue at a very high rate.
  - i. Financials review-Lowe reported that the previous increase in leasing rates made last year by the Committee have had a positive result. The revenue has increased to a point that will allow staff look to replace aging chairs and tables, and potentially reach the original goal of having the Broske be self-sustaining. Lowe also hopes to meet with Admin Director Maurer to identify line-item expenses to get a complete picture of the Center self-sustainability.
- d. Activities-Participation numbers have exceeded pre Covid rates.
  - i. Utilizing activities in summer-Director Lowe requested ideas from the Committee for any activities they would like to see added for early spring. Open gym and 3 on 3 basketball were discussed as some ideas.

- e. Inclusive Playground Update - Lowe reported the playground was on track to be substantially completed in time for the June 3<sup>rd</sup> grand opening. Many activities are planned to include grilling with a lot of help from volunteers.

Discussion was held regarding sharp boxes possibly being installed in the restrooms of the stone shelter. Committee member Strobl agreed she would be the liaison to service of the boxes if need be.

II. New Business

- a. Dairy Days and Jaycees Lease of the Legion Park storage shed. - An update was given by Lowe. He has been having trouble getting a response from Dairy Days Inc and will be sending a letter to their registered agent. The lease expired 3 years ago, and Lowe cannot find any terms of a renewal.

**OLD BUSINESS**

None

**NEXT MEETING – Monday, June 17, 2023 7:00 p.m. in the Police Station Community Room.**

Motion to adjourn by Brian Whisenant seconded by Suraya Strobl. Motion carried. Meeting was adjourned at 8:05 pm  
Minutes by Robert Lowe

## **PARKS, FORESTRY, & RECREATION COMMITTEE Minutes**

**Date June 19, 2023\_**

The regular meeting of the Platteville Parks, Forestry, and Recreation Committee of the City of Platteville was called to order by Jason Artz at 7:02 p.m. in the Police Station Public Service Room.

Staff in Attendance: Robert Lowe\_\_X\_\_ Clint Langreck\_\_

Members of the Public:

Kristal Prohaska and Laurie Graney

### **CITIZEN COMMENTS:**

Kristal Prohaska and Laurie Graney spoke and gave an update to the committee on the Indian Park Historical Marker. They reported that the marker has been approved and are now waiting on the company that produces them to give them a quote and time frame to complete the marker. The goal is to mount the marker on a large bolder that will be placed in Indian Park. They have asked staff and committee members to take a look and see where they would like to have the boulder placed.

Director Lowe and Committee Chair Artz introduced our new Committee Member, Debi Sigwarth. Debi has great experience and will be a very good addition to our committee.

**APPROVAL OF MINUTES:** A motion was made by Suraya Strobl to approve the minutes from the May 2023 meeting, seconded by Erin Ihm. Motion carried. New committee member Sigwarth abstained.

### **STAFF UPDATES were given on:**

- a. PFAC Pool Operations-Director Lowe reported that the operating repairs are paying off. Rough data shows that the pool is using about half of the previous year's water usage. This data shows that we will save about 1 million gallons of treated, heated water for the season. More data to follow.
- b. Senior Center relocation progress-Lowe reported that the Senior Center is up and operating. Most of the feedback has been very positive. Staff has also worked with the new owners of the Armory to begin the yoga classes there on Wednesday mornings.
- c. Highland Park-Lowe reports that staff have applied to a design program offered by the University of Wisconsin for urban design capstone students. If the city application is accepted the students majoring in urban design will create a plan for the wetland we have at Highland Park. Applicants will be contacted in September.
- d. Activities-Participation numbers for Tball have exceeded expectations. The new tball program is being conducted by PYDS at Legions new Rookie Field.

II. New Business

- A. Fee increases for 2024.  
Director Lowe brought copies of the current activity fees. The committee is being asked by the committee for recommendations for increases. The pool fees are well below other community fields, and the PYDS fees are barely covering the cost of uniforms.
- B. Dogs in City Parks.  
Discussion was had on committee guidance to ask the PD to enforce the current no dogs in City Park or to advise Council on a possible ordinance change.

## **OLD BUSINESS**

- A. Dairy Days and Jaycees lease at Legion Park.  
Director Lowe reported there is some progress with Dairy Days Inc.'s lease. Not much progress with the Jaycees. Lowe is trying to set up a meeting with the Jaycees again.
- B. Indian Park Marker.  
The committee heard from those during the citizen comments and the committee and staff are to select a desired location for the site.

**NEXT MEETING – Monday, July 17, 2023, 7:00 p.m. in the Police Station Community Room.**

Motion to adjourn by Erin Ihm seconded by Debi Sigwarth. Motion carried. Meeting was adjourned at 8:12 pm  
Minutes by Robert Lowe

## **Platteville Museum Board Minutes**

June 21, 2023

**Board/Friends Members Present:** Garrett Jones, Bill Van Deest, Brad Brogley, Deb Jenny, Kathy Connett  
**Others Present:** Museums Director Erik Flesch (Board Liaison)

**Call to order** at 4:46 by Brad Brogley

**Minutes** of the May 2023 Museum Board meetings approved on motion by Deb Jenny, seconded by Kathy Connett.

### **Director's Monthly Report**

- Director Flesch provided a museums progress report covering buildings and grounds, planning, programs, education, and operations.

### **Collections Monthly Report**

- Director Flesch recommended accessioning an August 1973 Shopping News newspaper that features a cover story on the Platteville Mining Museum (donated anonymously) and a drawing by miner Franklin Gross of the Calumet and Hecla Mine (donated by Stephen Copeland). The board accepted this recommendation on a motion from Deb Jenny, second from Kathy Connett.
- The WWI Minenwerfer mortar painting is complete. The player piano and concert organ have been repaired and returned to the collection.

### **Friends of the Mining & Rollo Jamison Museums Report**

- Deb Jenny shared an update on the Friends Board. The Pick and Gad raffle is ongoing.

### **Old Business**

- While there is still an open seat on the Common Council the councilperson seat on the Museums Board will remain vacant.

**Adjournment** at 5:07 p.m. on motion by Bill Van Deest, second from Kathy Connett. Next meeting will be Wednesday, July 19, 2023.

## MINUTES

TUESDAY, JULY 18, 2023 – 5:00 P.M.

COUNCIL CHAMBERS IN CITY HALL – 75 N. BONSON STREET

MEMBERS PRESENT: Beth Frieders, Ken Kilian, Garrison Ledbury, Paul Soderblom

ALTERNATES PRESENT: Garry Prohaska

MEMBERS ABSENT: Michael Albees

ALTERNATES ABSENT: Tracey Roberts

STAFF PRESENT: Ric Riniker, Joe Carroll

OTHERS PRESENT: None

### Call to Order

Chairman Kilian called the meeting to order at 5:11 pm.

### Approval of Minutes – June 20, 2023

Motion by Prohaska to approve the minutes. Second by Frieders. Motion approved.

### Action Items

a. Potential CLG Grant Submittal

The commission discussed submitting an application that would continue the efforts to have individual properties listed that were considered eligible in the architectural survey. Carroll sent a letter to the property owners to determine their interest and received a response from the owners of the property at 1050 N. Second Street indicating they are interested in pursuing designation. No other property owner has indicated an interest at this time. A couple of the properties are in the process of being sold. Future owners may be interested.

Prohaska reached out to the real estate agent to pass on the information. He also contacted the owner of the gas station on Chestnut Street and provided information related to listing. The state confirmed that the owners need to be in favor of the nomination, or they won't pursue the designation. Pursuing another survey may be an option, possibly to include newer properties.

Frieders mentioned that waiting a year may provide more opportunities for other properties. It may not be worthwhile to pursue the grant for one property.

Soderblom stated that he would be interested in having his house listed. It wasn't identified as being eligible in the survey, but it was included in the survey.

Kilian has a property that may be eligible, but more research needs to be completed. He is also interested in having the property listed.

Consensus was to pursue a grant to include any properties where the owners have indicated they are interested before the deadline.

Motion by Prohaska to pursue the grant application. Second by Ledbury. Motion approved.

b. Remove Historic Easement – 335 Division Street

At the June 20<sup>th</sup> meeting the Commission approved the paving of the driveway and parking area on this property. There was consensus that, due to all the modifications that have been made to the building and property, the property should no longer be considered contributing to the district. Staff would like input from the Commission regarding the potential removal of the historic easement that is in place for this property.

Prohaska contacted the State for information and advice. He provided updated pictures of the property to them to update the files. They suggested not modifying the designation of the property within the district. That process is complicated and can impact the district itself. The property would no longer be considered eligible for tax credits.

Riniker contacted the property owner regarding removal of the easement. The owner is in favor of removing the easement.

Motion by Soderblom to approve removing the easement. Second by Ledbury. Motion approved 3-0 (Kilian and Prohaska did not vote).

**Discussion Items**

- a. Indian Park Signage – No information provided. This will be on the next agenda.

**Citizen Comments**

None

**Announcements/Upcoming Items**

Frieders has a conflict with the normal meeting time in the fall. Consensus was to move the meetings to the third Thursday at 6:00 p.m. from September through November.

**Next Meeting Date** If needed, the next meeting will be on Tuesday, August 15, 2023 at **5:00 p.m.**

**Adjourn**

Motion by Frieders to adjourn. Second by Prohaska. Motion approved. Meeting adjourned 6:12 p.m.

COUNCIL SUMMARY SHEET**

<b>COUNCIL SECTION: ACTION ITEM NUMBER: VI.A.</b>	<b>TITLE:</b> Ordinance 23-08 Amending Chapter 45.14 City Cemeteries	<b>DATE</b> August 22, 2023 <b>VOTE REQUIRED:</b> Majority
<b>PREPARED BY: Howard B. Crofoot, P.E., Director of Public Works</b>		

**Description:**

Chapter 45.14 of the Platteville Municipal Code reads as follows:

45.14 Miscellaneous.

(a) All fees and charges as outlined in the current schedule of fees and charges are payable at the office of the City Treasurer, within 5 days after a burial where receipts will be issued for the amounts paid.

(b) A schedule of fees and charges, as approved by the Common Council, shall be on file in the offices of the City Clerk. Such schedule may be amended from time to time as determined by the Common Council.

(c) The City shall take reasonable precautions to protect all private property, lots and/or grave owner's property in the cemetery from loss or damage, but it expressly disclaims all responsibility for loss or damage from causes beyond its control and especially from the acts of thieves, vandals and rioters and from all acts of Providence, including but not limited to wind, tornado, hail, snow, frost and rain, whether the damage be indirect or proximate.

(d) The City cemetery trust fund shall be managed in accordance with Chapter 881 of the Wisconsin Statutes.

(e) Persons or funeral homes with unpaid fees and charges owing to the City in excess of 30 days shall not be permitted to conduct interments until the delinquent fees and charges are paid in full.

Melby Funeral Home has been a habitual late payer of fees.

Between March 2020 and November 2021, Melby Funeral Home was in arrears for \$39,200.00 for lot purchases and burial fees. After numerous attempts to contact him by US mail, email and phone, the Finance Department transferred this amount to property taxes. This amount is still unpaid.

City Staff revisited the issue in August/September 2022 when the City was owed an additional \$28,670.00. City Staff sent a Certified letter requesting payment and discussing the possibility of refusing service in City cemeteries. In early September 2022, Melby Funeral Home made a partial payment in the amount of \$23,000.00. Melby Funeral Home was allowed to continue business in the City cemeteries. On August 8, 2023, Melby Funeral Home paid over \$24,000 to pay all amounts owed since the November 2021 balance transfer to the tax roll.

Other funeral homes have traditionally paid for services in advance, as they do for other cemeteries. Staff is requesting the Platteville Municipal Code reflect that practice. Staff is suggesting that we make payment in advance effective September 1, 2023 for all persons of funeral homes.

**Budget/Fiscal Impact:**

Staff would be in a position to require payment in advance to avoid anyone being in arrears in the future.

**Recommendation:**

Staff recommend approving Ordinance 23-08 City Cemeteries.

**AN ORDINANCE AMENDING CHAPTER 45.14 – CITY CEMETERIES**

WHEREAS, the Common Council finds it to be in the public interest to amend Platteville Municipal Code, Chapter 45.14 – City Cemeteries

NOW, THEREFORE, the Common Council of the City of Platteville do ordain as follows:

Section 1. Platteville Municipal Code Chapter 45 City Cemeteries, paragraph 45.14 (a) is amended as follows:

(a) All fees and charges as outlined in the current schedule of fees and charges are payable at the office of the City Treasurer in advance of a burial where receipts will be issued for the amounts paid.

Section 2. Platteville Municipal Code Chapter 45 City Cemeteries, paragraph 45.14 (e) is repealed.

Section 3. This Ordinance shall become effective upon passage and publication as provided by law.

RE: Delinquent Fees and Charges

It has come to my attention that your business has delinquent fees and charges for burials since October 2021. In accordance with Platteville Municipal Code, Chapter 45.14 (e):

(e) Persons or funeral homes with unpaid fees and charges owing to the City in excess of 30 days shall not be permitted to conduct interments until the delinquent fees and charges are paid in full.

The City will require that future interments be paid within 5 days per the Ordinance and all past due amounts be paid within 30 days. If this is not possible, you may discuss a Deferred Payment Agreement for those amounts in arrears with the City Manager. Any Deferred Payment Agreement is contingent upon staying current with future interments.

RE: Delinquent Fees and Charges

On August 10, 2022, I sent a letter to you requesting payment of outstanding invoices or the City would refuse to allow burials in City cemeteries. At the time you were \$28,760.00 in arrears. In early September you made a partial payment of \$23,000.00 and burials have continued. There have been no further payments.

As of **June 12, 2023** the outstanding balance is **\$22,180.00**. Staff is recommending that the Common Council amend the Platteville Municipal Code to require payment in advance for all services (lot sales, burials, etc.) as of September 1, 2023. Any burials or lot sales after that date must be paid in advance. Any outstanding balance will require a payment plan to pay that balance by December 31, 2023. If those conditions cannot be met, Cemetery privileges will be suspended.

<b>PREPARED BY: Candace Klaas, City Clerk</b>		

**Description:**

Annually Staff reviews the fees charged by the City of Platteville for various licenses, permits, inspections, programming, etc., and has suggested the following changes to the current Fee Schedule:

Pg 2 – Administration – A few minor changes to the language in the public records section and the elimination of an outdated fee that is no longer used.

Pg 6 – EMS/Ambulance– The elimination of the EMS/Ambulance section as we are past the retention period on these records and no longer have them.

Pg 12 – Parks & Recreation – Increase of Tier #3 to \$60/Residents & \$80/Non-Residents.

Pg 13 – Planning & Development – The elimination of Subdivision Land Dedication as this was deleted from the ordinance.

COUNCIL SUMMARY SHEET**

<b>COUNCIL SECTION: ACTION ITEM NUMBER: VI.C.</b>	<b>TITLE:</b> Award of Contract 7-23, Street Maintenance	<b>DATE</b> August 22, 2023 <b>VOTE REQUIRED:</b> Majority
<b>PREPARED BY:</b> Howard B. Crofoot, P.E., Director of Public Works		

**Description:**

This is the annual project to do overlays of selected streets using the estimated \$110,000 in Wheel Tax funding. In recent years we have only done thin overlays. This is a 0.75-inch overlay over an existing pavement to enhance the ride and delay deterioration for 7 – 10 years. We will continue to do that for selected streets.

Staff opened one bid for Contract 7-23, Street Maintenance. The sole bid is from Iverson Construction. Enclosed is a spreadsheet and map with the proposed streets.

**Budget/Fiscal Impact:**

The 2023 Capital Improvement Program budgeted \$110,000 for this project. The proposed streets would cost \$104,132.84.

**Recommendation:**

Staff recommends awarding Contract 7-23, Street Maintenance to Iverson Construction for the proposed streets for thin overlay in the amount of \$104,132.84.

