ACTION

- A. *Resolution 23-31 Authorizing the City Manager to Submit Applications to the Wisconsin Department of Transportation (WisDOT) for the 2024-2028 Transportation Alternatives Program (TAP)* – **Motion** by Kasper, second by Artz to approve Resolution 23-31 Authorizing the City Manager to Submit Applications to the Wisconsin Department of Transportation (WisDOT) for the 2024-2028 Transportation Alternatives Program (TAP) – Option 1: Paved and lit trail sections: Phase 2 cost in 2026: \$572,659 DOT: \$410,127, DNR \$132,532 City: \$30,000. Motion carried 6-0 on a roll call vote.

- B. *Resolution 23-32 Determination of Necessity – Property Condemnation* – **Motion** by Gates, second by Parrott to adopt Resolution 23-32 Determining the Necessity to Condemn Parcels 271-01295-0000, 271-01296-0000, and the adjacent abandoned alleyway for the purpose of building a new fire facility. Motion carried 6-0 on a roll call vote.

INFORMATION AND DISCUSSION

- A. *An Ordinance Amending Parking on South Elm Street on the West end of the Platteville Public Library* – Public Works Director Howard Crofoot explained that the Holiday Inn Express has expressed concern that their customers need additional overnight parking and has suggested converting the five (5) parking stalls on the west end of the Platteville Public Library to allow overnight parking for hotel guests. The management of the Holiday Inn Express requests that the parking area be signed as “Hotel and Library Parking Only and 3-hour Parking 9 AM to 5:30 PM”.

- B. *Resolution to Approve Collective Bargain Agreement with Wisconsin Professional Police Association (WPPA)* – City Manager Clint Langreck explained and presented a contract with the Wisconsin Professional Police Association for the years 2024-2026. Staff recommends approval of the changes to the collective bargaining agreement.
- C. *Resolution Authorizing the Salaries and Rates of Pay of Employees for the Year 2024* – City Manager Langreck explained that the 2024 Salary Resolution reflects the implementation of the updated City of Platteville Compensation Plan with an overall payroll increase of 7% and a minimum wage increase of at least 3% in 2024. The proposed budget also includes a wage increase of 7.5% for police officers as part of the Wisconsin Professional Police Association contract, which will aid in recruitment and retention initiatives.
- D. *Employee Benefit Package* – Human Resources Manager Chad Wilson presented information on the City of Platteville’s employee benefits package to be used in the discussion of the annual budget review and approval.
- E. *Contract 9-23 – Snow & Ice Removal* – Public Works Director Howard Crofoot explained that there is an Ordinance requiring property owners to remove snow and ice from public sidewalks that abut their properties. If the property owners fail to do so, the City is authorized to have the snow/ice removed and the cost is billed to the owner plus an administrative fee. In the past, staff has requested bids from local contractors to perform the snow/ice removal. This year, the request for bids went out and was mailed to contractors who have done it in the past. The City did not receive any bids. Since there is no contractor to perform snow removal, it will be done by either the Parks Division or Streets Division as resources allow. The priority of City staff will remain to clear roads, alleys, parking lots, City-owned sidewalks and remove snow from the Downtown area. This process normally takes at least 3 days to complete. With the timeline outlined in the ordinance, City staff will be delayed in responding to the sidewalk snow removal requirements.
- F. *Potential 2024 Budget Items as Requested by Alderman Kilian* – Community Development Director Joe Carroll and Public Works Director Howard Crofoot discussed potential 2024 budget modifications with the Council. Alderman Kilian suggested modifications to the budget to increase funding for two areas: an increase in the budget for the Historic Preservation Commission and an increase to install a crosswalk connecting Jenor Towers and Jenor Tower Park. Staff cannot determine the need for the requested amount of funds for the Historic Preservation Commission. Historically, this far exceeds the amount of funding necessary for this line item. Staff still recommend allowing the Southwest Wisconsin Regional Planning Commission to finish the plan and determine the priority project(s) for the entire system before making a decision.

ADJOURNMENT

Motion by Kasper, second by Gates to adjourn. Motion carried 6-0 on a roll call vote. The meeting was adjourned at 7:54 PM.

Respectfully submitted,

Candace Klaas, City Clerk

COMMITTEE REPORTS

Project Update

11/08/2023

Lead Service Lines (LSL): The 2023 program is from a different pot of money from previous years. This will be a two-year authorization. Staff submitted the application prior to June 30. Platteville has been awarded the funding. Platteville is awarded 75% as grant and 25% as a loan. We have traditionally limited the amount to \$1,140. Back in 2017 it was estimated that it would cover about 80% of the cost of the project. DNR said that if we have a better estimate of the full cost of the LSL replacements, they MAY be able to find additional funding, but it will be limited to the 75/25 split. Staff is working with plumbers to get updated estimates. For LSL replacements in non-residential buildings, the work is subject to Davis-Bacon Federal wage rates.

