Motion carried 6-0 on a roll call vote.

**CITIZENS’ COMMENTS, OBSERVATIONS AND PETITIONS, if any.**

Council President Daus thanked the Staff and Council members who took part in the Maintenance and Conditions Tour of City facilities. Administration Director Maurer stated that the Pancake Breakfast is scheduled at the Airport for Sunday, July 27. President Daus expressed gratitude to the 4th of July Fireworks Committee and the Rollo and Jamison Mining Museums Heritage Day staff for organizing successful weekend celebrations.

**REPORTS**

- A. Board/Commission/Committee Minutes – Police & Fire Commission, Housing Authority Board, Museum Board
- B. Other Reports - Water and Sewer Financial Report – June, Airport Financial Report – June, Department Progress Reports

**ACTION**

- A. *Pine Street Pedestrian Islands* – Motion by Gates, second by Kopp, to direct staff to remove and replace all three pedestrian islands with 8-foot-wide islands with a painted crosswalk at the Court and Pine Street intersection and a “Yield to Pedestrian” sign facing both directions added at the Oak Street island. Motion carried 6-0 on a roll call vote.

- B. *Availability for Strategic Planning* – Motion by Kopp, second by McFall to approve July 25 from 9:00 A.M. to 11:00 A.M. for Session One, August 21 from 6:00 P.M. to 8:00 P.M. for Session Two, and September 4 from 9:00 A.M. to 11:00 A.M. for Session Three for scheduling of the preliminary strategic planning sessions. Motion carried 6-0 on a roll call vote.
- C. *Review and Approve Comprehensive Steering Committee Members* – City Manager Clinton Langreck shared that a request was issued to elected and appointed officials to recommend candidates for the Comprehensive Plan Steering Committee. The goal was to identify individuals with knowledge, experience, and expertise in various focus areas, including land use and planning, education, economic development, workforce development, small business, parks and recreation, higher education, civic engagement, public safety, and public information access. Based on the input and nominations, Troy Maggied from Southwestern Wisconsin Regional Planning Commission (SWWRPC) presented the updated list of committee members, which included 14 individuals who confirmed participation and others whom Alyssa Schaeffer, SWWRPC Project Manager, contacted but did not receive confirmation. Before starting steering committee activities, SWWRPC seeks Council review of the proposed appointments. Care was taken to ensure that fewer than half of the members are current Plan Commission representatives to avoid quorum issues. The Council agreed that the list represented a good mix of individuals and authorized SWWRPC to proceed with confirmed members, leaving the option to accept additional members as they respond positively, aiming for a total of 15-17 members to prevent the committee from becoming too large. Council President Daus requested a final list of committee members when that was available.

#### INFORMATION AND DISCUSSION

- A. *City Manager Budget Guidance* – City Manager Clinton Langreck explained that, as part of overseeing the city budget, the City Manager provides the directors with an annual budget guidance document to communicate financial principles, condition assessments, parameters, and priorities. As noted in the 2025 Budget Timeline, the City Manager plans to release this document to the directors in the second week of July. This document sets the tone and direction for the budgeting process, and the City Manager requested discussions from the Common Council on key budgetary elements. The sections presented for discussion include Anticipated 2026 Changes, the City Manager explained that these items are expected to increase; Reports and Acknowledgements; and CIP Prioritization, a list of which was distributed to the Council.
- B. *Proposed Amendment to the Industry Park Land Price Formula* – Community Development Director Joe Carroll and Platteville Area Industrial Development Corporation Director Abby Haas explained that a land price formula is a common type of business subsidy that municipalities use to incentivize businesses to locate in their community. By offering improved land at reduced costs, the idea is that the costs of the incentives are recouped through the improved tax base and the number of jobs that the business creates. The existing industry park land price formula was adopted in 2016. These incentives no longer accurately reflect the market value of land and the cost of installing the public utilities and improvements necessary to provide improved and available land in the industry park. The proposed formula will include amendments to better reflect the current costs. By approving the land price formula, the Council is authorizing the Platteville Area Industrial Development Corporation (PAIDC) to

negotiate land sales in the industrial park based on these incentives. The amendment will not have a direct budget impact. The PAIDC board voted to recommend approval of the amendments to the land price formula. Staff recommends approval of the proposed land price formula.