**Sample Affirmative Motion:**

*“Move to award Contract 7-23, Street Maintenance to Iverson Construction for the proposed streets for thin overlay in the amount of \$104,132.84.”*

**THE CITY OF PLATTEVILLE, WISCONSIN  
COUNCIL SUMMARY SHEET**

<b>COUNCIL SECTION: ACTION ITEM NUMBER: VI.D.</b>	<b>TITLE: Award of Contract 8-23 Highway Painting</b>	<b>DATE: August 22, 2023 VOTE REQUIRED: Majority</b>
<b>PREPARED BY: Howard B. Crofoot, P.E., Director of Public Works</b>		

**Description:**

This is our annual painting of centerlines and other pavement markings on highways. This year we intend to repaint Water Street from Madison Street to Northside Drive, including the roundabout. Northside Drive is the dividing line for City/State jurisdiction and maintenance.

This street was originally painted with epoxy in 2012. Normally, epoxy lasts 5 – 7 years. This contract will repaint those items.

We have 1 Alternate bid:

Alternate A will paint the crosswalks across the side streets of Kase, Pitt, Fairfield, and Northside Drive.

Staff received a bid from one firm - Century Fence of Pewaukee. This company has satisfactorily performed Highway Painting for Platteville in the past.

**Budget/Fiscal Impact:**

The budget is \$30,000. The bid for the Base Bid is \$25,055.40. The bid including Alternate A is \$30,055.40.

**Recommendation:**

Staff recommends awarding Contract 8-23, Highway Painting with Alternate A to Century Fence at the bid price of \$30,055.40 with the overage absorbed in the CIP budget.

**Sample Affirmative Motion:**

**THE CITY OF PLATTEVILLE, WISCONSIN  
COUNCIL SUMMARY SHEET**

<b>COUNCIL SECTION: INFORMATION &amp; DISCUSSION ITEM NUMBER: VII.A.</b>	<b>TITLE: 2024-2028 Comprehensive Capital Improvement Plan</b>	<b>DATE August 22, 2023 VOTE REQUIRED: Majority</b>
<b>PREPARED BY: Nicola Maurer, Administration Director</b>		

**Description:**

In 2021 a new comprehensive approach to planning for capital improvements was introduced for the City of Platteville. The comprehensive approach sought to capture a broad spectrum of potential projects, from those that are mandated and/or immediately needed for delivery of essential services, to those which would improve or expand service delivery, to new programs or services that would enhance the City as a whole. The comprehensive approach enables the Council, staff and citizens to see and discuss projects that should or could be funded over the next 5 years and forms the foundation for developing the next year’s Capital Improvement Budget.

The resulting document is a tool which assists in planning for capital improvement spending, keeps citizens informed on current needs and future potential projects, helps in capturing community support, is useful in obtaining grant support and is seen favorably by our credit rating agency for debt issue.

Since 2021, the plan has been updated and enhanced. For the 2024 – 2028 plan the priority designations have been updated as follows:

- 1 -Mandated/Mission Driven/Immediate Need
- 2 -Critical Need/Obligated/Within 12 Months
- 3 -Preventive Need/Public Benefit/1-2 Years
- 4 -Improvement Benefit/Desired Want/2-3 Years
- 5 -Maintain/Public Want/Greater than 3 Years

Staff anticipate improving the document as a planning tool in the years to come.

**Budget/Fiscal Impact:**

The 2024-2028 comprehensive capital improvement plan documents needs and opportunities and guides the development of the city’s long range financial plan and 2024 CIP budget.

**Recommendation:**

Adoption of the 2024-2028 Comprehensive Capital Improvement Plan

**Sample Affirmative Motion:**

*“Move to adopt the 2024-2028 Comprehensive Capital Improvement Plan”*

## 2024-2028 Comprehensive Capital Improvement Plan

Capital Improvements and Capital Expenditures are any items which are expected to have a useful life of 3 years or more and a cost greater than \$10,000. Items under \$10,000 will generally be included in the operating budget.

Capital improvements include:

- Infrastructure such as roads and buildings
- Equipment such as snow plows and mowers
- Wastewater Treatment Plant improvements
- Planning assessments

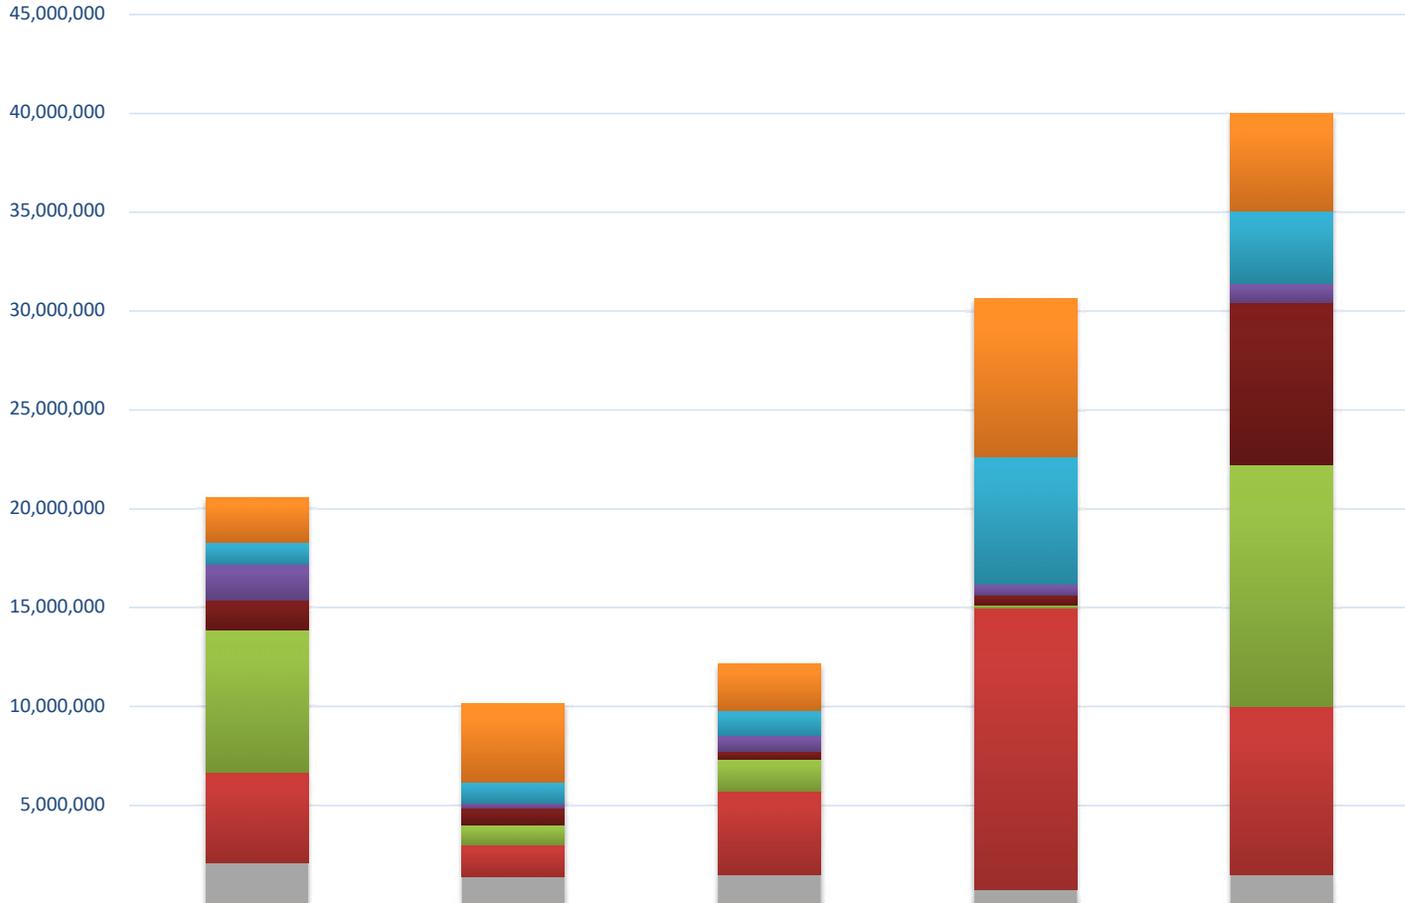

The City's goal is to cover general equipment maintenance costs and equipment replacement through tax levy and other revenue sources. The City intends to utilize its borrowing power primarily for projects that would include replacement of infrastructure or creation of new infrastructure.

Department Directors work with the City Manager and Administration Director to establish a five-year comprehensive capital improvement plan for their department. The five-year plan provides the information needed by the City Manager and the Council for decision making in determining the next year's capital improvement budget. Detailed description pages for each item are presented in the plan.

<b>Useful Life:</b> 5 Years
<b>Priority:</b> 3 -Preventive Need/Public Benefit/1-2 Years
<b>Purpose:</b> 5- Reduce Personnel Time

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**  
 A Badger Book is an electronic poll book. Election Workers use these devices to check in voters, assign them a voter number, process absentee ballots, and process Election Day registrations. Fourteen Badger Books would be needed to ensure adequate coverage for the largest election turnouts.

**Justification**  
 Employee retention: Clerk's Dept, Election Workers  
 Would help the Chief Inspectors work as a team, shared lines, easier to watch over the Election Day  
 Accuracy with registration, pollbook signing, & reconciliation: will eliminate the incorrect way of "correcting" information in the pollbook when the voter should be re-registering, eliminate use of voter numbers, eliminate errors from same number being issued twice, eliminates numbers being skipped, eliminates need to reconcile the pollbooks throughout the day and at the end of the night, eliminates the hand entering of voter participation as this would be done in real time during the election day, voters would not be able to pass an Absentee Ballot as well as vote in person during the same election  
 Large amount of time saved: cost of Badger books possible balance of reduced time spent on elections  
 Increase confidence of election workers as they will be prompted and walked through each process on the Badger book  
 Reduce the number of election workers needed resulting in easier scheduling and providing a pool of back up workers if needed  
 Easier election-day poll location set-up with a better lay out: eliminates voters getting into the wrong line, enables any worker to help a voter, no matter the district (as long as they are in the right polling location) and will result in faster voting  
 The Grant County Clerk has no issue with Badger Books, with Lancaster, Boscobel and Fennimore already having them.

<b>Description</b>
Update of the City of Platteville Comprehensive Plan

<b>Justification</b>
The last comprehensive plan was updated in 2013. It is recommended to update the official comprehensive plan every 10 years to ensure the information, goals and objectives still reflect the community. Also an updated comprehensive plan assists in obtaining various grant opportunities and borrowing.

<b>Useful Life:</b>	N/A
<b>Priority:</b>	3 -Preventive Need/Public Benefit/1-2 Years
<b>Purpose:</b>	1 -Safety and Compliance

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**  
 In the early 2000's the City acquired several blighted and contaminated properties located at the southeast corner of Main and Cora Streets. The City obtained a Site Assessment Grant and a Sustainable Urban Development Zone Grant to provide funding assistance with the building demolition, environmental studies and some environmental testing of the site. Later the City sold the properties to Mark Ihm who has developed the site by moving houses onto the property and using them as rentals. The actual development of the site - the buildings, parking lots, sidewalks, and imported fill - located on the site is intended to act as the final environmental cap to contain any potential contaminants. This project is nearing completion, so the City will need to provide a final site closure assessment and report to meet DNR requirements. The cost of a basic closure report will be approximately \$12,000, but this could increase to as much as \$30,000 if DNR requires additional testing and assessments. This would be a TID 7 eligible expense.

**Justification**  
 Even though the City is no longer the owner of the property, we are considered the responsible party for the environmental considerations and are responsible for the final site closure process. The City needs to complete the site closure to meet DNR standards and requirements.

<b>Department:</b> Police
<b>Program/Project Name:</b> PD Radio Repeater
<b>Program/Project #:</b> 11

<b>Division:</b> Police
<b>Contact:</b> Chief McKinley
<b>Type:</b> Equipment
<b>Useful Life:</b> 15 Years
<b>Priority:</b> 1 -Mandated/Mission Driven/Immediate Need
<b>Purpose:</b> 3 -Replace Worn Out Equipment

Note: Program/Project Name and # Referenced on Department Summary Sheets.

<b>Description</b>
Purchase and installation of PD Radio Repeater on newly constructed Grant County Radio Tower on County D.
This project was approved for completion in 2023 with funding from the 2023 promissory note, but delays with the Grant County Radio System project and delays with the acquisition of property for radio towers has delayed this project until 2024. The project was not included in the 2023 borrowing.

<b>Justification</b>
Radios for communicating between dispatch and personnel on scene are extremely critical on all responses of the police department. Radios are used every time the police department is responding to any type of call, training, community activity, police department assistance. Technology continues to change and the amount of radio interference "noise" that is in the air around us continues to increase every year. Digital radios have an improved capability to filter out the interference "noise" to assist in ensuring we are able to communicate at all times. Failure to be able to communicate with personnel on a scene puts police personnel's lives at risk given our work environment. This installation will allow for increased coverage and improve our radio communications. In order for our repeaters to seamlessly be co-located on the county radio tower, they need to be compatible with the repeaters, antennas, and filters that the county will be using which means we need to purchase updated repeaters, antenna, filters and then have our repeaters installed on the county radio tower.

**Description**  
 The Police Department would like to expand on the city camera project which was started in 2022. We would propose to add cameras at locations identified as priorities by the Police Department, the Public Works Department, and the Parks and Rec Department. The project would also expand the storage capabilities of the city's camera server as needed to support additional cameras.

**Justification**  
 The original Camera Project did not accomplish as much or install as many cameras throughout the city as was originally intended. A large portion of the original CIP funding was diverted to the area of Smith Park and the Inclusive Playground. This area was only minimally included in the original Camera CIP request.

**Description**  
 A passenger car/sedan is needed to replace an aging sedan which has been in use since 2012. This vehicle is used by the detectives and by officers to travel to court appearances and to out of town training.

**Justification**  
 The current unmarked squad is over 10 years old and we are beginning to experience repairs/costs which will make it costly to operate.

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**

The antiquated paper and ink rolled fingerprint system used by the police department should be replaced with a scanner based system which provides quicker identification of unknown suspects and electronically transmits prints to our law enforcement partners. The live scan system also immediately notifies if the prints are accepted or rejected.

**Justification**

Reduced/elimination of rejected prints and incorrect identifying information.  
Instant ID of unknown individuals who are in the National Database.  
Industry standard.  
Reduced time spent with suspects and improved control of resistive suspects.  
improved workflow and no use of messy ink and related clean-up.

**Description**  
Annual Street Repair & Maintenance -- Funded at \$110,000 in 2023 due to limited Wheel Tax funding

**Justification**  
This is our annual project to do Thin Overlays on designated streets for pavement preservation and life extension. This 3/4" layer of asphalt provides about 10 years of relatively smooth riding surface depending on the underlying condition and the traffic on the street. For streets in the proper condition it will allow extension of good pavements. Streets in poor condition can be extended 4-5 years to stretch budget dollars for reconstruction. Staff may also do a mill and overlay where the contractor grinds out 2 inches of pavement and installs a new 2" layer.

**Description**  
Annual Sidewalk Repair Project.

**Justification**  
This is our annual project to replace broken sections of sidewalk and grind down sections that have heaved to cause a trip hazard. We normally circle the City in 12-15 years. Recently there have been 2 contracts- one to replace complete sections and the other to grind the trip hazards.

Convert gravel alleys to asphalt or reconstruct deteriorated asphalt alleys.

**Justification**  
This project is to convert alleys from gravel to asphalt or redo the asphalt where it has deteriorated. Staff proposes for 2024 the alley north of and parallel to Alden Avenue between Court and Rountree. If this alley is approved, it will need replacement of storm sewer and sanitary sewer as well.

<b>Description</b>
Replacement cycle for the fleet of six 2.5 Ton Dump Trucks.    2024-Replacement of 2013 2.5 Ton Dump Truck.    2026 - Replacement of 2014 2.5 Ton Dump Truck.