2022 Projects

Rountree Branch Streambank Stabilization: Staff submitted a grant request last spring for the 2021-2022 DNR grant program. Last summer, staff were informed that our project would not be funded. Late January, staff were informed by DNR staff that there was additional funding for the program and our grant request will be funded. The local match will be a part of the 2022 budget request for project completion in 2022. There are four locations along the Rountree that were selected for grant funding. This will be similar to the earlier project on UW-Platteville and Chamber properties. The DNR sent the official award document on July 1 for 3 of the 4 locations. The final location out past the JN Stone railroad bridge was deleted from the project. Staff conducted bid opening for this project. Rule Construction is the low bidder. DNR came out with a new requirement to NOT use rip-rap on streambanks. Staff and Delta 3 are working with the DNR for alternatives. The DNR granted a request for an extension until 12/31/2023 to complete the project. Delta 3 is requesting an additional extension while they work with the new DNR representative.

2023 Projects

Jefferson St Reconstruction: This will reconstruct Jefferson St from Madison St to the cul-de-sac. The Community Safe Routes Committee recommends installing sidewalk on the west side of the street from Madison to Sowden to connect existing sidewalks. It will also replace storm sewer and sanitary sewer through back yards up to Kase Street. Work began in early July. Work is complete. Some grass began to grow in the disturbed areas. We will watch the areas in spring to ensure the grass returns.

Alley Reconstruction/PBII Parking Lot: The budget will only allow a small section of alleys to be reconstructed. The intent for this year will be to do the alley from the north end of Oak Street to Fourth Street. This alley is north of and runs parallel to Furnace St. The project has been awarded with the PBII parking lot project. The bids were favorable for alley paving, so we will complete the alley above, plus a couple hundred feet of alley off Gridley Ave, parallel to and between Hickory and Chestnut Streets. The alley paving is complete. The contractor is working on the PBII repairs and will pave the overlay in spring.

TID 5 (Keystone) Sidewalk: This will install new sidewalk on Bus 151, Keystone and Progressive Parkway from the current termini at the new Arby's over to the new Starbuck's. Owen's Excavating was awarded the bid. The sidewalk is complete. Initial landscaping will be completed this year and return in the spring for final seeding and mulching.

DOT Highway 80: The DOT is currently working on Highway 80 from Platteville to Cuba City. The bridge by Dunkin-Super 8 was reopened on July 24 per the contract. This work is complete. This is the last update.

STP-Urban Projects (DOT): The City was awarded Camp Street from Elm to Lancaster as an 80/20 project for construction in 2025 and East Main Street from Water to Broadway as an 80/20 project in 2026. DOT requires the City to do a quality based selection process for a design engineer for each project. DOT has made their policy more stringent based on comments from the Federal Highway Administration (FHWA). Instead of a "short list" of local firms, we are required to solicit from a DOT list of over 50 firms to hopefully get at least three firms to submit their qualifications. Due to DOT rules, Delta 3 is ineligible for this work. We have selected Jewell Associates of Spring Green as the consultant for both projects. The City and DOT are in negotiation with Jewell for the scope of work and cost of the design work.

STP-Urban and Local Projects (DOT): The DOT had a grant solicitation for 2024 – 2029 projects that closed on October 27. One is for the STP-Urban program. Staff submitted Camp Street from Lancaster to Hollman as a project for 2028. Staff submitted East Mineral Street from Broadway to Valley Road as a 2029 project. The DOT limited communities to two (2) submissions for the STP-Local program. Staff submitted Sunset Drive for 2026 and Insight Drive for 2028 as the two projects. Originally staff had 15 STP-Local projects submitted and the DOT asked staff to limit the number to two (2).

2024 Projects

TAP Grants/DNR Grants: The DOT has awarded the City a grant for about \$407,000 for Phase 1 of the Moundview Trail Connector project. DNR awarded about \$131,000 toward the project. The City needs to budget \$30,000 in 2024 for half the design costs and the two grants would pay the rest of the approximate \$568,000 cost of the project. Phase 1 will pave and light the current gravel trail from the PCA paved trail by the bridge behind J&N Stone and extend north to Mitchell Hollow Road. Staff is waiting for a two-party contract with Delta 3 to begin work. DNR is preparing the grant contract, but said that design work may begin prior to the contract being signed.

Staff submitted for Phase 2 grant award for 2026 and Phase 3 for 2028 to coincide with DNR biannual grants to maximize use of grant funding.