- C. *Annual Video Reports Review* – City Manager Clinton Langreck updated the Common Council on preparations for strategic and comprehensive planning by reviewing the director videos for the Administration Department, Community Development Department, and the City Manager. Administration Director Nicola Maurer, Community Development Director Joe Carroll, and City Manager Clinton Langreck responded to questions from the Common Council regarding each department's budget needs.

Council President Daus announced that Senator Marklein visited with City Staff and Council members on July 7 to announce the benefits that directly impact the city after the passing of the State budget. They are a \$2,000,000 appropriation for the development of the Southwest Health Center Child Care Center, which will serve up to 140 children, and a 13 percent increase in the payment for municipal services, as well as additional funding for roads, schools, and special education. Also, the benchmark of growth in Shared Revenues tied to state sales tax revenues was retained.

#### ADJOURNMENT

Motion by Nall, second by Kopp to adjourn. Motion carried 6-0 on a roll call vote. The meeting was adjourned at 7:45 P.M.

Respectfully submitted,

Colette Steffen, City Clerk

THE CITY OF PLATTEVILLE, WISCONSIN COUNCIL SUMMARY SHEET		
COUNCIL SECTION: CONSIDERATION OF CONSENT AGENDA ITEM NUMBER: IV.F.	TITLE: Grant County Highway Construction Aids - 2026	DATE: July 22, 2025  VOTE REQUIRED: Majority
PREPARED BY: Howard B. Crofoot, P.E., Public Works Director		

**Description:**

Every year the City takes advantage of a program where we send \$2,000 in escrow to the County for street construction projects. Grant County matches the funding and after the project is complete, we request the entire \$4,000 in escrow. This is an annual process. There is an enclosed petition that needs to be sent to Grant County to request they allocate their portion of the funding. Staff recommend that the Petition list the Henry Street project as the project for this allocation.

**Budget/Fiscal Impact:**

The City allocates \$2,000 in the Street Maintenance operations budget annually for this amount.

**Recommendation:**

Approve the allocation of \$2,000 toward the Henry Street project.

**Sample Affirmative Motion:**

*"I move to approve all items listed under Consent Agenda."*

**Attachments:**

- Petition for Appropriation for the Improvement of a Highway.

## PETITION FOR APPROPRIATION FOR THE IMPROVEMENT OF A HIGHWAY

To the Honorable Board of Supervisors of Grant County, Wisconsin:

Ladies and Gentlemen:

Your petitioners, the Common Council of the City of Platteville, in said county, respectfully represent:

That at the regular Common Council meeting held on the 22<sup>nd</sup> day of July 2025, there was voted the sum of Two Thousand Dollars (\$2,000) for the improvement of a portion of the Prospective System of State Highways in Platteville in accordance with Section 83.14 of the Wisconsin Statutes.

Location and character of the improvement being as follows:

- **Henry Street from Jewett Street to Camp Street**
- **Construction of 12" Stone Base for Street Construction**

We your Petitioners, therefore ask that the Board of Supervisors of Grant County, Wisconsin, at this, its regular session, appropriate the sum of Two Thousand Dollars (\$2,000) to meet the amount voted by the City of Platteville, and for the purpose above stated.

**PLAN COMMISSION**  
**Monday, June 2, 2025**

The regular meeting of the Plan Commission of the City of Platteville was called to order by Plan Commission Chair Barbara Daus at 7:00 PM in the Common Council Chambers of the Municipal Building.

**ROLL CALL:**

Present: Bob Gates, Eileen Nickels, Rick Anderson, Tim Durst, Robert Vosberg, Ciara Miller, and Barbara Daus

Absent: None

**APPROVE MINUTES – May 5, 2025**

Motion by Gates, second by Durst to approve May 5, 2025, minutes as presented. Motion carried 5-0 with Vosberg abstaining on a roll call vote.