<b>Justification</b>
This vehicle is on a 12 year cycle with replacement occurring in even years. 2024-This will replace a 2013 2.5 Ton Dump Truck with plow and wing. This vehicle will put us on the 12 year replacement cycle on even years. We need to watch supply chain. The 2022 vehicle is not scheduled to arrive until fall of 2023 or possibly spring 2024. Do we order the 2024 vehicle early to anticipate receiving it in 2024 or do we wait and possibly have a truck with significant repairs before the new one arrives in 2025 or 2026? Due to supply chain issues, the 2022 truck costs more than originally budgeted and we need to budget funds in 2023 to make up the difference. If the trucks are not replaced on a regular schedule, the resale value goes down tremendously, plus there is a risk of costly transmission, engine or truck body repairs. In addition to cost, any down time during winter can impact plowing.

<b>Description</b>
Sealcoat for trails

<b>Justification</b>
This is to do sealcoating on trails. In 2023, we intend to do approximately 1,200 feet of the PCA trail from the Valley Road bridge to the end of the sealcoating from 2022. We also intend to begin work on the Water Street trail. Sealcoating in 2024 should focus on the trail along Water Street and the next segment of the PCA trail. There was a request to do crackfilling and sealcoating on the Eastside Road segment in 2023 to correspond with the new Southwest Health Center development. This segment is about 4,100 feet long and is expected to cost between \$9,000 and \$10,000. Not funded in 2023, reschedule to 2028. Another trail to review will be Smith Park trail with the new playground. This is a level of effort project. If more funding is allocated, more trails can be sealcoated. If less funding is allocated, trails deteriorate.

**Description**  
Sowden Street from Grace Street to Water Street (792 feet). This will replace the failing asphalt street from Grace Street to Water Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics. This street has undersized 4" water main. The water main between Jefferson and Water has broken at least 4 times in the past 5 years. This project will install a new 8" water main.

**Justification**  
This street is PASER 2 of 10. It was highlighted by Governor Evers' Pothole Patrol this past spring. Construction vehicles on Jefferson have not helped. There may be savings doing Grace and Sowden together.

**Description**  
Replace a 2015 mini excavator.

**Justification**  
This will replace a 2015 mini excavator. It has a useful life of 8 years. This has been a workhorse in the cemetery since we picked up the used mini excavator a few years ago. It is also used to reshape/cleanout ditch lines on residents property with doing little to no damage to yards. If there is another good used mchine, we may be able to save \$15,000 - 20,000

**Description**  
Replacement of worn out fuel pumps and pedals.

**Justification**  
The current fuel pumps and pedals for the Streets department have not been replaced in a long time. Currently the department has been able to make minor fixes to help expand the lifespan of the current equipment but now the parts are no longer available and these minor fixes are not sustainable. They will need to be completely replaced in the near future.

**Description**  
Replacement of East Main Street.

**Justification**  
Replacement of E. Main Street from Water Street to Broadway (739 feet). This will replace the failing concrete street from Water Street to Broadway. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics. This street will replace and relocate the large storm sewer culvert outside the building at 250 E. Main that the waterway currently goes under.

**Description**  
 Replacement of Sunset Drive from College Drive to Main Street (1109 feet). This will replace the failing asphalt street from College Drive to Main Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics.

**Justification**  
 This older 6 inch main has had 4 breaks since 2017. The break near 1190 Sunset in 2019 caused undermining of the street from there to College Drive causing replacement of over 250 feet of pavement. There is a failing metal storm sewer pipe under 4 driveways from 1255 to 1285 Sunset. The Street Division has repaired the storm sewer and driveways of at least one of the houses in the last 3 - 4 years.

**Description**  
 Replaced the first end loader plow blade in 2023. Replace the second end loader plow blade with the end loader replacement in 2026.

**Justification**  
 The current plow blade for both end loaders are well over 10 years old and reaching the end of their useful life. It was not economical to replace the plow when we replaced the end loaders in previous purchases. They have been swapped onto the newer end loaders. We use one end loader with plow only to hold the snow blower. If it held a wing, the wing would have to be removed before using with the snow blower. Staff is recommending the plow with wing in 2023 and the other plow in 2025.

<b>Description</b>
Replacement of Jewett Street.

<b>Justification</b>
Replacement of Jewett Street from Lancaster Street to Hickory Street (370 feet). This will replace the failing asphalt street from Lancaster Street to Hickory Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics. This street has undersized 4" water main. This project will install a new 8" water main for future fire flow connections. <b>If awarded as a BIL Local project, it will be approved for 2027 design and 2028 construction. Replacement of the shop hoist.

**Justification**  
The city has a shop hoist. It is used to lift sedans and other light vehicles to perform under vehicle maintenance safely. It is 12 years old and is approaching its useful life. If the DPW Garage will be funded in 2028, this can be deleted.

**Description**  
Replacement of Camp Street from Hollman Street to Lancaster Street (1796 feet). This will replace the failing asphalt street from Hollman Street to Lancaster Street. It will replace the underground utilities (water, sanitary sewer, storm sewer) and install conduit for future fiber optics.

**Justification**  
This street is failing. There have been numerous watermain breaks between Hollman and Eastman causing undermining of significant sections of pavement. Staff hopes to get DOT funding in the future. If successful, the project cost will escalate to roughly 2,400,000, but the City share will go down to about \$480,000.

<b>Description</b>
Replacement of Gridley Avenue

<b>Justification</b>
Replacement of Gridley Avenue from South Court St to the east end past Rountree Avenue (581 feet). This will replace the failing asphalt street from S. Court Street, past Rountree Ave to the dead end. It will replace the underground utilities (water, sanitary and storm sewer) and install conduit for future fiber optics. This street has not had issues with underground utilities, but has deteriorated pavement. This project will install a new 8" water main.

**Description**  
Replacement of Cedar Street from Chestnut Street to Fourth Street (581 feet). This will replace the failing asphalt street from Chestnut Street to Fourth Street. It will replace the underground utilities (water, sanitary sewer, storm sewer) and install conduit for future fiber optics.

**Justification**  
This street is failing. It has undersized 4" water mains. It would be the last section of Cedar Street to be reconstructed.

 Replacement of Insight Drive from Business 151 to south end (1320 feet). This will replace the failing asphalt street from Business 151 to south end. It will replace the underground utilities (water, sanitary sewer, storm sewer) and install conduit for future fiber optics.

**Justification**  
 This street is failing. The initial part was constructed in 1988. It has had a lot of heavy truck traffic and held up well.

**Description**  
Extend storm sewer at Fastenal to go under the driveway and the trail to the Rountree Branch.

**Justification**  
This project is to extend storm sewer at Fastenal on Business 151 to include upsizing the storm sewer, continuing the storm sewer under the Fastenal driveway and continuing the storm sewer under the MPO trail to the Rountree. It was discovered during the Bus 151 project that storm sewer crosses the highway, then extends in the north ditch. To minimize costs under the DOT project, it was decided to open the tube and rip rap the end. It will slow the water, fill the holding area, then spill into the ditch. It will flow under the driveway in the existing culvert. It will go overland through scrub trees, then in a small culvert under the trail. This project will properly size the pipes, close the ditch and include an inlet for ditch water, it will slow the water, and pipe it to the Rountree with rip rap to reduce erosion.

**Description**  
Extend curb & gutter on Jackson St to reduce storm water impact

**Justification**  
This project is to extend curb and gutter on Jackson Street. It is a dead end street. The curb ends just after May Street. The Planned Unit Development apartments located east of the current the curb end has requested the city to extend the curb to direct the street water past their property. During a rain, the water pools near the buildings and could cause damage to basements. This project was considered and not funded a few years ago. The property sold and the new owner is requesting consideration.

**Description**  
Replacement of Street Division Equipment Garage

**Justification**  
Replacement of Street Division Garage. The current garage was built in 1968 and is no longer suitable for the needs. The Division has larger equipment, including plows and wings on most equipment. Some vehicles are stored outdoors. Other items are stored in the former ambulance garage on Furnace Street. There is only one unisex bathroom and common locker area for employees. There is no exhaust system to capture the vehicle exhaust and vent it from the building. The boiler is no longer working. This is a very gross estimate. If the project is to continue, staff suggests a consultant to determine the space needs and the budget requirements.

**Description**  
Sowden Street from Grace Street to Water Street (792 feet). This will replace the failing asphalt street from Grace Street to Water Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics. This street has undersized 4" water main. The water main between Jefferson and Water has broken at least 4 times in the past 5 years. This project will install a new 8" water main.

**Justification**  
This street is PASER 2 of 10. It was highlighted by Governor Evers' Pothole Patrol this past spring. Construction vehicles on Jefferson have not helped. There may be savings doing Grace and Sowden together.

<b>Description</b>
Replacement of Camp Street from Elm Street to Lancaster Street (1,162 feet).

<b>Justification</b>
Replacement of Camp Street from Elm Street to Lancaster Street (1,162 feet). This will replace the failing asphalt street from Elm Street to Lancaster Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics. This street has undersized 4" water main. This project will install a new 10" water main for future fire flow connections. Sidewalk to remain and not be replaced. Road may be narrowed to reduce parking and slow traffic. State funding has been received for street construction only in 2025. Water & Sewer needs to be done in 2024.

Due to supply chain issues, we expect the generator to be built and on site in late 2024 to early 2025. The 2023 cost is for final design and bidding. The cost in 2024 is for engineering services and initial construction costs. The bulk of construction costs will be in 2025.

<b>Description</b>
Replacement of 2010 Vacuum

<b>Justification</b>
This tool is utilize primarily in the field where it can be used for a variety of maintenance projects. The project was budgeted for 2023 but is delayed until 2024. The cost has also increased by \$80,000.

<b>Description</b>
Replace Sand Filter Controls

<b>Justification</b>
The sand filters are the final step in removal of particles before disinfection, dechlorination and discharge to the Rountree Branch. The filters are OK for now, but the control system is a combination of electronic and pneumatic controls that are over 40 years old. Many parts are no longer made. The system is currently controlled by hand instead of using automation. If the Multi-Discharger Variance (MDV) is not extended in 2027, then the entire sand filter process will need to be upgraded at a cost of over \$3.5 million to remove phosphorus. Update: Engineering design of \$50,000 in 2023 and \$750,000 for replacement of controls, valves and additional items in 2024.

<b>Description</b>
Replacement of 2 of 4 Sludge Pumps. One pump will be for the Primary sedimentation tanks and the other for the Intermediate Sedimentation tanks.

<b>Justification</b>
The current pumps are approximately 40 years old. They have been rehabilitated a number of times and parts are difficult to acquire. There are two sludge pumps for the Primary tanks and two sludge pumps for the Intermediate tanks. We replaced 2 of 4 in 2022 and the other 2 pumps are scheduled in 2024 to divide out the costs and to spread out the time when they will need to be replaced in the future.

**Description**  
 Replacement of Jefferson Street from Cedar Street to Lewis Street (792 feet). This will replace the failing asphalt street from Cedar Street to Lewis Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics.

**Justification**  
 This street has undersized 4" water main. This project will install a new 8" water main. There are a number of houses that have waited to replace lead service lines to coordinate with street construction that was delayed from 2023. We intend to keep sidewalk on the east side only in this block.

<b>Description</b>
Design planning for RAS/WAS Pumps design replacement.

<b>Justification</b>
The RAS/WAS secondary sludge pumps are closer to the end of the sewer plant where we have sludge build up and remove it from the plant to digesters. RAS stands for Return Activated Sludge which is continuously pumped back into a biological treatment tank as part of the treatment process. This includes Motor Control Centers (MCC) as well as SCADA upgrades to include these items. One set in 2024-25 and the other set in 2026-27.

**Description**  
 Replacement of Sunset Drive from College Drive to Main Street (1109 feet). This will replace the failing asphalt street from College Drive to Main Street. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics.

**Justification**  
 This older 6 inch main has had 4 breaks since 2017. The break near 1190 Sunset in 2019 caused undermining of the street from there to College Drive causing replacement of over 250 feet of pavement. There is a failing metal storm sewer pipe under 4 driveways from 1255 to 1285 Sunset. The Street Division has repaired the storm sewer and driveways of at least one of the houses in the last 3 - 4 years.

Replacement of Biarritz Boulevard from Water Street to east end (475 feet). This will replace the failing sealcoat street from Water Street to the east end. It will replace the underground utilities (water, sanitary sewer and storm sewer) and install conduit for future fiber optics.

**Justification**  
This street has an 8" water main. This project will install a new 8" water main. There was a water main break in this cast iron line in 2020. The street was not paved in asphalt when constructed due to costs. The surface is failing and it cannot be easily patched.

**Description**  
 The trickling filter is a type of wastewater treatment system. It consists of a fixed bed of material which sewage and other wastewater flows downward and causes a layer of microbial slime to grow. The media needs improvement.

**Justification**  
 The scope of this project has been downsized, as staff believe we can just replace two layers of media instead of the full thickness. The Trickling Filter pumps and motors are part of the TF Pumps design and construction project.

<b>Description</b>
Pumps and motors Design and Construction for the Trickling Filter

<b>Justification</b>
We are replacing Primary Sludge Pumps in 2022 and 2024. We are replacing Influent Pumps and Digester Sludge Pumps in 2023. We are replacing RAS/WAS Pumps in 2025. This will do the designs for the Trickling Filter pumps, Motor Control Centers (MCC), SCADA upgrade. This to coincide with the media replacement in 2026.

**Description**  
 Replacement of Madison Street from Water Street to Second Street (1202 feet). This will replace the failing asphalt street from Water Street to Second Street. It will replace the underground utilities (water, sanitary sewer, storm sewer) and install conduit for future fiber optics.

**Justification**  
 This street is failing. It cannot be widened unless we acquire right-of-way. It will connect 12" water main at Water Street to 10" water main on Madison at Second.

<b>Useful Life:</b> 25-35 years

<b>Description</b>
Design cost necessary for future year capital improvement projects

<b>Justification</b>
The purpose of influent pumping is to lift the incoming untreated sewage from the terminus of the several interceptor sewers up and into the headworks from where the sewage can flow by gravity through the other treatment processes. The major cost is for the electrical Motor Control Center (MCC) that is hooked into the SCADA system.

 Replacement of Camp Street from Hollman Street to Lancaster Street (1796 feet). This will replace the failing asphalt street from Hollman Street to Lancaster Street. It will replace the underground utilities (water, sanitary sewer, storm sewer) and install conduit for future fiber optics.

**Justification**  
 This street is failing. There have been numerous watermain breaks between Hollman and Eastman causing undermining of significant sections of pavement. Staff hopes to get DOT funding in the future. If successful, the project cost will escalate to roughly 2,400,000, but the City share will go down to about \$480,000.

<b>Description</b>
Replacement of Gridley Avenue

<b>Justification</b>
Replacement of Gridley Avenue from South Court St to the east end past Rountree Avenue (581 feet). This will replace the failing asphalt street from S. Court Street, past Rountree Ave to the dead end. It will replace the underground utilities (water, sanitary and storm sewer) and install conduit for future fiber optics. This street has not had issues with underground utilities, but has deteriorated pavement. This project will install a new 8" water main.

<b>Description</b>
Replacement of Sludge Cake Building

<b>Justification</b>
The current sludge cake building is too small for meeting the DNR requirements based on sludge production increases due to the dairies. It is not economical to just "add on" to the existing building due to placement on site and the rock behind it. Due to age, and size needed, it is better to replace the current building with a new one. Update: Investigating methods to reduce sludge production that MAY eliminate the requirement for a new building.

There will be some minor costs for doing pilot testing of new rare earth solutions to see if sludge volume is reduced. If the new solutions are accepted, there will be increased operational costs for chemicals, but avoidance of \$1.45 million of construction costs.