DEPARTMENT PROGRESS REPORT

Parks & Recreation

Period Ending: October, 2023

ACCOMPLISHMENTS

General

- Parks, PIP, and volunteers of Cummins in Dubuque have spent 3 days this month cleaning, inspecting, and planning for the winterization of the new Inclusive Playground at Smith Park. They came out and cleaned playground equipment, tightened bolts, and raked leaves at the new PIP. Big Thank You to all the volunteers.
- Director Lowe met with Burbach Engineering to review information that was sent by videos. Ricchio, Inc. has re-caulked and replaced the expansion joint material between the cement pads in the pool. The water integrity test showed a good deal of water loss from those expansion joints. Lowe is still trying to get a contractor that could remove and repaint with grout material in at least the zero entry area to minimize the slipperiness.
- Parks grounds crew began the improvements at the Dog Parks this week. Fill around the water spigot was completed and the mulch was placed in various locations. A weed control system has been ordered to go under the fencing around the park.
- Director Lowe, Coordinator Bartels, and Administrative Assistant Taylor began a plan and an ad push to rent both Halls of the Broske Center simultaneously. The challenge is the turnover time for the next tenant and the kitchen area.
- City Manager Langreck and Director Lowe met with Jaycees President Colton Henry and have worked out terms for a new rental agreement for the Jaycees unit at Legion Field.
- Team Heat softball youth travel tournament was held at Legion Field this month. Thirteen teams from as far away as Illinois came to the tournament.
- Contractors completed an epoxy floor finish to the restrooms at the Smith Park Stone Shelter. This project was funded by the great people of Inspiring Communities and PIP.
- The bathroom doors at Stone Shelter have been renovated by contractor CEC and have been added to the remote locking system for the City. This will allow the bathrooms to be open during good playing time at the Inclusive Playground.
- Parks crew began planning for the winterization of the park shelters. All shelters excluding Stone Shelter have been closed for the season.
- In a joint effort with PYDS and Platteville High School Boosters, we have rebuilt the pitcher's mound, batters box, and hitting cage area on Hill Field at Legion Park. Years of use and no improvements brought this project to a necessity. A big thank you to all the volunteers who helped with this project.

MAJOR OBJECTIVES FOR THE COMING MONTH

- Complete the hiring and planning process for all winter activities.
- Complete the batting cage improvements at Legion Park.
- Begin the hiring for the PFAC staffing plan for next season.

The general concept designs are depicted below (subject to modifications through the schematic and engineering design processes).

With this decision reached, the City Manager and Fire Chief will be working with the design team in finalization of the concept and initiation of schematic design. The City Manager and Fire Chief meet multiple times each month with a Facility Guidance Team (who help evaluate and coordinate the many components surrounding the construction project) and with the Fire Facility Fund Raising Committee (who are spearheading the efforts of coordinating the capital funding raising campaign).

Timeline: (Current Estimate)

COUNCIL SUMMARY SHEET**

COUNCIL SECTION: ACTION ITEM NUMBER: VI.A.	TITLE: Ordinance 23-10 An Ordinance Amending Parking on South Elm Street on the West End of the Platteville Public Library	DATE: November 14, 2023 VOTE REQUIRED: Majority
PREPARED BY: Howard B. Crofoot, P.E., Director of Public Works		

Description:

The Holiday Inn Express has expressed a concern that their customers need additional overnight parking and has suggested converting the five (5) parking stalls on the west end of the Platteville Public Library to allow overnight parking for Hotel guests. The reason for the request is that many guests of the Holiday Inn Express are construction workers with large trucks that do not easily fit in the underground parking lot. The management is concerned that forcing guests to use the underground lot may increase damage to vehicles and the building.

Currently, the five stalls are partially on the City right-of-way of South Elm Street just south of Main Street at the west end of the Library. Attached is a street view photo of the stalls in question. These stalls are currently signed like the adjacent street: No Parking 3 AM to 6 AM and 3-hour Parking 9 AM to 5:30 PM.

The management of the Holiday Inn Express requests that the parking area be signed as “Hotel and Library Parking Only and 3-hour Parking 9 AM to 5:30 PM”. The Holiday Inn Express has 72 rooms. There are 55 underground parking spaces, which are available to all hotel guests, and hotel/library/clinic staff. The 34 surface parking spaces, plus the five (5) spaces at the west end of the Library are shared between the hotel, library, and Neighborhood Health Partners clinic. This provides a total of 89 spaces for hotel guests now, and up to 94 spaces if this request is granted.

Currently, the Library pays for 50% of the snow removal for the 34 surface parking and the five (5) stalls by the Library. There would be no change to that arrangement.