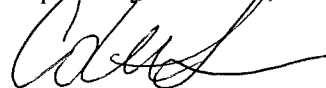

**PUBLIC PARTICIPATION PLAN– 2025 Platteville Comprehensive Plan Update**

Alyssa Shaeffer from the Southwestern Wisconsin Regional Plan Commission explained the importance of a comprehensive plan to guide the city's development for the next ten years. The City will utilize a Steering Committee to work with the Southwestern Wisconsin Regional Plan Commission (SWWRPC). The Steering Committee will consist of diverse members of the community with knowledge of existing challenges and opportunities. The City and SWWRPC developed a Public Participation Plan that will provide public meetings, an online survey, a steering committee and one-on-one conversations, public notices, and a public hearing to all residents and other interested parties for public participation in the update of the Comprehensive Plan. The timeline provided predicted the public engagement portion would take place in late August to September, Plan writing from October to November, and Final Plan approval would be in the first quarter of 2026. Motion by Miller, second by Gates, to recommend the Public Participation Plan to the Common Council for approval. Motion carried 6-0 on a roll call vote.

**ADJOURN:**

Motion by Gates, second by Nickels to adjourn. Motion carried 6-0 on a roll call vote. The meeting was adjourned at 7:20 PM.

Respectfully submitted,

## THE CITY OF PLATTEVILLE, WISCONSIN COUNCIL SUMMARY SHEET

<b>COUNCIL SECTION: ACTION ITEM NUMBER: VII.A.</b>	<b>TITLE:</b> Proposed Amendment to the Industry Park Land Price Formula	<b>DATE:</b> July 22, 2025  <b>VOTE REQUIRED:</b> Majority
<b>PREPARED BY: Abby Haas - Platteville Area Industrial Development Corporation and Joe Carroll - Community Development Director</b>		

**Description:**

A land price formula is a common type of business subsidy that municipalities use to incentivize businesses to locate in their community. By offering improved land at reduced costs, the idea is that the costs of the incentives are recouped through the improved tax base and the number of jobs that the business creates.

The existing industry park land price formula was adopted in 2016. These incentives no longer accurately reflect the market value of land and the cost of installing the public utilities and improvements necessary to provide improved and available land in the industry park. The proposed formula will include amendments to better reflect the current costs.

By approving the land price formula, the Council is authorizing the Platteville Area Industrial Development Corporation (PAIDC) to negotiate land sales in the industry park based on these incentives.

**Budget/Fiscal Impact:**

The amendment will not have a direct budget impact.

**Recommendation:**

The PAIDC board voted to recommend approval of the amendments to the land price formula.

Staff recommend approval of the proposed land price formula.

**Sample Affirmative Motion:**

*"Motion to approve the proposed amendments to the industry park land price formula."*

**Attachments:**

- Existing and Proposed Land Price Formulas

**Platteville Industry Park**  
**Land Price Formula**  
Approved 3/8/16

The price for Industry Park real estate is based upon the following land price formula:

Base land price - \$67,500/acre  
Credit is allowed for project costs exceeding \$250,000  
Less \$4,000 for each \$10,000 cost of improvement to the land in excess of \$250,000  
    within 24 months of date of closing  
Less \$1000 for each Level 1 job (less than \$10-15/hr. including cost of benefits) created  
    within 24 months of the date of closing  
Less \$2000 for each Level 2 job (\$15-\$20/hr. including cost of benefits) created within  
    24 months of the date of closing  
Less \$3,000 for each Level 3 job (\$20-\$30/hr. including cost of benefits) created  
    within 24 months of the date of closing  
Less \$4,000 for each Level 4 job (\$30+/hr. including cost of benefits) created  
    within 24 months of the date of closing

The final land price shall be based on the above criteria, and in no event shall the final land price be below \$1.00/acre. The Platteville Industrial Development Corporation will be responsible for determining whether a job that is created is to be classified as Level 1, 2, 3 or 4 based upon information to be provided by buyer.