<b>Description</b>
Anaerobic Digester Design

<b>Justification</b>
The secondary digester is the original digester from the 1940's. Anaerobic digestion is the process through which bacteria break down organic matter. The digester take sludge, manure and other organic waste materials and produce methane. This replacement is to ensure the plant continues to operate at a high efficiency.

Mowers are required to maintain our parks.

**Justification**  
We would like to maintain a replacement cycle of three years for all of our mowers. We currently have four mowers with an ideal fleet of two larger 72" mowers with cabs, which are also used for snowplowing in the winter, and two zero turn mowers (x1 60" and x1 72"). Ideally we would be replacing either one of the larger mowers or both zero turn mowers each year: ex) 2022 larger mower, 2023 larger mower, 2024 zero turn mowers, 2025 larger mower, etc.

Harrison Park is the oldest of our current playgrounds and should be replaced. Along with this we have noticed other park playgrounds are in need of attention.

**Justification**  
We are starting to see some equipment in several parks deteriorating to the point where they do not meet current standards for playgrounds. To fix this we hope to set in place a contingency for playground equipment to uphold the parks to an acceptable standard.

**Description**  
Replacing worn down water fountains.

**Justification**  
Currently water fountains in City parks are leaking due to worn or broken seals and need to be replaced. If the seals are not the problem, due to the Covid-19 pandemic making them dormant resulted in a negative impact on the lifespan of these fountains since they were not being used. We are hoping to replace at least 2-3 fountains a year over the next five years.

 A shelter in the style of a silo is part of our Comprehensive Plan to replace the small shelter in Legion Park. This project was included in the 2023 CIP budget to be funded through grants and/or donations. Funds have not been identified or secured.

**Justification**  
 The current shelter was not in good shape and the plan to replace it with a silo shelter would help to complement the Broske Center. During 2023 the current shelter was irreparably damaged during a storm.

**Description**  
Several years ago we identified a list of potential locations for security cameras. The Security Camera CIP project budget was not enough funding to cover the below camera.

**Justification**  
Security cameras would help us protect the investment in the Broske Center and help to reduced costs at the City dumpsite, by better controlling who is using the site. We hope this will result in a reduction of park vandalism.

**Description**  
To construct a garage for the Parks department to not only store vehicles but work on Parks related projects as well in a heated area during the winter months. This budget amount could potentially fund conversion of an existing building.

**Justification**  
Currently the Parks department only has a one truck bay that allows them to work in a heated shop during the winter. This is very troublesome considering Parks staff are called on to plow and maintain numerous alleys, roads and sidewalks throughout the City. Often this equipment needs maintenance and repairs that have to be done in unheated storage sheds. If the Parks department is going to be asked to continue these operations outside of what would be Parks operations then at a minimum a heated shed is need to maintain this equipment.

**Description**  
Renovation of dirt/gravel at Highland Park to create 6 parking spots with 1 handicapped spot.

**Justification**  
Highland Park has not had any upgrades nor improvements in a number of years. Often the park is easily overlooked, except by those in the surrounding neighborhood who use it a great deal. Currently the park entrance has a small parking area made up of gravel and dirt that is connected to the street by a curb cut. This entrance is hard to find and the current parking area is unappealing for some, contributing to the reasons the park is overlooked. The area for the parking lot is ideal to put in six parking spots and one handicapped spot as well. It would require very little excavating to prep and would enhance the park's overall access and appearance.

**Description**  
Purchase of a Skid Steer with tracks.

**Justification**  
The purchase of this skid steer, specifically one with tracks would allow for the easy maneuverability when parks staff are working. Currently the equipment available is susceptible to minor inconveniences and creates a delay in projects. With this equipment the Parks department would be able to work more efficiently.

<b>Purpose:</b>	8 -New Program/Service

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**  
Creation of an amphitheater for the City

**Justification**  
The construction of an amphitheater would result in a new opportunity for the City of Platteville to encourage the growth of appreciation for the arts and build culture economy. Allowing the City to create and show off the creativity of its community. This new amphitheater would allow for a place for the community to join together and allow creative minds to cultivate and enrich our City.

**Description**  
 Addition of two handicap stalls as well as make improvements to park bathrooms to allow better accesibility to park visitors.

**Justification**  
 As the City wishes and continues to improve its Parks accessibility, Harrison Park would be a primary target. There is an ideal location to install a two stall handicap parking lot which would provide access to the restrooms. Modifications of the restrooms would also be made to accomodate for handicapped patrons.

**Description**  
 This project was budgeted 2023. However, the water heaters at the pool bath house were repaired instead of replaced which has added approximately three years to their life. The replacement is now extended to 2026.

**Justification**  
 One of two water heaters has been broken for nearly ten years. We have been operating with one, but should look to replace these aging units.

**Description**  
Repair blacktop area for use by pool staff.

**Justification**  
The lane currently used by pool staff is in poor condition and is degrading further as it is used. There is a need for expansion and repair so the continued use does not ruin the parts of the blacktop still in good condition.

<b>Priority:</b>	3 -Preventive Need/Public Benefit/1-2 Years
<b>Purpose:</b>	4 -Scheduled Replacement

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**  
 Replacement of Technological devices in the Library for both public and staff use. These include staff laptops, docking stations, printers, and computers made available to both adult and youth patrons. Other items include updating storage servers for the Library as well as renew or replace firewall for Library internet protections. The numbers provided are a reflection of the current numbers on the Library's technology replacement plan.

**Justification**  
 The library being a provider of technological resources to the public, it is important that library technology is able to meet the the needs and ask of those wanting to use these resources. To maintain good quality of the library's technological resources, it is important to follow the library's schedule of replacement.

**Description**  
 Project addresses safety and revenue flow need for off-street parking by acquiring an adjacent private property owned by longtime former museum director Steve Kleefisch, and creating an off-street parking facility. The project timeline is based on acquiring the property in two payments (one in 2023 and one in 2024) and then constructing the parking facility in 2025. The first payment was to be funded by General Funds reserves and was included in the 2023 budget for \$90,000.

**Justification**  
 Currently, the Museum does not have any off-street parking and relies on street parking in surrounding neighborhoods used for residential needs. This results in fewer available spots for museum visitors and creates safety and property damage issues. A museum employee vehicle was struck and badly damaged in 2023, and two museum employee vehicles were totaled in 2020 — all while parked on Main Street during work hours. This parking situation causes safety and inconvenience concerns that can deter visitors, especially during busy times like weekends and special events. A comprehensive study of the requirements and options for solving the museum parking problem was conducted under a 2019 semester-long UW-Platteville Department of Civil & Environmental Engineering senior design project supervised by faculty members. This study (available upon request) guided the justification for selecting the parcel, and provided cost estimates for the acquisition of the property as well as construction of the asphalt parking lot according to municipal codes.

<b>Useful Life:</b> 15 Years+
<b>Priority:</b> 1 -Mandated/Mission Driven/Immediate Need
<b>Purpose:</b> 2 -Current Equipment/Facility is Obsolete

Note: Program/Project Name and # Referenced on Department Summary Sheets.

**Description**  
 Project includes incremental improvements to baseline accessibility of Rock School building. Make Rock School functional with "as-is" finishes for tours, workshops, and staff workspaces by adding missing lower level HVAC and replace missing glass, damaged finishes, and nonworking light fixtures to make presentable for \$25,000 in 2023. The 2023 budgeted amount will be requested for carryover if not utilized in 2023. In 2024 add upper level HVAC system along with repairing and replacing remaining work not covered in 2023 for cost of \$32,500 - \$57,500 total project cost.

**Justification**  
 Currently the accessibility and revenue potential of the Museum is hindered by architectural issues in its two main buildings: the Rock School is totally closed to the public. This project would include incremental improvements (rather than comprehensive restoration) in basic working spaces of the Museum as recommended in the Preservation & Long-Term Facilities Maintenance Plan and the Museum Site & Facility Comprehensive Plan to increase revenue and usability. These incremental improvements will increase access and revenue streams while the Museum continues to prepare for a future phased comprehensive renovation that will ultimately tackle additional preservation and building improvement work.

**Description**  
 This project will complete energy audit that completes a comprehensive HVAC study. The project was included in 2022 and 2023 to be funded by grants, but grants were not awarded.

**Justification**  
 This project includes an ASHRAE Level 2 Energy Audit and will look at the feasibility of energy efficient mechanical systems for the two primary museum buildings, including geothermal. The study will explore both conventional and renewable options and provide cost and energy savings information for each along with analysis of how well each type of system will meet the museum's HVAC requirements. If the audit resulted in replacement of the current system, it would address breakdowns and reduce future utility costs.

<b>Description</b>
Project includes incremental improvements to baseline accessibility of Hanmer Robbins building. Improve admission/ticketing accessibility and expand retail operation by moving administrative office to current unfinished adjacent workroom, and converting current offices to expanded retail matching existing finishes. The project was included in 2023 CIP Comprehensive Plan but was not funded in the 2023 CIP Budget.

<b>Justification</b>
Currently the accessibility and revenue potential of the Museum is hindered by architectural issues in its two main buildings: Rear (handicap) entry and functionality of the Museum Store in the brick Hanmer Robbins building is impaired by the location of the administrative offices. This project would include incremental improvements (rather than comprehensive restoration) in basic working spaces of the Museum as recommended in the Preservation & Long-Term Facilities Maintenance Plan and the Museum Site & Facility Comprehensive Plan to increase revenue and usability. <b>Description</b>
Annual Replacement of (5) portable radios and (2) mobile radios.

<b>Justification</b>
Radios for communicating between dispatch, responding apparatus, and personnel on scene are extremely critical on all responses of the fire department. These radios are used every time the fire department is responding to any type of call, training, community activity, police department assistance. Technology continues to change and the amount of radio interference "noise" that is in the air around us continues to increase every year. Digital radios have an improved capability to filter out the interference "noise" to assist in ensuring we are able to communicate at all times. Failure to be able to communicate with personnel on a scene puts volunteer firefighters' lives at risk as we are often working in hazardous environments. Although our current radios were very good quality when purchased in 2007, they were not fire service rated radios meaning they were not designed to operate extensively in these harsh conditions and as with many electronics, have reached the point they need to be replaced. Additionally, in order for us to be fully interoperable with Grant County's new radio system that is being installed, our radios will need to be replaced so they have the current technology to be completely compatible with the new radio system as our current radios do not support the updated technology. We need to replace 5 portable and 2 mobile radios a year to keep up with maintain our 50 portable and 20 mobile radio inventory.

**Description**  
Establish a contingency fund that will allow annual funds to be allocated to the future replacement of critical building infrastructure.

**Justification**  
With a new fire station building in the near future, we want to establish a contingency fund for the building that would be used to cover the cost of replacing items like boilers, HVAC, lighting, garage doors, roof, parking lot surfaces, and any other building maintenance that will need to be completed as these items will wear out prior to the building itself. If we begin allocating a small amount each year, we will have the funds available to replace these critical building infrastructure items when they have reached their useful life and need to be updated. We would look to have the funds build within the account so as some years the needs would be lower than others but having an annual amount budgeted would allow us to plan the replacement schedule so that we can stay within the available funds of this building contingency fund.

Establish a contingency fund that will allow annual funds to be allocated to the replacement of continually aging equipment.

**Justification**  
As our equipment is often used in very harsh environments, it must be replaced on a regular timeframe. We need to have a fund established that allows for a smaller annual commitment from the CIP budget that will allow us to develop a replacement schedule for equipment to be maintained. We have annual needs to replace fire hose, nozzles, thermal imaging cameras, hand tools, adapters, valves, and many other equipment items that are used on a regular basis. We would look to have the funds build within the account as some years the needs would be lower than others but having an annual amount budgeted would allow us to plan the replacement schedule so that we can stay within the available funds of this equipment contingency fund.

<b>Description</b>
Construction of a new fire station facility.

<b>Justification</b>
The current Fire Station built in 1964 is continually aging and has becoming undersized for today's fire vehicles. Emergency vehicles have become larger in size over the past 50 years making it very difficult and, in a few cases, impossible to fit replacement apparatus in the current fire station. A small modification was made to the current facility a few years ago as a temporary "bandaid". Constructing a new Fire Station will allow us to update the facility to make it code compliant, ADA compliant, carcinogen safe, and energy green while allowing the Fire Department vehicles to be in a ready state in a facility that allows for the safe operation of the Fire Department. The recommendation for a new fire station was identified in the final report of the Fire Department Comprehensive Analysis completed in early 2021. The design of the new fire station began in 2022 with a goal of having finalized and approved design and building plans completed by the end of 2022. This would be the City's fire station funding required that was not federally funded.

<b>Justification</b>
Vehicle extrication equipment have become standard equipment for fire apparatus responding to vehicle crashes and in recent years as the result of design changes in the automotive industry, are commonly used in vehicle fires to gain access to the engine compartment for fire suppression. The current extrication equipment was partially purchased in 2011 with the remainder of the current equipment over 20 years old. Extrication equipment manufacturers put a life expectancy on rescue tools at 10 years as the automotive industry continues to change the materials used in manufacturing vehicles. High-Strength Steel and composite materials are becoming increasingly common in today's vehicles making it difficult to cut or spread these materials to gain access to a patient trapped in a vehicle as a result of a crash. There is a golden 1 hour rule where it is critical to get a patient to the hospital within 1 hour of the crash. Ensuring our equipment is capable of handling today's vehicles allows us to be efficient and capable of getting patients entrapped to the hospital within that critical hour.

**Description**  
Replacement of Fire Department Command Vehicle.

**Justification**  
This is a scheduled replacement of the Fire Department command vehicle as it has a 10-year life expectancy. This vehicle was a hand me down squad car from the Police Department and has 134,325 miles on it. As the vehicle is used on a dialy basis, it is essential that it is in good condition to support emergency response in a safe manner. If the Enterprise Fleet Program is expanded and this vehicle was added to the program, it would be scheduled to be replaced every 60 months and have all the standard maintenance costs included in the lease program. I believe it may be cost beneficial to add this vehicle to the Enterprise Fleet Program.

**Description**  
Replacement of Fire Department UTV unit, Fire Pump/Rescue Skid, Emergency Lighting Upfit, and trailer for hauling.

**Justification**  
This is a standard replacement of fire department UTV unit which is equipped with a fire suppression system as well as a rescue skid. It is used for disaster responses and any remote incidents where it is difficult to access with a full-size vehicle. The unit it would be replacing was purchased in 2008 and will be 17 years old. The life expectancy of these vehicles is 10 years. We were unable to replace this apparatus at its scheduled date due to fire station limitations. The new UTVs are taller and will not fit an enclosed trailer and will require an open trailer. This project cannot happen until there is a new fire station that can house the open trailer as the UTV will be exposed to the elements. This would also be a joint purchase with the Townships where they would cover approximately 75% of the cost and the City would cover 25% of the cost. We also will submit a DNR wildland grant to assist in some funding, but the amount is unknown at this time.

**Description**  
 Replace & expand severe weather warning siren system.

**Justification**  
 The severe weather warning system is approximately 25 years old and needs to be upgraded and expanded to meet the growing size of the city. The upgrade and expansion of the current system will ensure that all citizens can receive notification of dangerous weather conditions coming through the area to minimize potential injuries should a damaging storm pass through the area. The current system is not capable of notifying all citizens as each siren has a limited coverage area.

**Operating budget impact**  
 There would be a slight increase in Emergency Management budget for an increase in utility cost if additional siren locations are added but would be minimal. There would also be an increase in the annual maintenance cost as the batteries in each siren must be replaced every 2 years.

**Description**  
Replacement of Fire Department Pumper Engine 8.

**Justification**  
This is a scheduled replacement of fire department Engine 8 which is pumper unit. This will become the primary fire engine for the City and each of the City fire engines are spaced out 10 years apart and on a 30 year replacement cycle. To continue to maintain our ISO 3 rating it is important that we replace our engines at this interval. This is one of the most used apparatus on the fire department and responds to all fires and incidents within the City. Time from ordering to delivery estimated at 3 years. Payment may be required in year of order.