Pro:

- It helps the Holiday Inn Express provide additional overnight parking for guests.
- It assists a local business. The Holiday Inn Express must be booked to near capacity every night if they need additional parking. This is good for the city.
- It keeps 3-hour parking during the day to accommodate Library patrons’ parking needs.

Con

- It sets a precedent by designating partial on-street parking for a particular business.
- It increases the workload of the Police Department to enforce the parking limitation for Hotel and Library Parking. Renters in the surrounding neighborhood may try to park overnight in these stalls until ticketed by the police.

Budget/Fiscal Impact:

The cost of new signs should be paid by the Holiday Inn Express. Staff estimates the cost of new signs to be about \$50.

Recommendation:

The Common Council may consider the attached ordinance.

Sample Affirmative Motion:

"I move to approve Ordinance 23-10 An Ordinance Restricting Parking on South Elm Street."

AN ORDINANCE RESTRICTING PARKING ON SOUTH ELM STREET

WHEREAS, the Common Council finds it to be in the public interest for the health, safety and welfare of the public to restrict parking on South Elm Street on the west side of the Platteville Public Library.

NOW, THEREFORE, the Common Council of the City of Platteville do ordain as follows:

Section 1. In accordance with Section 39.01 of the Municipal Code, parking is hereby restricted as follows:

Hotel and Library Parking Only
3-hour Parking from 9 AM to 5:30 PM.

Section 2. In accordance with Section 38.02 (2) (d) of the Municipal Code, the Official Traffic Map is hereby amended accordingly.

The Bonds are not general obligations of the City but are payable only from and secured by a pledge of income and revenue to be derived from the operation of the Water and Sewer System.

Term/Call Feature:

The Bonds are being issued for a term of 16 years. Principal on the Bonds will be due on May 1 in the years 2024 through 2039. Interest is payable every six months beginning May 1, 2024.

The Bonds will be subject to prepayment at the discretion of the City on May 1, 2031 or any date thereafter.

Bank Qualification:

Because the City is expecting to issue no more than \$10,000,000 in tax exempt debt during the calendar year, the City will be able to designate the Bonds as “bank qualified” obligations. Bank qualified status broadens the market for the Bonds, which can result in lower interest rates.

Rating:

The City's most recent bond issues were rated by S&P Global Ratings. The current rating on those bonds is "AA-". The City will request a new rating for the Bonds.

If the winning bidder on the Bonds elects to purchase bond insurance, the rating for the issue may be higher than the City's bond rating in the event that the bond rating of the insurer is higher than that of the City.

Basis for Recommendation:

Based on your objectives, financial situation and need, risk tolerance, liquidity needs, experience with the issuance of Bonds and long-term financial capacity, as well as the tax status considerations related to the Bonds and the structure, timing and other similar matters related to the Bonds, we are recommending the issuance of Bonds as a suitable option.

Method of Sale/Placement:

We are recommending the Bonds be issued as municipal securities and offered through a competitive underwriting process. You will solicit competitive bids, which we will compile on your behalf, for the purchase of the Bonds from underwriters and banks.

An allowance for discount bidding will be incorporated in the terms of the issue. The discount is treated as an interest item and provides the underwriter with all or a portion of their compensation in the transaction.

If the Bonds are purchased at a price greater than the minimum bid amount (maximum discount), the unused allowance may be used to reduce your borrowing amount.

Premium Pricing:

In some cases, investors in municipal bonds prefer "premium" pricing structures. A premium is achieved when the coupon for any maturity (the interest rate paid by the issuer) exceeds the yield to the investor, resulting in a price paid that is greater than the face value of the bonds. The sum of the amounts paid in excess of face value is considered "reoffering premium." The underwriter of the bonds will retain a portion of this reoffering premium as their compensation (or "discount") but will pay the remainder of the premium to the City. For this issue of Bonds, any premium amount received may: be retained; used to reduce the issue size; or combination thereof. These adjustments may slightly change the true interest cost of the original bid, either up or down. We anticipate using any premium amounts received to reduce the issue size.

The amount of premium allowed can be restricted in the bid specifications. Restrictions on premium may result in fewer bids, but may also eliminate large adjustments on the day of sale and unintended results with respect to debt service payment impacts. Ehlers will identify appropriate premium restrictions for the Bonds intended to achieve the City's objectives for this financing.

Other Considerations:

The Bonds will be offered with the option of the successful bidder utilizing a term bond structure. By offering underwriters the option to “term up” some of the maturities at the time of the sale, it gives them more flexibility in finding a market for your Bonds. This makes your issue more marketable, which can result in lower borrowing costs. In the event that the successful bidder utilizes a term bond structure, we recommend the City retain a paying agent to handle responsibility for processing mandatory redemption/call notices associated with term bonds.