## **Platteville Industry Park Land Price Formula**

Proposed 2025

The price for industry park real estate shall be based on the following land price formula:

- Base land price: \$175,000.
- Credit: A price reduction credit is allowed for building and site improvements exceeding \$1,000,000.
- Improvement Incentive: The price is reduced by \$5,000 per \$10,000 of improvements over \$1,000,000.
- For all projects under \$1,000,000 in improvements and/or under 1 acre, the incentive will be determined on a case-by-case basis.
- Job Incentive: The price is reduced by \$2,000 for all jobs created that pay over \$20 per hour (excluding benefits) created within 24 months of closing.

The final land price shall be based on the above criteria, and in no case shall the final land price be less than \$1.00 per acre. The improvement incentive will be based on the value of all property improvements made to the property within 24 months of closing. The Platteville Industrial Development Corporation shall be responsible for determining the number of qualified jobs created.

## THE CITY OF PLATTEVILLE, WISCONSIN COUNCIL SUMMARY SHEET

<b>COUNCIL SECTION: INFORMATION &amp; DISCUSSION ITEM NUMBER: VIII.A.</b>	<b>TITLE:</b> Property Annexation, Zoning Designation and Preliminary Plat – Western Avenue	<b>DATE:</b> July 22, 2025  <b>VOTE REQUIRED:</b> Two-Thirds
<b>PREPARED BY: Joe Carroll, Community Development Director</b>		

### **Description:**

The owner of 11.5 acres of vacant agricultural land located on the west side of Western Avenue has applied to have the land annexed to the City. The applicant has applied for "direct annexation by unanimous approval," pursuant to Chapter 66.0217 (2) of the Wisconsin Statutes. Subject to annexation approval, the request is to rezone the property from the current Agricultural Transition district to R-2 One & Two-family Residential district. The annexation request is contingent upon the requested zoning being approved.

Subject to annexation approval, the applicant has submitted a Preliminary Plat to divide the annexed property into 6 building lots to be developed for residential use. The six lots range in area from 1.53 acres to 2.52 acres. The street frontage of the lots is 133 feet each, except lot 6 which is located on the corner of Western Avenue and Camp Street and has 58.87 feet of frontage. The actual width of this lot is approximately 195 feet. The plat is also creating Outlot 1, which is intended to provide for the dedication of the western half of Western Avenue as a public road. A portion of the property along the southern boundary will remain unannexed and unplatted and will provide access to the remaining unplatted portion of the property to the west. The lots will be able to connect to City water and sanitary sewer mains currently located in Western Avenue.

### **Budget/Fiscal Impact:**

No immediate impacts, but if approved the project will increase the tax base for the City.

### **Recommendation:**

Staff recommends approval of the annexation request and also recommends approval of the rezoning of the property to R-2 One & Two-family Residential after annexation.

Staff recommends approval of the preliminary plat to create 6 lots.

### **Sample Affirmative Motion:**

*"Motion to approve the annexation of 11.5 acres of land located on the west side of Western Avenue and the zoning of the land as R-2 One & Two-Family Residential."*

*"Motion to approve the preliminary plat for the 11.5 acres to create 6 lots as proposed."*

West	Agriculture/Woodland	A-T (ET)	Agriculture/Woodland

### BACKGROUND

1. The request is for annexation of approximately 11 acres of currently vacant agricultural land on the west side of Western Avenue. The request also involves the division of this property into 6 lots that would be intended for residential development.

### PROJECT DESCRIPTION - Annexation

2. The owner of the property is the applicant and has applied for "direct annexation by unanimous approval," pursuant to Chapter 66.0217 (2) of the Wisconsin Statutes. This method of annexation applies when all of the property owners and all of the electors residing on the property to be annexed have signed an annexation petition. Because of direct annexation, no referendum is necessary, and no public hearings are required, other than for the rezoning. There are no residents within the area being annexed.
3. The land to be annexed is 11.55 acres in area. The property is contiguous to the municipal boundary along the west side of Western Avenue. A City water main is located adjacent to the property in the Western Avenue right-of-way. A sanitary sewer main is available at the southeast corner of the property, in the Western Avenue and Union Street intersection.