**THE CITY OF PLATTEVILLE, WISCONSIN  
COUNCIL SUMMARY SHEET**

<b>COUNCIL SECTION: INFORMATION &amp; DISCUSSION ITEM NUMBER: VII.</b>	<b>TITLE: Award of DOT and DNR Trail Grants</b>	<b>DATE: August 22, 2023</b>
		<b>VOTE REQUIRED: None</b>
<b>PREPARED BY: Howard B. Crofoot, P.E., Director of Public Works</b>		

**Description:**

City Staff, with much assistance from Grant Writer Angie Wright, submitted multiple applications for DOT – STARS grants to provide up to 80% of the cost of a project fostering Surface Transportation Alternatives for Rural Schools. We submitted four applications to support paving and lighting the current gravel trail from the Rountree Branch Trail to Fairfield Drive. Phase 1 being from the Rountree Branch Trail to Mitchell Hollow Road. These grant requests were submitted on March 24. On June 16, we received a letter (attached) awarding us up to \$406,816.80 for Phase 1.

Concurrently, City Staff, with much assistance from Angie Wright, submitted applications to the DNR for Stewardship grants for up to 50% of the cost of the same four phases of projects. These grant requests were submitted on May 1. On August 15, we received a letter (attached) awarding us up to \$131,723.00 for Phase 1.

Between the two grants, the City will need to budget \$30,000 from City funds for half of the design costs. Both grants required Resolutions of support that were passed by the Common Council in May.

Staff must send a signed agreement accepting the DOT grant award by September 15. DNR is requesting that we inform them as soon as possible if we intend to decline the grant. The project would be scheduled for 2024.

**Budget/Fiscal Impact:**

Total Project Cost: \$568,539.80  
DOT Cost Share: \$406,816.80  
DNR Cost Share: \$131,723.00  
City Cost Share: \$ 30,000.00

**Recommendation:**

The Common Council already approved the Resolutions of support. Staff recommends that the City Manager sign the appropriate agreements unless the Common Council wishes a new vote.

Dear Mr. Crofoot,

Congratulations! The Wisconsin Department of Transportation (WisDOT) has approved the following Transportation Alternative Program (TAP) project(s):

<b>Project Title:</b>	<b>Federal Award Limit:</b>
Mound View Trail Connector Phase 1	\$406,816.80

Section 85.021 of the Wisconsin Statutes requires TAP projects to commence within four years of the project award date. Please note that the date of this letter constitutes the project award date and as such begins the four-year commencement deadline. A representative from the Wisconsin Department of Transportation region office will follow up with you regarding project execution.

**It is important that you not incur any project costs until receipt of notification from WisDOT that your project is authorized to receive federal funding.**

In the interim, if you have any questions, please contact the WisDOT Statewide TAP Manager, Travis Houle, at 608-266-9656 or [travis.houle@dot.wi.gov](mailto:travis.houle@dot.wi.gov).

Thank you for participating in the WisDOT Transportation Alternatives Program. We look forward to collaborating with your community to make this project successful.

Sincerely,

June 22, 2023

Platteville, WI 53818

Dear Administrator Langreck,

This will advise you that the 2023 (Fiscal Year 2024 Funding) project rankings and recommendations for outdoor recreation grant assistance funding for State Stewardship, Federal Recreational Trails Program (RTP) and Federal Land & Water Conservation (LWCF) programs are now complete.

I am pleased to inform you that the City of Platteville's application for the **Mound View Trail Connection Phase One (Rountree Branch Trail to Mitchell Hollow Rd)** project has been tentatively selected to receive a Stewardship grant in the amount of **\$131,723** from our Stewardship Acquisition and Development of Local Parks (ADLP) sub-program. The 2023 grant cycle was very competitive. The Department received 95 applications statewide requesting more than \$28 million in grant assistance for public outdoor recreation projects.

This letter represents tentative selection of your project for grant funding. Prior to execution of final grant agreements, I will work closely with you to update project details (set scope of work) and complete all reviews, approvals, and consultations required under applicable federal laws, state statutes, and administrative rules. These awards are contingent on successful completion of the review and approval process. Please note that the final grant amount may change based on updated project information and detailed review of eligible project costs. I will contact you soon to discuss next steps. ***The City should not start construction, prior to execution of signed grant agreement unless it is willing to assume the risk of absorbing those costs.***

If you are no longer interested in receiving these grants, please let me know as soon as possible so that the Department can contact other applicants on the ranked list of projects regarding tentative grant awards.

I will remain as your primary Department point of contact for this project. Please call me at (608)516-9560 or email me at [Cheryl.Houlsey@wisconsin.gov](mailto:Cheryl.Houlsey@wisconsin.gov) at any time.

Again, congratulations on the tentative selection of your project. I look forward to working with you.

Sincerely,

*Cheryl Housley*

**TITLE:**  
Fire Facility Concepts

**DATE**  
August 22, 2023  
**VOTE REQUIRED:**  
NA

**PREPARED BY:** Clint Langreck, City Manager

**Description:**

The Platteville City Manager and Platteville Fire Chief will be presenting several fire facility concepts for the council's future consideration. The presentation will give 1) a summary of the background and history of the project, 2) a review of concept development, 3) a review of the initial presentation given by our architect and construction manager, 4) concept options for consideration, and 5) a layout of the decision points. The presentation will have been reviewed by the Fire Facility Guidance Team and our Design Team prior to August 22. Following the August 22 Common Council meeting we intend to present to our partner townships and our Capital Campaign Team prior to returning to the Common Council in September with a recommendation for consideration.

**Budget/Fiscal Impact**

The concepts under consideration range from an estimated \$12.5m to \$13.4m project.

**Recommendation:**

To be given by the City Manager in September.

# Platteville Fire Station Concept Options: August 22<sup>nd</sup> 2023

Presented by: Ryan Simmons,  
Platteville Fire Chief and Clint  
Langreck, Platteville City Manager

Version: 18082023

# Preference

## The goal of this exchange is to answer these broad concepts:

- 1) What shape will the station be?
- 2) What location will it be built on?
- 3) How will it be relatively positioned on that site?
- 4) What alternate features are desired?
- 5) What estimated cost-point is acceptable to continue planning?

Decision Points

# Background and History

## Decided to Launch a Study to Identify Problems

# Background and History

- Envelope Repair due to age
  - Tuckpointing, sealants, window replacements, etc.
- Inadequate Parking
- Apparatus Bay is significantly undersized
  - Vehicles parked outside
  - Lacks air ventilation and exhaust removal system
- No room for growth
- Entryway not welcoming for guests
- No vestibules to exterior doors for climate control
- Roof leaks

## Study of current station:

Limited personal decontamination (Decon) area

No personal laundry

No Decon showers

No Gear Turnout locker room

Desired Spaces:

Study Space

Gender equitable toilets / showers

Gender equitable dorms

Privacy/Mothers room

Administrative office space

# Background and History

## Study of current station:

- Non-Code Compliant:
  - No panic hardware on exterior doors
  - Handrails to stairs
  - Landing for stairs
  - Exterior envelope would not meet today's energy code
  - Toilet room on lower level
- Non-ADA Compliant:
  - No elevator to second floor
  - Clearances throughout apparatus bays
  - Toilet rooms in general not compliant:
    - Toilet heights, grab bars, knee clearances, turn radi,
  - Push/pull clearances not met at certain doors
  - No ADA sink in kitchen
  - No knee space in bathroom sinks
  - No compliant parking stalls
- Materials have asbestos – fine if not touched. Would have to be abated if renovated

# Background and History

## Assessment of current 60-year-old station

### Positives:

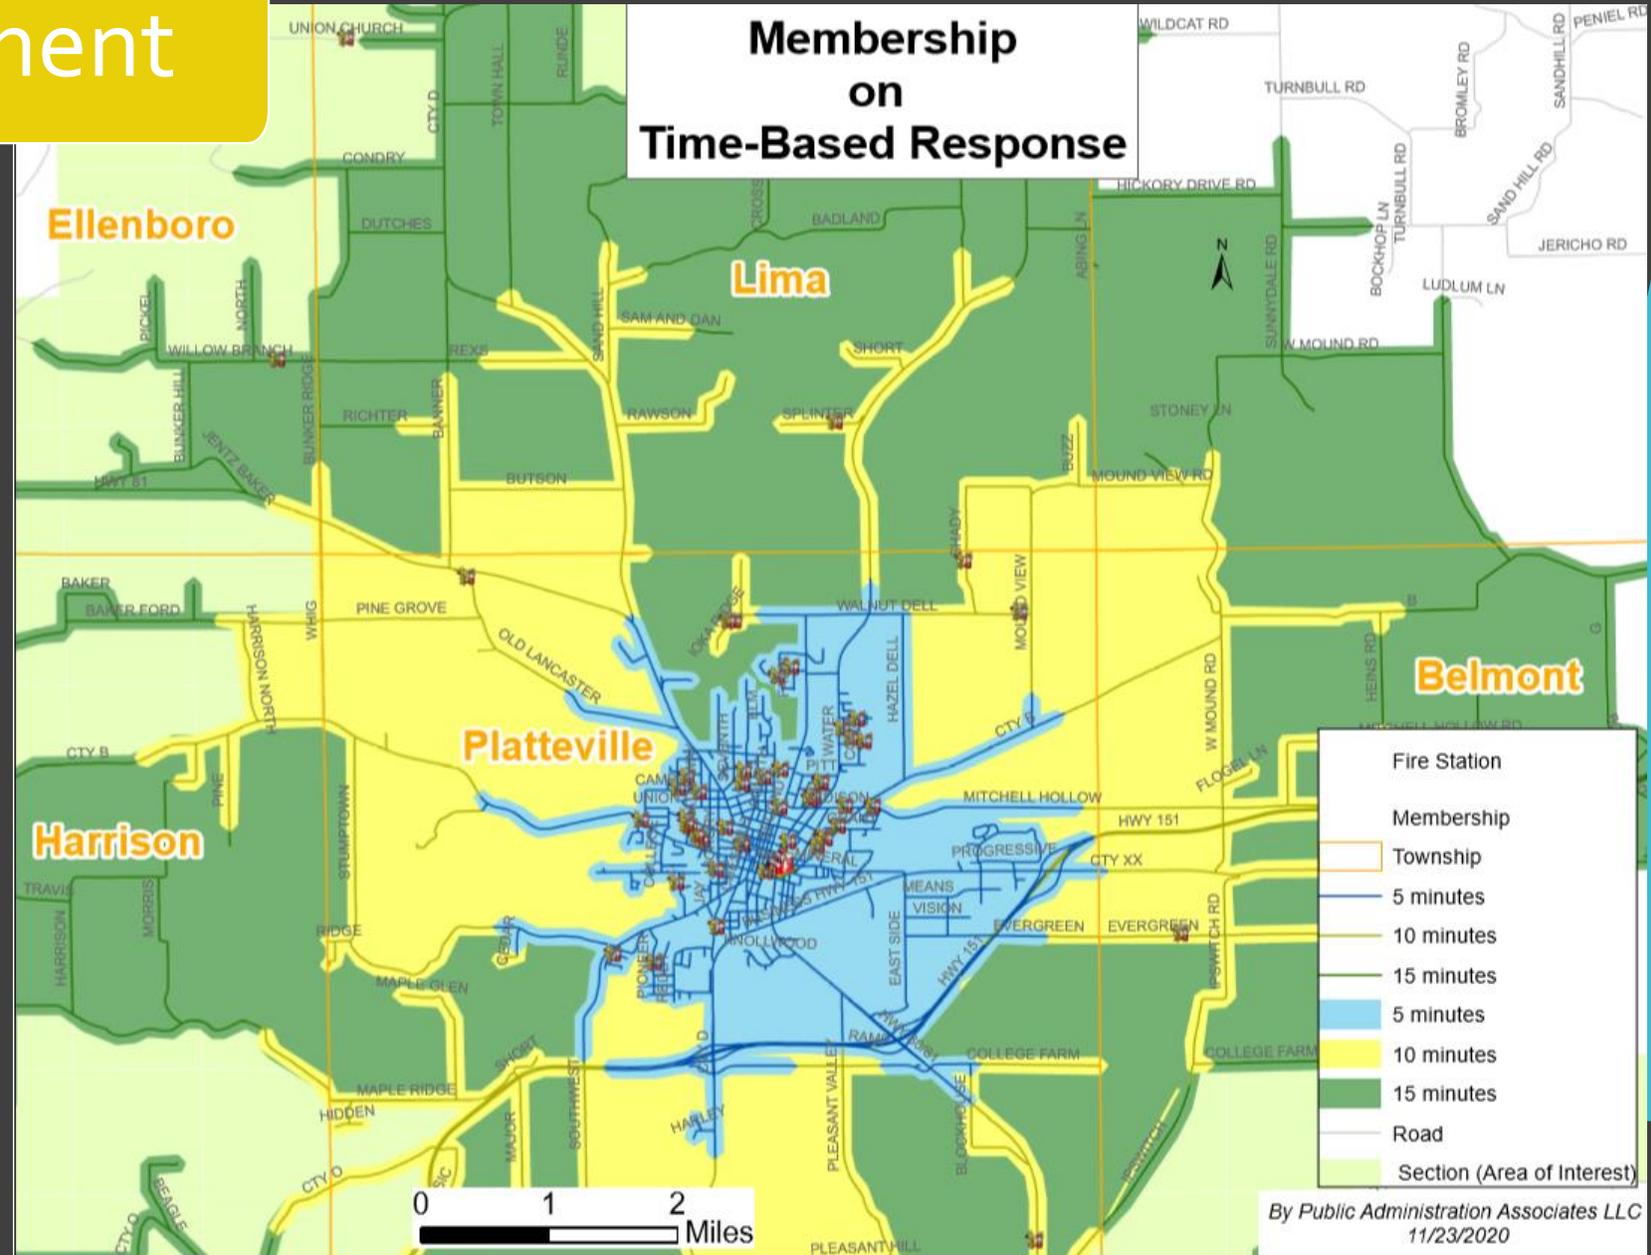

- Good Location
- Meeting Room
- Museum

### Negatives:

- SAFETY - Lacks modern safety features and space for best practice
- Apparatus Floor
- Cleaning/Decon
- Office Space
- Turnout Gear Storage
- Public Entrance/ Parking
- Overnight Accommodations