Review of Existing Debt:

We have reviewed all outstanding indebtedness for the City and find that there are no refunding opportunities at this time.

We will continue to monitor the market and the call dates for the City’s outstanding debt and will alert you to any future refunding opportunities.

Continuing Disclosure:

Because the City has more than \$10,000,000 in outstanding debt (including this issue) and this issue is over \$1,000,000, the City will be agreeing to provide certain updated Annual Financial Information and its Audited Financial Statement annually, as well as providing notices of the occurrence of certain reportable events to the Municipal Securities Rulemaking Board (the “MSRB”), as required by rules of the Securities and Exchange Commission (SEC). The City is already obligated to provide such reports for its existing bonds, and has contracted with Ehlers to prepare and file the reports.

Arbitrage Monitoring:

The City must ensure compliance with certain sections of the Internal Revenue Code and Treasury Regulations (“Arbitrage Rules”) throughout the life of the issue to maintain the tax-exempt status of the Bonds. These Arbitrage Rules apply to amounts held in construction, escrow, reserve, debt service account(s), etc., along with related investment income on each fund/account.

IRS audits will verify compliance with rebate, yield restriction and records retention requirements within the Arbitrage Rules. The City’s specific arbitrage responsibilities will be detailed in the Tax Exemption Certificate (the “Tax Compliance Document”) prepared by your Bond Attorney and provided at closing.

The Bonds may qualify for one or more exception(s) to the Arbitrage Rules by meeting 1) small issuer exception, 2) spend down requirements, 3) bona fide debt service fund limits, 4) reasonable reserve requirements, 5) expenditure within an available period limitations, 6) investments yield restrictions, 7) de minimis rules, or; 8) borrower limited requirements.

An Ehlers arbitrage expert will contact the City within 30 days after the sale date to review the City's specific responsibilities for the Bonds. The City is currently receiving arbitrage services from Ehlers in relation to the Bonds.

Investment of Bond Proceeds:

Ehlers can assist the City in developing a strategy to invest your Bond proceeds until the funds are needed to pay project costs.

Risk Factors:

Utility Revenue: The City expects to pay the Bond debt service with:

- Sewer and Water Revenues

In the event utility revenues are insufficient to pay debt service, the Common Council is committing to consider appropriating funds from any other available sources in an amount sufficient to cover the shortfall. If it chooses to do so, the City may levy a tax to make up a shortfall. Any amount levied for this purpose is exempted from levy limits. While the City is not required to appropriate the funds necessary to remedy any shortfall in revenues needed to pay debt service, failure to do so would result in either a lack of access to capital markets in the future, or access at a substantially higher cost.

Other Service Providers:

This debt issuance will require the engagement of other public finance service providers. This section identifies those other service providers, so Ehlers can coordinate their engagement on your behalf. Where you have previously used a particular firm to provide a service, we have assumed that you will continue that relationship. For services you have not previously required, we have identified a service provider. Fees charged by these service providers will be paid from proceeds of the obligation, unless you notify us that you wish to pay them from other sources. Our pre-sale bond sizing includes a good faith estimate of these fees, but the final fees may vary. If you have any questions pertaining to the identified service providers or their role, or if you would like to use a different service provider for any of the listed services please contact us.

Bond Counsel: Quarles & Brady LLP.

Paying Agent: Issuer, unless term bonds offered, then Bond Trust Services Corporation.

COUNCIL SECTION: INFORMATION & DISCUSSION ITEM NUMBER: VII.A.	TITLE: Contract 25-23 Fuel Supply 2024 – 2026	DATE November 14, 2023 VOTE REQUIRED: Majority
PREPARED BY: Howard B. Crofoot, P.E. Director of Public Works		

Description:

Our current fuel contract with Allegiant Oil expires on December 31, 2023. Staff solicited bids for fuel for both the City and UW-Platteville. Two fuel suppliers returned bids that were opened on October 30, 2023. The Bid Tabulation is enclosed. The prices listed are the price above wholesale prices including applicable taxes. As the wholesale price varies due to market forces, the fuel supplied gets a markup for delivery costs and profit.

The previous contract also included fuel deliveries for UW-Platteville on campus and at the Farm. The proposed contract continues the practice – if UW-Platteville agrees. Staff believes that UW-Platteville will decide whether to continue with the City contract before the November 28, 2023 Action item.

For our main tank at the Street Garage on Valley Road, Allegiant has a monitor to tell them when we need fuel. Other locations, such as the Wastewater Plant, require staff to contact them for fuel delivery. UW-Platteville staff request fuel deliveries as well.