4. Subject to annexation approval, the request is to rezone the property from the current Agricultural Transition district to R-2 One & Two-family Residential. The annexation request is contingent upon approval of the R-2 zoning designation.

#### **PROJECT DESCRIPTION - Preliminary Plat**

5. The applicant has submitted a Preliminary Plat to divide the annexed property. The total land area to be included in the subdivision is approximately 11.55 acres. The proposed plat will divide this property into 6 building lots to be developed for residential use.
6. Access to the proposed lots will be provided by the existing Western Avenue. No additional public streets will be constructed. Water service is in place and available for direct connection from each lot. Sanitary sewer service is located adjacent to the property, but will require the extension of sanitary mains from each lot to the connection point.
7. The six lots range in area from 1.53 acres to 2.52 acres. The street frontage of the lots is 133 feet, except lot 6 which is located on the corner of Western Avenue and Camp Street and has 58.87 feet of frontage. The actual width of this lot is approximately 195 feet. The plat is also creating Outlot 1, which is intended to provide for the dedication of the western half of Western Avenue as a public road. A portion of the property along the southern boundary will remain unannexed and unplatted and will provide access to the remaining unplatted portion of the property to the west.

#### **STAFF ANALYSIS**

8. The annexation request meets all the requirements of the State statute. The property is contiguous to the City boundary, and City streets and utilities are available to serve the property.
9. The requested R-2 zoning will allow for the future residential development of the land, which is suitable for land adjacent to the school and near other residential neighborhoods.
10. The proposed subdivision plat and the proposed lots all meet the area and dimensional standards of the proposed zoning district and the subdivision ordinance. The plat layout allows for the future extension of Western Avenue to the north, which will allow for the future development of this land.

#### **STAFF RECOMMENDATION**

11. Staff recommends approval of the annexation request and also recommends approval of the rezoning of the property to R-2 One & Two-family Residential after annexation.
12. Staff recommends approval of the preliminary plat to create 6 lots.

## THE CITY OF PLATTEVILLE, WISCONSIN COUNCIL SUMMARY SHEET

**COUNCIL SECTION:  
INFORMATION &  
DISCUSSION  
ITEM NUMBER:  
VIII.B.**

**TITLE:**  
City Manager Budget Guidance

**DATE:**  
July 22, 2025

**VOTE REQUIRED:**  
None

**PREPARED BY:** Clinton Langreck, City Manager

### **Description:**

The Platteville City Manager is tasked with an oversight of the preparation of the city budget. As part of the oversight, the City Manager releases an annual budget guidance document to directors that helps convey financial tenets, conditions assessment, parameters, and priorities.

As indicated in the 2025 Budget Timeline, the City Manager intends to release this document to the Directors in the second week of July. This document sets the tone and direction for the budgeting process, and the City Manager is looking to engage in conversation with the Common Council on key budgetary elements.

A draft of portions of the document is attached to provide transparency into the process. The council will have an opportunity to discuss the guidance and provide feedback in shaping efforts to prioritize efforts and find solutions.

### **Budget/Fiscal Impact:**

Discussion and feedback will help shape future budget impacts.

### **Recommendation:**

The City Manager is looking for discussion and feedback. No action is anticipated.

### **Sample Affirmative Motion:**

N/A

## **2026 – Operations Budget Guidance:**

Purpose - The City Manager's Budget Guidance serves as a bridge to connect department planning initiatives, community priorities, council goals, estimated forecasts and fiscal feasibility, in efforts to align the city's annual operating budget, annual capital improvement program, and long-term financial planning.