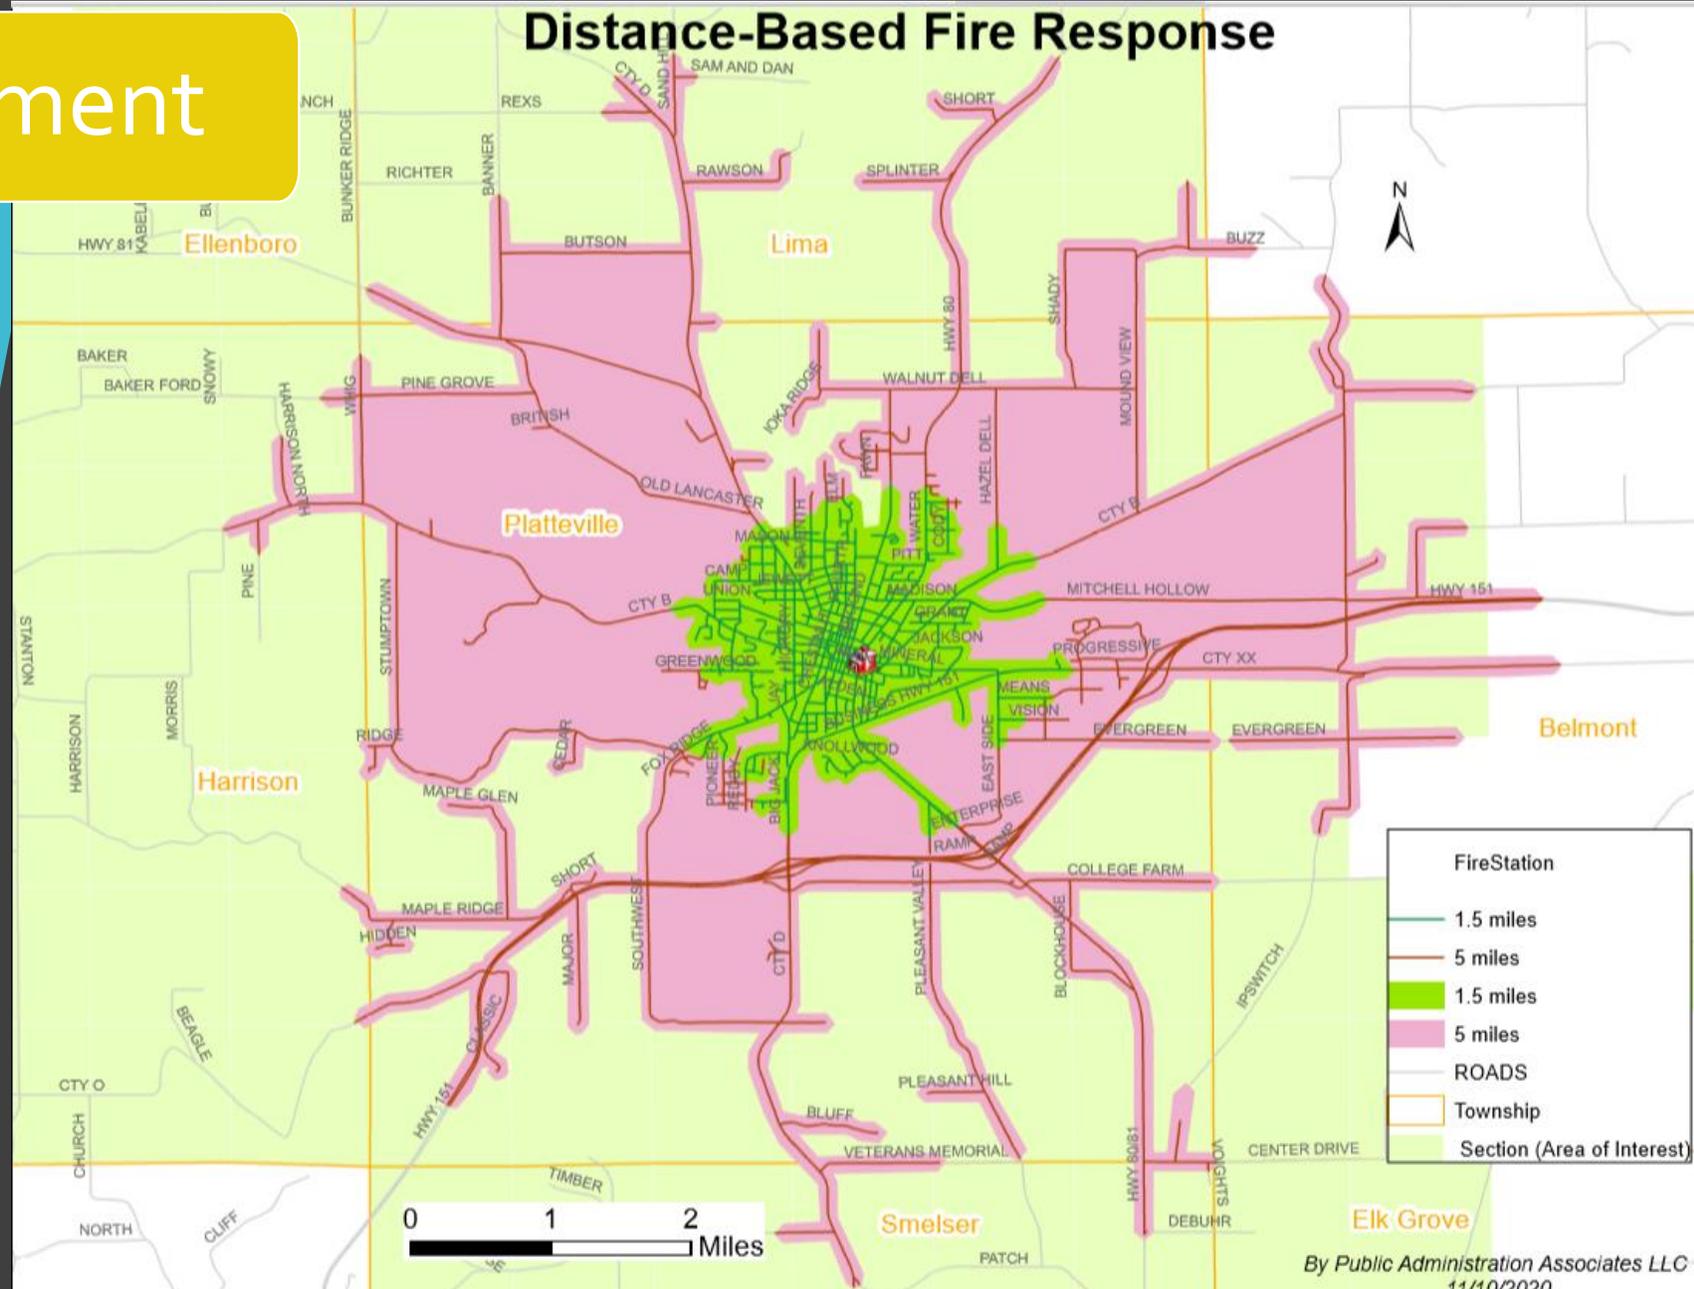

# Concept Development

## East Main: Too small.

Six bays needed for current apparatus doesn't fit.

## Water St: Small.

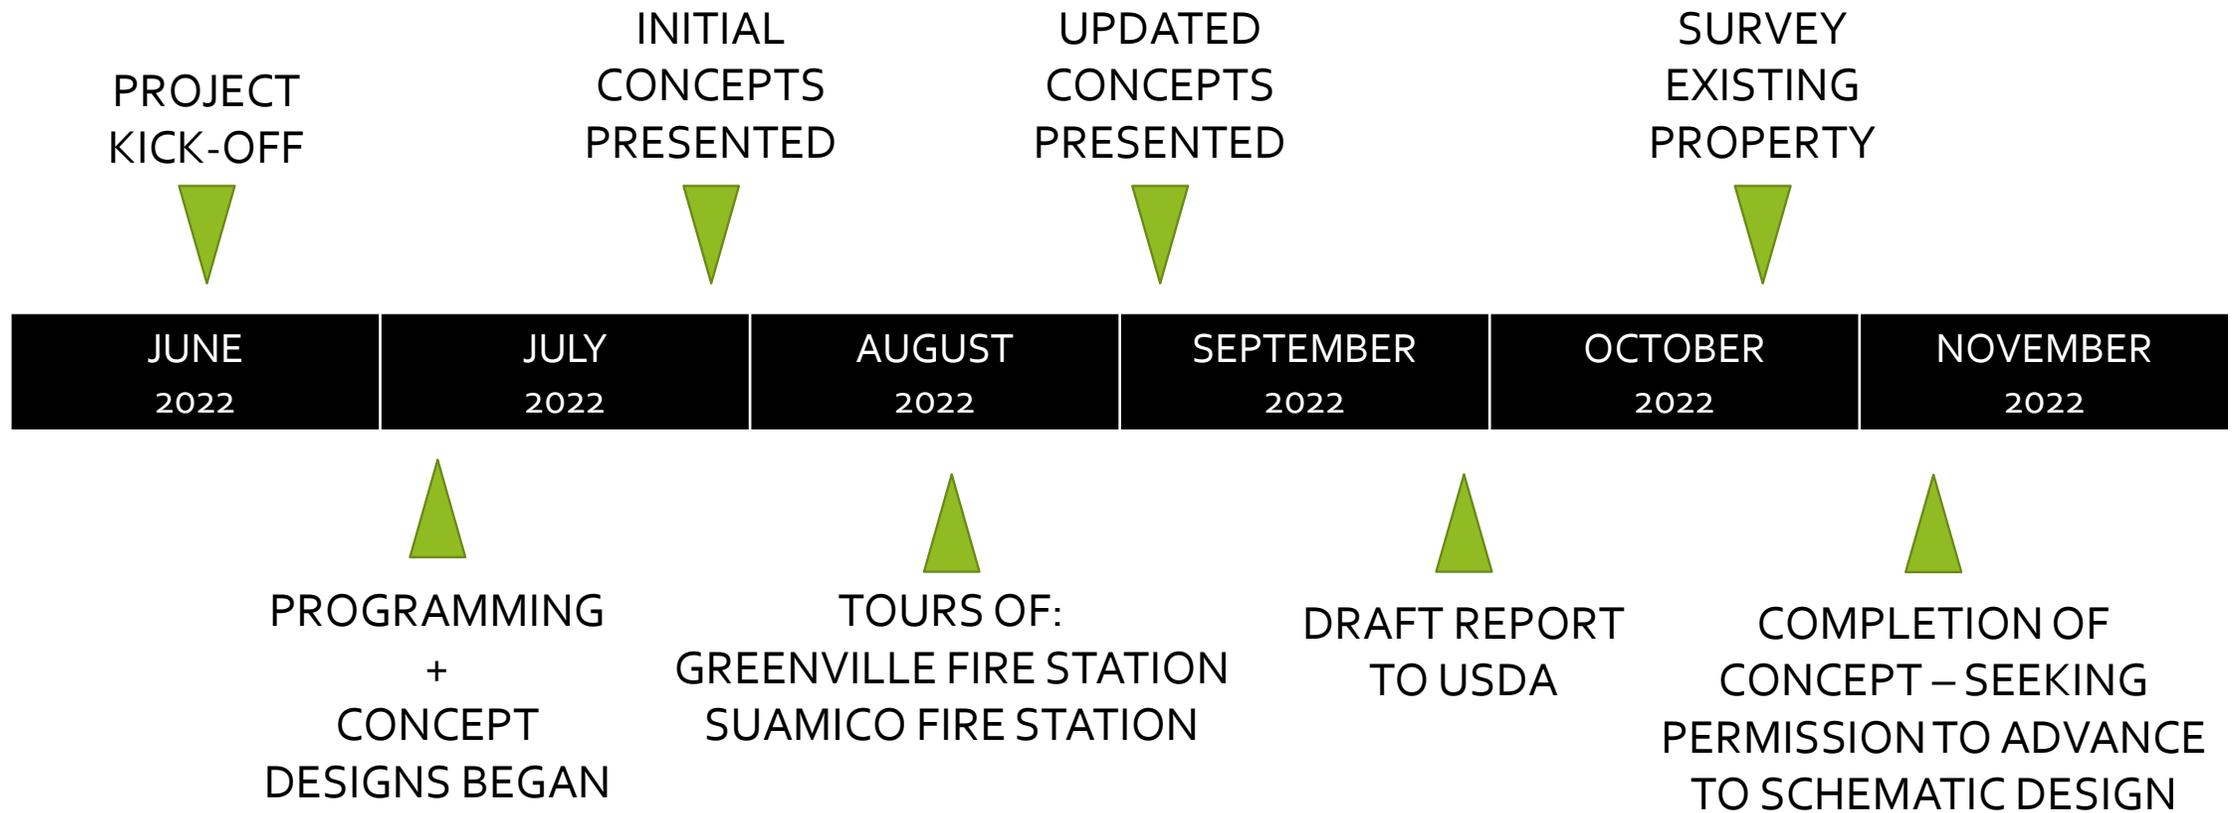

Need three stories and challenges with parking, storm water, site safety, etc.

## Adams/Lewis: Most opportunity.

Has room for growth but has slope to account for.

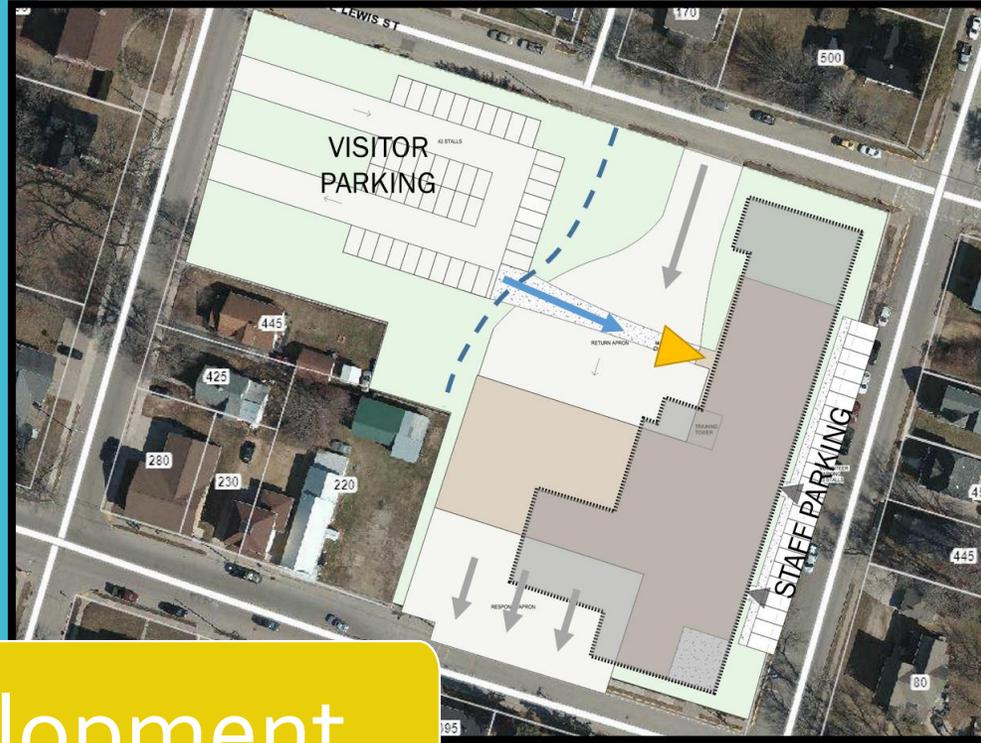

# Concept Development

Decided to Begin Design  
(Wendel-Five Bugles)

- O.E. Gray facility was not meant to be an emergency response building
- Too big... yet not big enough space in right spots; poor operational flow through the building
- Built very close to property edges
- Would require significant demolition and reconstruction

Platteville, WI 53818

Subject: Letter of Conditions for Congressionally Directed Spending grant to:  
City of Platteville

Dear Mayor Daus:

This letter, with attachments, establishes conditions that must be understood and agreed to by the applicant before further consideration may be given to the application for assistance under the Community Facilities (CF) Program. Any changes in project cost, source of funds, scope of services, or any other significant changes (this includes significant changes in the applicant's financial condition, operation, organizational structure or executive leadership) in the project or applicant must be reported to and approved by USDA Rural Development by written amendment to this letter. Any change not approved by USDA Rural Development will be cause for discontinuing processing of the application.