Budget/Fiscal Impact:

The current contract was for 2022 – 2023. Allegiant was awarded the contract at a price of \$0.08 per gallon over wholesale. The bid price for 2024 – 2026 is quoted at \$0.12 over wholesale. Mulgrew Oil bid \$0.45 per gallon over wholesale. In 2022 the Street Division purchased over 21,000 gallons of unleaded and almost 14,000 gallons of diesel. The additional markup would add \$840 to the overall budget for unleaded and \$560 to the diesel budget. Staff believes the variation in the wholesale price has more impact on the budget than the \$0.04 per gallon additional markup from the 2022 – 2023 contract to now.

Recommendation:

Staff recommends the Common Council pass a motion to award Contract 25-23 to Allegiant Oil at the bid price of \$0.12 per gallon over wholesale price.

Sample Affirmative Motion:

“Move to award Contract 25-23 to Allegiant Oil at the bid price of \$0.12 per gallon over wholesale price.”

TITLE:
Potential 2024 Budget Items as Requested by
Alderman Kilian

DATE:
November 14, 2023

VOTE REQUIRED:
Majority

PREPARED BY: Joe Carroll, Community Development Director and Howard Crofoot, Public Works Director

Description:

At the October 17th Council work session regarding the proposed 2024 budget, Alderman Kilian suggested modifications to the budget to increase funding for two areas: an increase in the budget for the Historic Preservation Commission and an increase to install a crosswalk connecting Jenor Towers and Jenor Tower Park. Below is additional information from Staff related to these two items.

Historic Preservation Commission Budget:

The Historic Preservation Commission has historically had a small budget that provides funding for a membership in the Wisconsin Association of Historic Preservation Commissions (WAHPC) and funds for Staff and Commission members to attend conferences and training sessions. Historically, this budget has been at \$500, but was reduced in the 2023 budget to \$250 to better reflect the actual amount of funds spent over the past few years. The 2023 budget amount has been spent on the WAHPC membership (\$40), a membership in the National Alliance of Preservation Commissions (\$100), a webinar hosted by NAPC for Joe Carroll (\$15), and registration for a historic preservation conference for Ric Riniker (\$95). Alderman Kilian has requested an increase in this budget item to \$2,500. Below is a listing of the budget amount and actual funds spent going back to 2012.

<u>Year</u>	<u>Budget Amount</u>	<u>Amount Spent</u>
2023	\$250	\$250
2022	\$500	\$40
2021	\$500	\$40
2020	\$500	\$118
2019	\$500	\$500
2018	\$1000*	\$693
2017	\$500	\$258
2016	\$500	\$480
2015	\$500	\$133
2014	\$500	\$455
2013	\$500	\$171
2012	\$500	\$170

*Funding for 2018 was increased due to the Commission hosting the annual WAHPC conference in Platteville.

Budget Increase for Crosswalk:

Residents of Jenor Tower have addressed the Community Safe Routes Committee to request a mid-block crosswalk directly from the sidewalk entrance to Jenor Tower across East Mineral Street to Jenor Tower Park. Currently, those who are able, cross mid-block, but have difficulty with the full height curbs. Good engineering practice is to limit mid-block crossings, especially when the intersection is so close to the desired crossing – approximately 85 feet. Drivers do not expect mid-block crossings thus could increase the chance of an accident. If the crossing is required, there must be signs to designate the crosswalk and sufficient sight distance so that drivers and pedestrians can see each other. At speeds up to 25 mph, the sight distance

required is 150 feet or most of the length of the street down to Water Street. **Upon further review, Staff recalculated based on the 9% uphill slope and expected speeds. The proposed sight distance is 110 feet. There is white spray paint next to the curb on either side of the street at this distance. In the enclosed photo, you can see the spray can just east of the utility pole where the sight distance would need to be extended. The back tire of the black truck on the south side of the street is where the no parking for sight distance would need to be.** There would need to be an Ordinance prohibiting parking in that area. **Removing this amount of parking would leave two stalls on the north side and three stalls on the south side – all nearest Water Street.**

Due to the steep incline of East Mineral Street (approximately 9%), the crossing would not meet ADA standards of 2% or less cross-slope on the crossing. The only way to correct this would be to reconstruct the street and adjust the slopes to create a flatter area at the desired crossing. The steep sidewalk also poses design issues for a proper crosswalk. **Per email with the City Attorney, “In sum, I would recommend against establishing a new crosswalk that is not compliant with ADA requirements.”**

Staff proposed that this be included in the study/plan being developed by Southwest Wisconsin Regional Planning Commission as part of the comprehensive bicycle/pedestrian plan. The Community Safe Routes Committee at their August 21, 2023, meeting passed a Motion to recommend that the Common Council include \$10,000 in the 2024 CIP Budget to create the mid-block crossing on E. Mineral Street between Jenor Tower and Jenor Tower Park.