The document is intended to:

1. Initiate annual strategic planning
2. Recognize our existing city planning documents
3. Acknowledge financial Tenets (obligations, commitments, values, limitations)
4. Respond to identified department challenges and opportunities (as per annual reports)
5. Forecast future financial outlooks and options
6. Prioritize service needs, desires, qualities and quantities
7. Direct administration and departments in operational and CIP planning

### **Introduction Comments:**

Reporting and data - as part of continued and incremental improvements to our planning and budgeting processes, I want to thank you and your staff in the added efforts of including department reports (recorded) and our maintenance report (appendices) in this year's planning process. The added time and attention that went into these reports is appreciated, as these reports allow a deeper insight into the city operations and conditions of buildings and grounds. It is important to acknowledge that these added tools help the City Manager and Common Council navigate the budget process and prioritize expenditures. I also recognize these reports come at the expense of service hours away from other functions. As such, I will do my best to ensure that the Common Council and I consider additional data requests to ensure that such data is purposeful to the decision-making process, feasible to obtain and non-redundant from previous reports or sources.

Community Input - Community input plays a pivotal role in shaping operations that reflect the needs and values of the people we serve. Through this planning process we hope to receive community feedback through elected council representatives, appointed board, committee, and commission members, planning documentation developed through citizen feedback, open hearings, etc. Through planning documentation, work sessions, and public comments, we aim to create a transparent and collaborative process that leads to thoughtful, effective outcomes.

Perseverance – Budget development is a big project. It is complicated. No one person knows all the financial rules of operational limitations imposed on the city. Financial rules, auditing standards, operational limitations, and failed, previous attempts can often stifle ideas. Don't let these setbacks stop you from continuing to consider options and proposing solutions. I expect directors to advocate passionately for their cause with an understanding and respect for the limited resources at our disposal.

## Section I. Assessments and Forecasts

### Anticipated 2026 Changes

#### a. Non-Utility Expenditure:

<b><u>Factors:</u></b>	<b><u>%:</u></b>	<b><u>Impact:</u></b>	<b><u>Dollars:</u></b>
Inflation	2%	Estimating a 2% increase on all operational costs in 2026. (estimates from CBO and Fed Res) (General Fund and Broske Center)	\$62,500
General Wages	2.5%	Estimating a 2.5% CPI increase based on Wisconsin Dept of Revenue	\$136,800
WPPA Wages	3%	Officer wage and fringe increase	\$47,800
Health Ins.	6%	Estimates range for total healthcare costs from 4.3% to 6.7% increase. 6% is our current estimate based on early 2025 plan experience and recent trends.	\$73,000
		<b>Total Impact:</b>	\$320,100

#### b. Non-Utility Revenues:

<b><u>Factors:</u></b>	<b><u>%:</u></b>	<b><u>Impact:</u></b>	<b><u>Dollars:</u></b>
Shared Rev	2.3	Current Projection (to date).	\$73,000
Close TID5		This closure will generate more tax base and an increase in the levy limit by an estimated \$145,800. However, with our ability to exceed the levy limit through the debt service adjustment, we have an estimated capacity to raise the levy above this number. Of course, with an increase beyond this number we would anticipate an MIL rate increase.	\$390,000.
		<b>Total Impact:</b>	\$463,000

Entering the 2026 budget process we are assuming that our increased property tax base with the closure of TID #5 should help us with necessary increases from inflation, cost of living increases and cost of materials and services increases. However, we are anticipating continued and incremental increases in the coming years, and the bump up from TID closure is a onetime influx.

## **Financial Tenets and Principles:**

The city's financial Tenets and principles are intended to give city administration guiding principles in ensuring that annual budgets are prepared with consideration for legal obligations, long-term commitments, and current financial priorities.

- c. Budget preparation will...
  - i. Statute - Abide by levy limits imposed by state statute, less exemptions
  - ii. Statute – Meet maintenance of effort required for supplemental shared revenue
  - iii. Statute - Meet eligibility for expenditure restraint revenues
  - iv. Ordinance – Maintain less than 3.5% of total equalized value in debt
  - v. Ordinance – Recognize Section 3.42 Municipal Code “Limitation on Council Authority to Make Expenditures”
  - vi. Common Council Policy – ensure an undesignated general fund balance remains at 20% of the general fund budget or higher
- d. Budget preparation ought to...
  - i. Agreement – Provide streambank stabilization (every 2 years)
  - ii. Agreement – Provide seal coating for PCA trail (complete every 5 years)
  - iii. Resolution # ? – provide CIP local match for State Hwy 80/81 reconstruction
  - iv. Practice – consider a possible cost-of-living adjustment for wages and possible progression on the compensation schedule as provided in the Carlson Study
  - v. Practice – Borrow no more than previous year's retired principal, with consideration given to % change in city's total equalized value
  - vi. Practice – Primarily, designate CIP borrowing to street reconstruction, and CIP levy to equipment, building maintenance, and grounds
  - vii. Practice – Contribute \$15,000 to Airport CIP
- e. Budget preparation should...
  - i. Practice – identify long-lead equipment purchases that may necessitate a separate resolution for commitment into future years for delivery