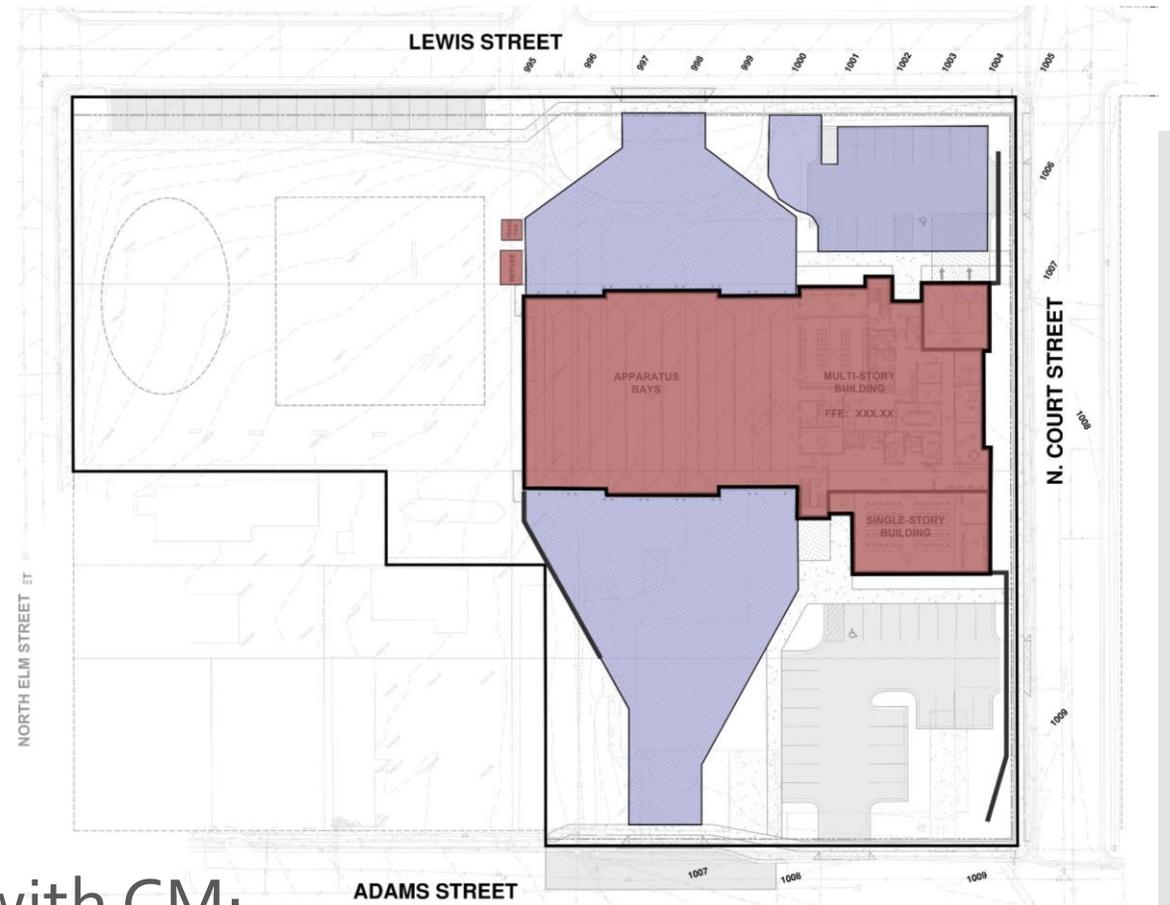

This letter is not to be considered as grant approval or as representation to the availability of funds. The application can be processed on the basis of a USDA Rural Development grant not to exceed \$7,000,000. Funds for this project are provided by the Rural Housing Service (RHS).

Please complete and return the attached Form RD 1942-46, "Letter of Intent to Meet Conditions," and Form RD 1940-1, "Request for Obligation of Funds," by C.O.B today, if you desire that we give further consideration to your application. The execution of these and all other documents required by USDA Rural Development must be authorized by appropriate resolutions of the applicant's governing body.

The grant will be considered approved on the date Form RD 1940-1, "Request for Obligation of Funds," is mailed by USDA Rural Development.

# Concept Development

Brought on a Construction Manager (CM) to work with Architect

## Assessing the site with CM:

- Clearer picture of costs impacts based on civil engineering
- Clearer understanding of costs with material inflation
- Became aware of property line discrepancy at this time

# Initial Presentation

• <u>Two-Story Solution (32,525 SF)</u>	=	<b>\$15,467,000.00</b>
• (Added) Unfinished Basement	=	(+) \$1,470,000 (added 7,715 SF)
• (Added) Finish Basement	=	(+) \$500,000
• (Added) Finish out second floor	=	(+) \$875,000
• (Subtract) Community room	=	(-) \$335,000
• (Added) Flake Epoxy coating	=	(+) 105,000

Solution: fits on build site, 7 drive through bays, decontamination, admin offices, 60-person training room, storage, kitchen, EOC Space, future expansion for dorm, etc.

# Value Engineering (Slimmed) Schematic

5-11-2023 (Value Engineering) Design Virtual Meeting  
by Wendel/ Five Bugles and Kramer Brothers:

- Hard Cost = \$14.1M
- Soft Cost = \$1.3M
- Total Projected Cost = \$15.4M
  
- Guidance for Reduction = \$3M (down to \$12.5M)

## Assumption of funding to slim:

- Federal Appropriation = \$7M
- City Borrowing = \$3M
- Towns Borrowing = \$1M
- Fund Raising = \$1.5M
- Total Assumption = \$12.5M

Evaluated multiple space/size reductions to fit price-point:

Gear Laundry, PPE Lockers, Watch Room, Support Garage, Dorms, Kitchen/Dining/Day, Exercise Room, Remove Façade- Bump out, narrowed apparatus bay, and considered moving the position of the building on the lot. There was also a concept to reduce to a single-story facility.

# Options for Consideration

## COA Development:

- Multiple Partners
- Many Opinions
- Key Variables

3 main design options

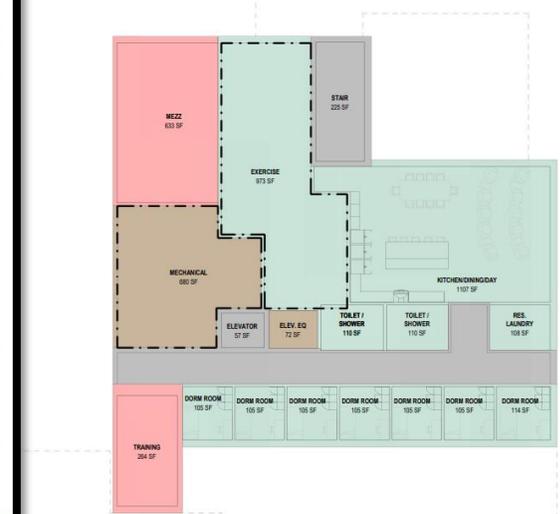

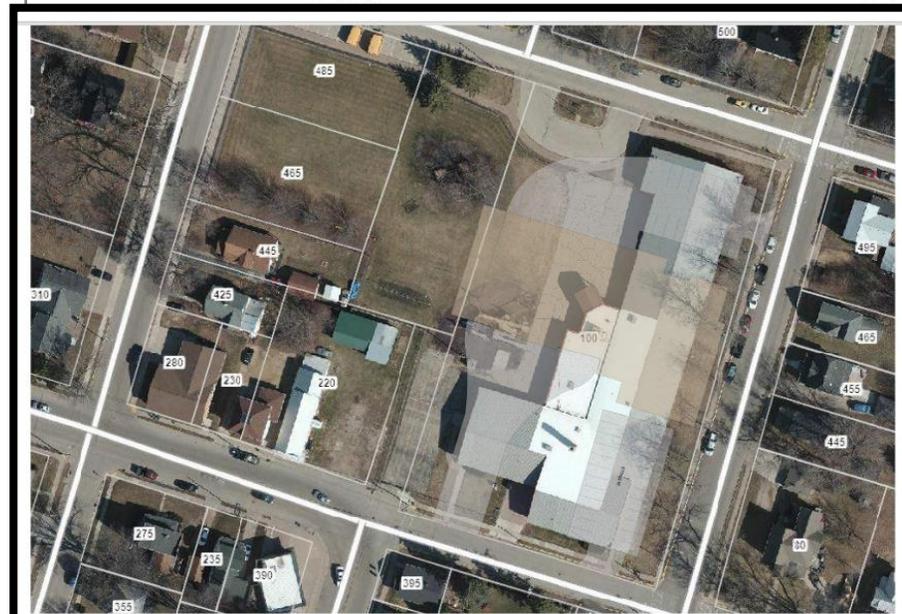

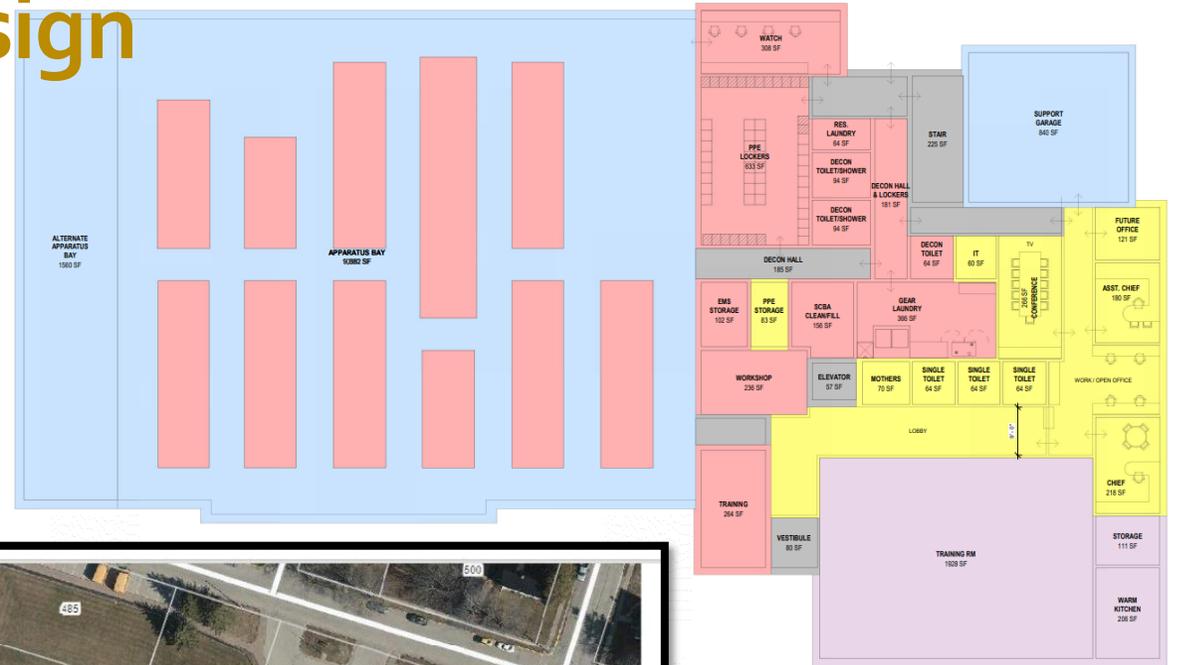

### Four concepts to consider:

- **Two Story (Slimmed) design that fits on the parcel**
- **Single Story Design that fits on the parcel**
- **Single Story Design that fits with acquisition of adjacent blighted parcels**
- **Single Story Design to place out in the industrial park**
- **(Alt.) Basement space and 7th apparatus bay**

# Two Story (Slimmed) design that fits on the parcel

## Features

- Improvement in bay space
- Fits on O.E. Gray Site
- Egress onto Adams St.
- Doesn't allow for FT occupancy w/out added \$
- Multiple stories = elevator and stairwell costs
- Spaces (bays and rooms) have been slimmed to meet cost point:
  - functionality impacts
  - Storage impacts
  - 2<sup>nd</sup> Floor is not built out

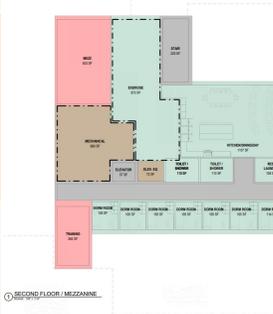

Options for Consideration

 Fire Station Design

SECOND FLOOR / MEZZANINE  
 SCALE: 1/8" = 1'-0"

Size of Facility (Base Bid)	26,535 sq ft (83.2% of assessed need of 31,900 sq ft.)
Response	Facility is in optimal location for volunteer response in the center of fire district. Egresses onto Adams St.
Growth Opportunity	Limited - some opportunity for building growth, with consideration for slopes and initial placement.
Pros	Fits on parcel, improved circulation over existing, good separation between public and private space, allows for public parking and entry from Adams St.
Cons	Multiple levels requires an elevator and stairs, lose storage space, <b>reduced (slimmed) rooms impacts function, second floor is not built out on base bid</b>
Cost (Base Bid)	<u>\$12,482,145</u> (based on square footage assessments from early 2023)
Cost with added Bay (sq')	(+)\$398,560 (adds additional 1,775 sq ft)
Cost with added Basement (sq')	(+)\$2,626,900 (adds additional 5,700 sf)

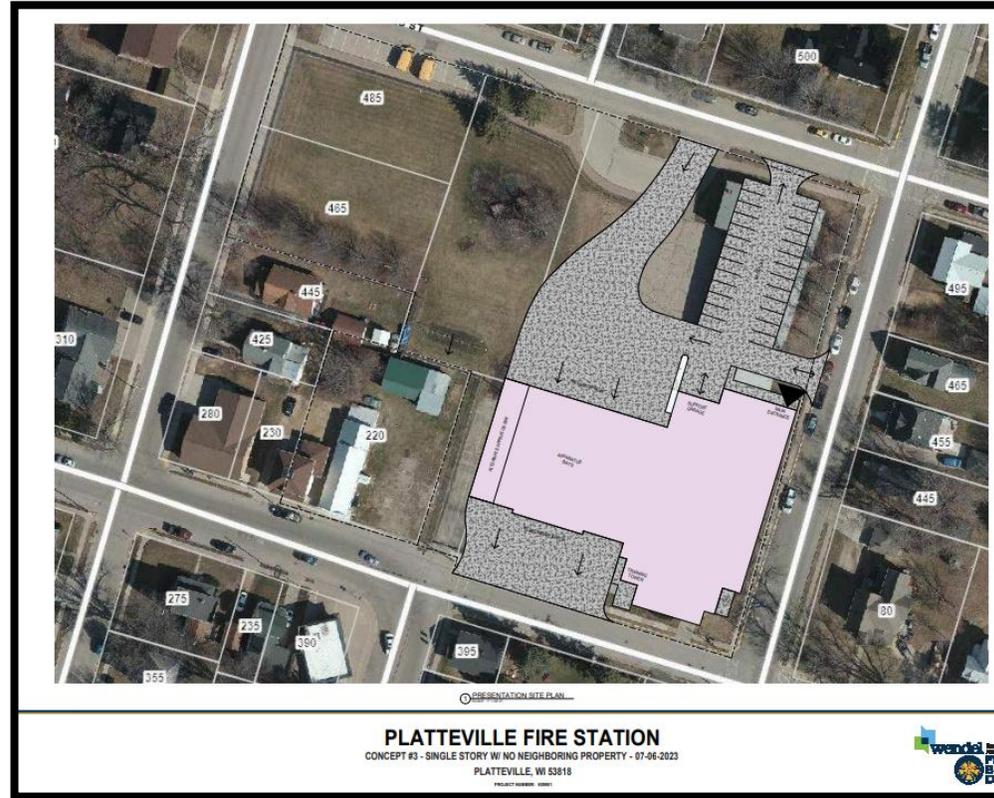

Options for Consideration

# Two Story (Slimmed) design that fits on the parcel

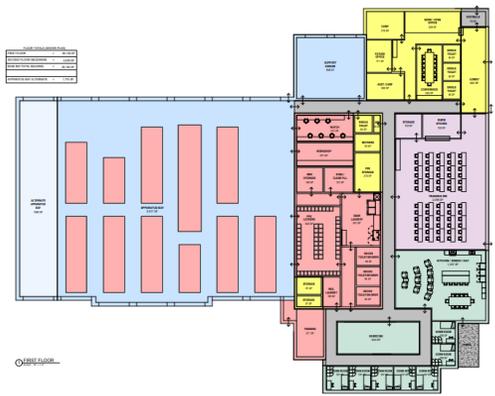

# Single Story Design that fits on the parcel

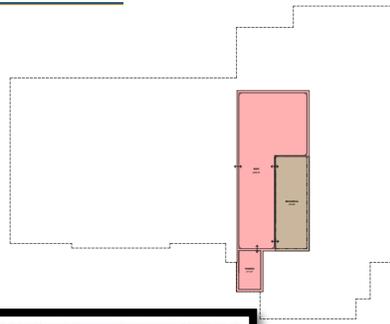

## Features

- Fits on OE Gray Site
- Egress onto Adams St.
- Allows for future FT occupancy
- Single story = no elevator costs
- Snug to Court St /no off-street public parking