Option 1: Plain crossing with accessible ramps on both sides of E. Mineral Street, minimal change to existing sidewalk or street – just to blend in. Plain, unlit pedestrian crossing signs, no parking signs for sight distance, paint for crosswalk and yellow curb. The crossing will be a bare minimum and not ADA-compliant. Budget cost \$10,000.

Option 2: Same as Option 1, but including 24/7 flashing lights on the pedestrian crossing signs – like the ones on Pine Street by Piggly Wiggly. Still not ADA compliant. Budget Cost \$15,000.

Option 3: Same as Option 1, but with Rapid Rectangular Flashing Beacon (RRFB) signs like the ones on Business 151 at the Chamber of Commerce. Budget Cost \$50,000

Option 4: Full Street reconstruction of 317 feet of E. Mineral Street between Water and Oak. New design to construct a fully compliant ADA mid-block crossing. City cost estimate (not including water or sanitary sewer): \$200,000.

Budget/Fiscal Impact:

The requests would increase the amount of the proposed 2024 budget.

Recommendation:

Staff cannot determine the need for the requested amount of funds for the Historic Preservation Commission. Historically, this far exceeds the amount of funding necessary for this line item.

Staff still recommend allowing the SW Wis RPC to finish the plan and determine the priority project(s) for the entire system before making a decision.

Sample Affirmative Motion:

“Motion to increase the proposed funds in the 2024 budget for the Historic Preservation Commission to \$2,500 as an increase to the 2024 tax levy.”

“Motion to approve additional funds in the amount of \$X for the installation of a crosswalk connection Jenor Tower to Jenor Tower Park as an increase to the 2024 tax levy.”

Attachments:

- Proposed crosswalk overhead view
- Proposed crosswalk street view – **revised to show the sight distance.**

Note spray can at the end of the yellow mark, east of the utility pole. The equivalent on the south side of the street is by the back tire of the black pickup.

This proposal does **not** involve installing a new marked crosswalk.

- 1) Remove four existing parking spaces, two on each side of the street. These are now between the exit from the parking lot and the fire department connection, and the spaces directly opposite on the north side of the street.
Delineate the remaining parking places on the block with white lines. (There is a driveway that led to a house that is no longer there. Can cars park here?)
Consider having one 15-minute on-street parking spot for pickups.

- 2) Install a radar speed measuring system. This would be on the existing pole that has the 15 mph speed limit sign.

- 3) Add a “left turn only” sign to an existing pole directly opposite the exit to the small parking lot on the corner of Oak and Mineral.

- 4) Ask the building owner to paint left turn arrows on the asphalt leading out of the two Jenor Tower parking lots. Also ask them to investigate adding lighting to the outside of the building.

- 5) Install a curb extension at the southeast corner of the intersection of Oak and Mineral. The curb extension will reduce wrong way traffic. See picture below.

- This long curb extension would block one side of the street to prevent wrong-way driving on this one-way street. This can reduce the risk of head-on collisions and other accidents caused by wrong-way drivers.
- It would provide an excellent visible location for a “Do not enter” sign, in addition to one on the other side of the street.
- The physical barrier can help reduce the need for constant enforcement efforts, as it serves as a self-enforcing measure.
- The curb extension may positively impact pedestrian safety by shortening the crossing distance.
- The dimensions should ensure that emergency vehicles and plows can still access the one-way street in the proper direction if needed.

The picture shows a curb extension on one side of the street. The intent is to prevent cars and trucks from traveling ahead on the bicycle boulevard. This is on Kendall Avenue in Madison WI.

Below is another example of a curb extension from Google images. This one widens gradually, which might make it easier for snow plowing.

3. Add sign: "left turn only."

1. Eliminate 2 parking spaces on each side.

5. Install curb extension.

4. Paint left turn arrows at parking lot exits.
Add light to outside of building.

2. Install radar display that show drivers their speed.

COUNCIL SUMMARY SHEET**

COUNCIL SECTION: INFORMATION & DISCUSSION ITEM NUMBER: VII.C.	TITLE: Planned Unit Development – 135 S. Hickory Street	DATE: November 14, 2023 VOTE REQUIRED: Majority
PREPARED BY: Joe Carroll, Community Development Director		

Description:

This request is the second part of an overall St. Augustine redevelopment project that began back in 2016. The site for the overall project consists of the block bounded by Pine Street, Hickory Street, Greenwood Avenue and Bradford Street. The block initially contained four houses and the existing St. Augustine church building. The first phase of the project involved the removal of all the houses on the block and the construction of a new apartment building. The second phase involves the removal of the existing church building and the construction of a new chapel/Newman Center building.