Options for Consideration

PLATVILLE FIRE STATION  
CONCEPT #1 - SINGLE STORY W/ NO NEIGHBORING PROPERTY - 07-04-2023  
PLATVILLE, WI 53189

PLATVILLE FIRE STATION  
CONCEPT #2 - SINGLE STORY W/ NO NEIGHBORING PROPERTY - 07-04-2023  
PLATVILLE, WI 53189

Size of Facility (Base Bid)	29,164 sq ft (91.4% of assessed need of 31,900 sq ft.)
Response	Facility is in optimal location for volunteer response in the center of fire district. Egresses onto Adams St.
Growth Opportunity	Limited - growth may likely be an outbuilding or modification to responder parking, with consideration for slopes.
Pros	Fits on parcel, admin connected to garage and watch room, does not require an elevator or added stairs
Cons	Public parking and entry is less than optimal, 7 <sup>th</sup> apparatus bay may not fit (pending civil assessment)
Cost (Base Bid)	<u>\$13,391,071</u> (based on square footage assessments from early 2023)
Cost with added Bay (sq')	(+) \$398,560 (adds additional 1,775 sq ft)
Cost with added Basement (sq')	(+) \$2,626,900 (adds additional 5,700 sf)

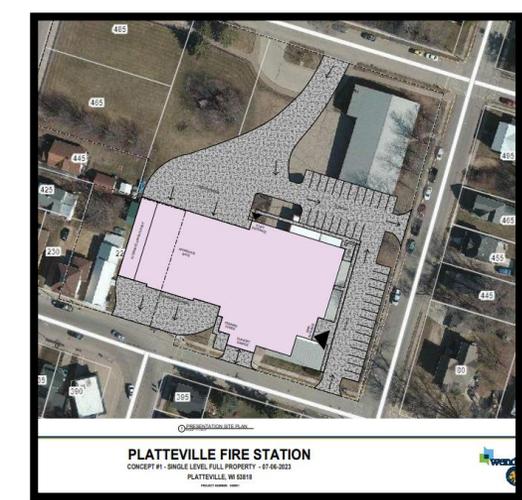

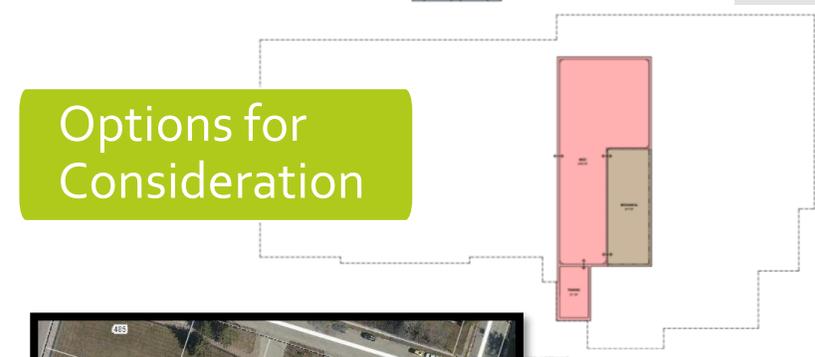

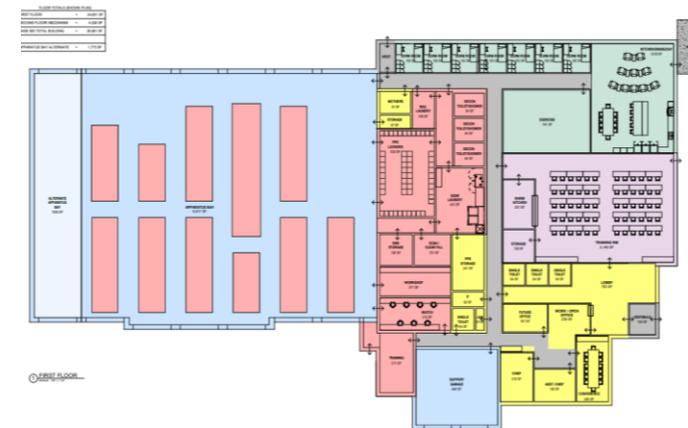

Options for Consideration

Single Story Design that fits on the parcel

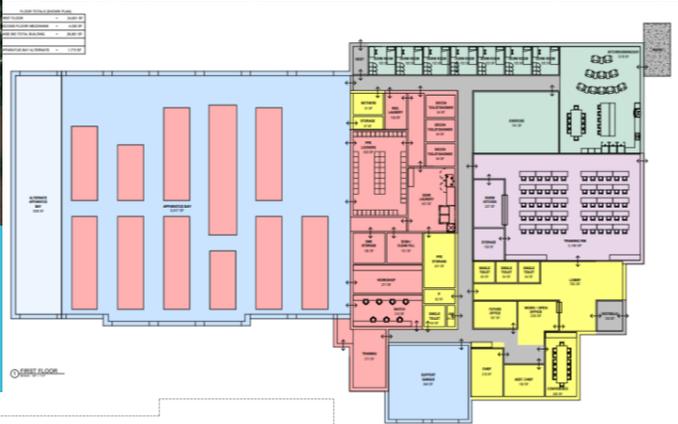

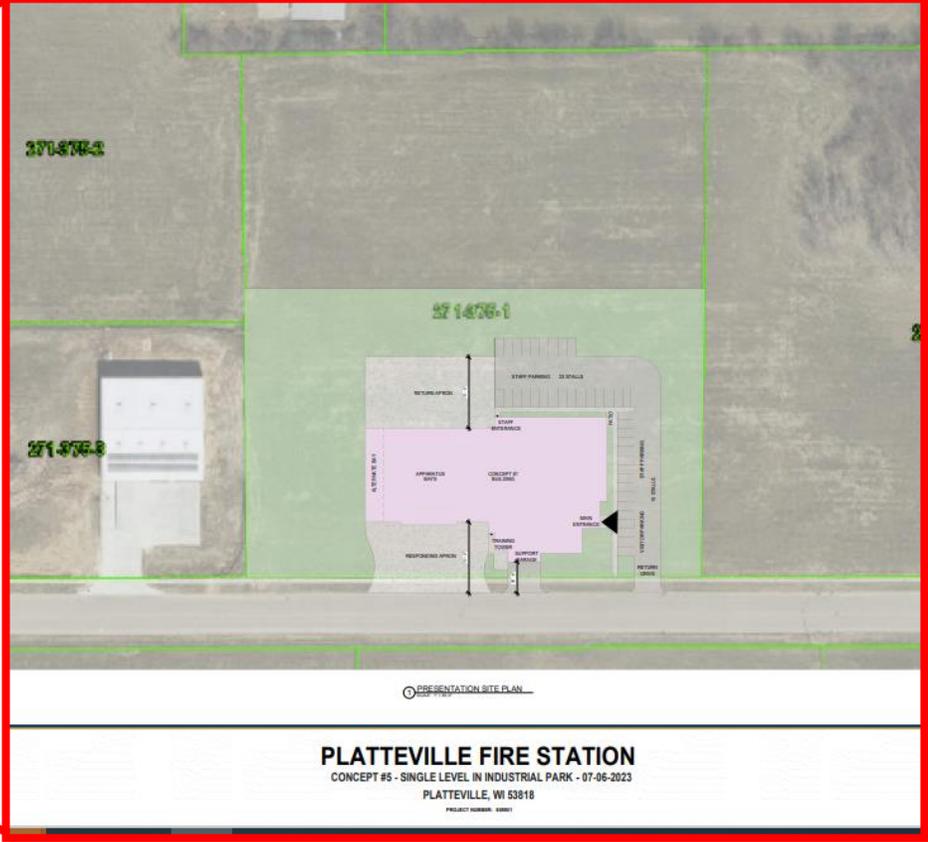

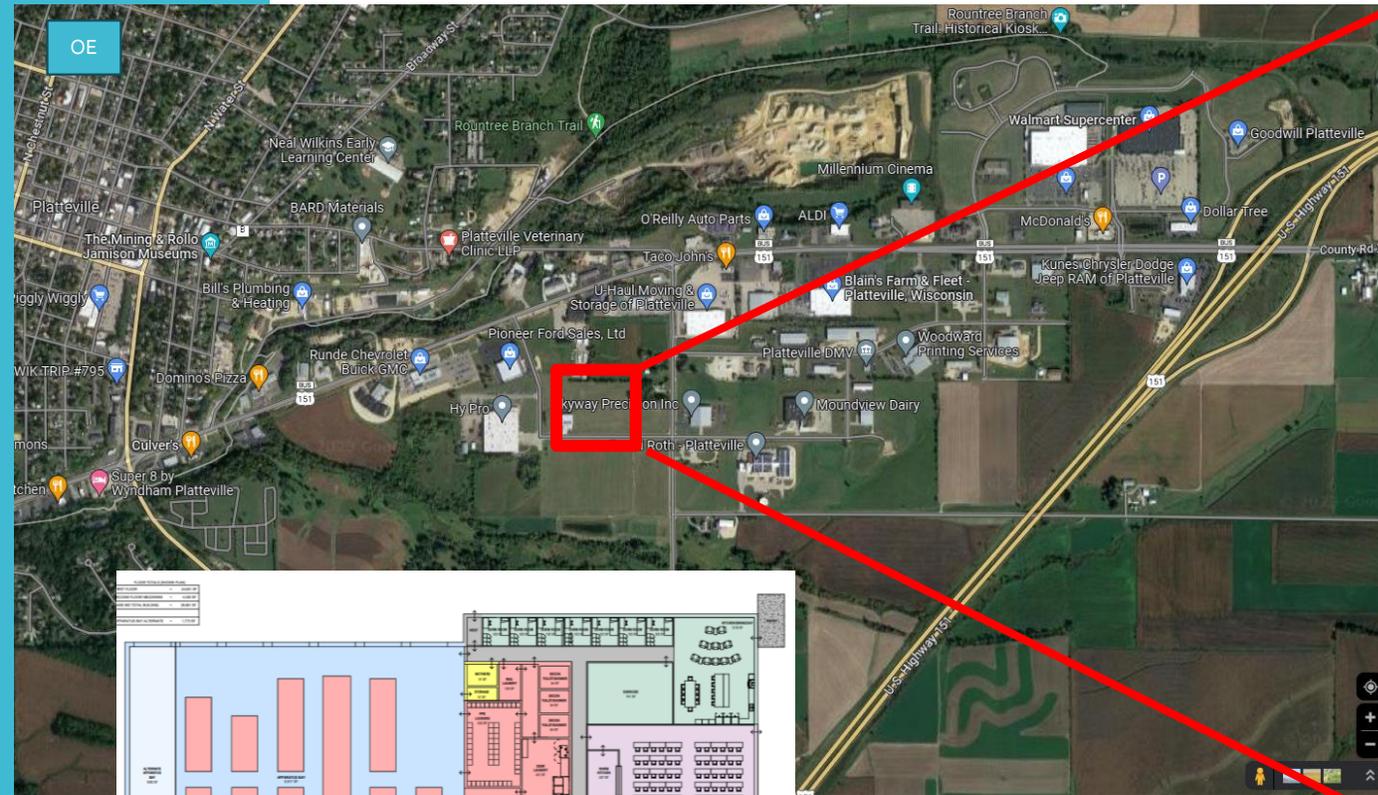

# Single Story Design that fits with acquisition of adjacent blighted parcels

Size of Facility (Base Bid)	28,881 sq ft (90.5% of assessed need of 31,900 sq ft.)
Response	Facility is in optimal location for volunteer response in the center of fire district. Optimal egress onto HWY 81.
Growth Opportunity	Limited - growth may likely be an outbuilding or modification to responder parking, with consideration for slopes.
Pros	Safer egress visibility onto HWY81, anticipated space for 7 <sup>th</sup> bay (pending civil), room for off-street parking, Admin connected to watch and support garage, additional storage space, living quarters built out, best operational flow
Cons	Requires property acquisition, limited future growth with consideration of slopes
Cost (Base Bid)	<u>\$13,265,980</u> (based on square footage assessments from early 2023), and does not include land acquisition
Cost with added Bay (sq')	(+)\$398,560 (adds additional 1,775 sq ft)
Cost with added Basement (sq')	(+)\$2,626,900 (adds additional 5,700 sq ft)

# Single Story Design to place out in the industrial park

Options for Consideration

## Features

- Single story = no elevator costs
- Longer distance/time for responders
- Optimal space for growth
- Utilizes development district

# Single Story Design to place out in the industrial park

Size of Facility (Base Bid)	28,881 sq ft (90.5% of assessed need of 31,900 sq ft.)
Response	Location adds volunteer response time and distance, adds response time to 70 % of the district by population
Growth Opportunity	Optimal room for future growth
Pros	Optimal availability of space for future expansion, parcel will need less civil work, Admin connected to watch room and support garage, additional storage, no demolition
Cons	Location adds to volunteer response time, adds response out time, takes space designed for economic development, potential impacts to ISO ratings and FEMA grants
Cost (Base Bid)	<u>\$12,592,475</u> (based on square footage assessments from early 2023)
Cost with added Bay (sq')	(+)\$398,560 (adds additional 1,775 sq ft)
Cost with added Basement (sq')	(+)\$2,626,900 (adds additional 5,700 sq ft)

## Options for Consideration

# Features

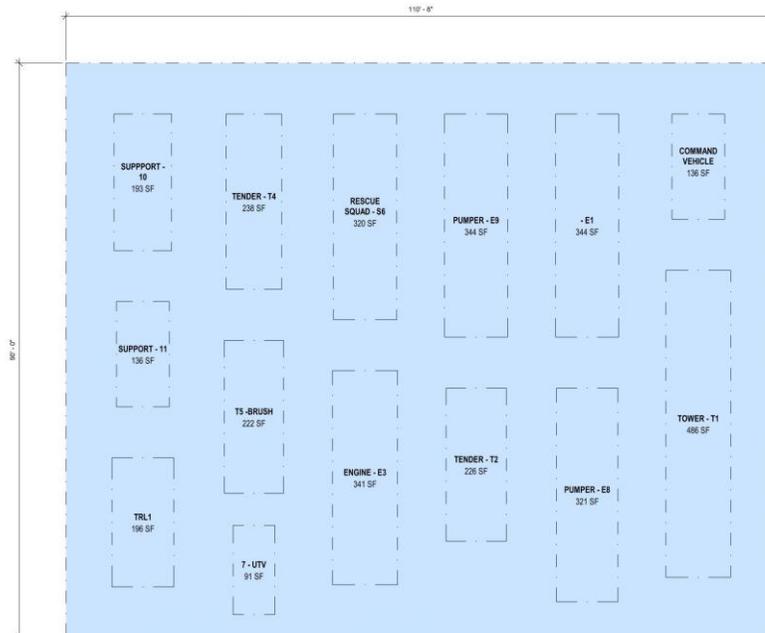

## Alternate Spaces:

### A) Basement Space

### B) 7<sup>th</sup> Bay Space

- Basement – Future expansion opportunity and storage
- Basement – Future partnership opportunities
- Basement – Potential shelter space
- 7<sup>th</sup> bay – Space for future apparatus needs
- 7<sup>th</sup> bay – Allows for more flexibility in apparatus layout
- 7<sup>th</sup> bay – Allows for added space for training and vehicle maintenance

Feedback from SME = consistent with a wish for more space

6 Apparatus bays filled with existing equipment

Example – Future build-out space

# Review With Subject Matter Experts:

# Partner fire Chiefs

## Comments from SME review:

- Eventually you are likely going to need 24/7 staff – consider occupancy space and where they may congregate
- Building flow – responders want to get to locker ASAP
- Get the extra bay if you can afford it – allows for training and maintenance
- Can't have enough storage space, it fills up fast- have a shelving plan
- Keep in-floor heating if considering dual doors
- From OE Gray – egress onto HWY81 would be safer
- Location – follow your response data of today
- Safety -consider truck egress and return in relationship to responder parking