The new chapel/Newman Center building will be located on the corner of Pine Street and Hickory Street in the same location as the existing building. The proposed building will have a larger footprint and will be taller than the existing building but will include many of the same features. The first floor will include a traditional-styled chapel space, an attached banquet hall/multi-purpose area, a café/kitchen area, restrooms, and storage. The second floor will include a choir loft for the chapel, offices, study rooms, storage, restrooms, and a multi-purpose area. The first floor will open onto an adjacent patio area, and the second floor will have an outdoor deck, both of which are located overlooking the shared open space between the new building and the apartment building.

The building will require the relocation of an existing fire hydrant on the corner of Pine Street and Hickory Street. The applicant will need to coordinate the location of the relocated hydrant with the City. The proposed building is substantially in compliance with the design as approved during the General Development phase in 2016.

Budget/Fiscal Impact:

None

Recommendation:

The Plan Commission considered this item at their November 6 meeting and recommended approval.

Staff recommends approval of the SIP phase of the planned unit development for the St. Augustine Chapel/Newman Center as proposed, subject to the relocation of a fire hydrant and easement near the corner of Pine Street and Hickory Street at a location approved by City Staff.

Sample Affirmative Motion:

“Motion to approve the Planned Unit Development – Specific Implementation Plan for the St. Augustine Chapel at 135 S. Hickory Street as proposed, subject to the relocation of a fire hydrant and easement near the corner of Pine Street and Hickory Street at a location approved by City Staff.”

Re: St. Augustine Redevelopment Project: Planned Unit Development SIP

Case #: PC23-PUD01-09

Applicant: St. Augustine Parish/Plunkett Raysich Architects

Location: 135 S. Hickory Street

Surrounding Uses and Zoning:

Direction	Land Use	Zoning	Comprehensive Plan
Property in Question	St. Augustine Church	PUD	Institutional/High Density Residential
North	Residential, Parking	R-3, I-1	High Density Residential, Institutional
South	Residential	R-3	High Density Residential
East	Residential	R-3	High Density Residential
West	UWP	I-1	Institutional

BACKGROUND

1. This request is the second part of an overall St. Augustine redevelopment project that began back in 2016. The site for the overall project consists of the block bounded by Pine Street, Hickory Street, Greenwood Avenue and Bradford Street. The block initially contained four houses and the existing St. Augustine church building. The first phase of the project involved the removal of all the houses on the block and the construction of a new apartment building. The second phase involves the removal of the existing church building and the construction of a new chapel/Newman Center building.
2. The project is being presented as a Planned Unit Development (PUD), with the first part of the approval (the General Development Plan) being approved in 2016. The GDP established the land uses, the permissible densities, the general land plan, the general building design, and other general plan details. The second part of the project (the Specific Implementation Plan) was approved for the apartment building portion of the project. That approval specifically mentioned that the additional details on the new church building would be provided as part of a separate application.

3. The applicant has now applied for approval of the second step in the PUD approval for the church portion of the project, primarily the specific building design and materials, final grading, utilities, and other site details.

PROJECT DESCRIPTION

4. The new chapel/Newman Center building will be located on the corner of Pine Street and Hickory Street in the same location as the existing building. The proposed building will have a larger footprint and will be taller than the existing building but will include many of the same features. The first floor will include a traditional-styled chapel space, an attached banquet hall/multi-purpose area, a café/kitchen area, restrooms, and storage. The second floor will include a choir loft for the chapel, offices, study rooms, storage, restrooms, and a multi-purpose area. The first floor will open onto an adjacent patio area, and the second floor will have an outdoor deck, both of which are located overlooking the shared open space between the new building and the apartment building.

STAFF ANALYSIS

5. As previously approved in the GDP phase, the proposed development has a few characteristics that do not meet the typical zoning requirements:
 - a. Building setbacks. The building will be 2.1' from the property line along Pine Street, 12' from Hickory Street, and 2.2' from the side lot line. The existing building is actually closer to Hickory Street.
 - b. Lot coverage. The building appears to exceed the 70% lot coverage limit typical for institutional uses.
 - c. Parking. The parcel that the church will be located on has no parking spaces. The church will be able to share parking with the apartment building, which also is able to utilize parking at the St. Mary parish location. The existing church did not have on-site parking.
6. The building will require the relocation of an existing fire hydrant on the corner of Pine Street and Hickory Street. The applicant will need to coordinate the location of the relocated hydrant with the City.
7. The proposed building is substantially in compliance with the design as approved during the General Development phase in 2016.

STAFF RECOMMENDATION

8. Staff recommends approval of the SIP phase of the planned unit development for the St. Augustine Chapel/Newman Center as proposed, subject to the relocation of a fire hydrant and easement near the corner of Pine Street and Hickory Street at a location approved by City Staff.