## **Section II. – Preliminary Budget Guidance:**

This section depicts the City Manager's guidance to directors and staff in preparing their preliminary budget worksheets. These directives are not guaranteed to be incorporated into the final budget but are directed with the purpose of solving identified troubles and assessing the financial feasibility of incorporating solutions. This guidance document does offer direct initiatives that are not intended to micromanage or minimize the discretion of departments, but to respond to previous reports, conversations, and questions from departments in efforts of efficiency. As a general approach, if you are asking for something new, please follow the basics of negotiations by describing 1) why you need it, 2) who else has it, and 3) what are we willing to reduce in operations from your department.

### **1. Employee Wages**

- a. The Department of Administration is directed to incorporate a 2.5% cost of living adjustment to the positions depicted on the existing, non-union, compensation schedule. In 2024 we increased general wages and salaries by an average of 7% reflective of the Carlson Study. In 2025 we increased our general wages and salaries by 3%, reflective of CPI. Our WPPA members experienced a 5% increase in 2024, 4% in 2025, and will receive a 3% adjustment in 2026 by CBA.

Reference Wisconsin DOR guidance to WERC on base wage bargaining [https://werc.wi.gov/doaroot/cpi-u\\_chart.htm](https://werc.wi.gov/doaroot/cpi-u_chart.htm)

- b. Administration is directed to incorporate longevity steps to eligible employees in accordance with the compensation plan and schedule.
- c. The Library Director is requested to bring these two initiatives to the Library Board for their consideration.
- d. Once we have had the opportunity to review these potential impacts on next year's budget, we will be able to determine the financial feasibility of implementing these into the final recommendation to the Platteville Common Council. Again, this anticipated COLA will not be finalized until a final vote on the budget.

## **2. Operational Expenses**

- a. With efforts to address our compensation plan, please bring all other operational expenditure lines to a total of **no more than a 2% increase in expenses**. If your department is anticipating increased revenues to offset more than 2% in operational expenditures, please justify with a narrative.
- b. If there is an unresolvable need to increase expenditures (levy use) beyond this guidance, please make the appropriate change and present with a justifying narrative for consideration. Again, if asking for something new, please follow the basics of negotiations by describing 1) why you need it, 2) who else has it, and 3) what are we willing to reduce.
- c. Please review and identify expenditure operational items that may historically have been budgeted conservatively, with risk or concerns of fluctuating or unforeseen costs. Please assess and help indicate these lines in your budget presentation (during our meeting). The intention of this exercise is to gauge our built-in contingency capacity.
- d. If reductions in services are necessary to meet these provided guidance standards, please identify proposed service reductions with a justifying narrative. The City Manager will be expecting that consideration will be given to the cost, popularity and community impact involving reductions and that popular services will not be offered first in efforts to prevent reductions. Again, we are not in a budget crisis approach but must be mindful and deliberate in expanding services.
- e. The Library Director is requested to bring these initiatives to the Library Board for their consideration.

## **3. Operational Revenues**

- a. New Revenue Streams - please consider new ways we can increase revenue by adding cost-beneficial programs or seeking out new revenue types.
- b. Service Fees – As our operational expenses increase from year to year, the city must also incrementally adjust its service fees to account for these changes. Please incorporate, or seek approval from authority bodies, to increase your overall service charges by at least 2%.

Reference DOR monthly economic updates: <https://www.revenue.wi.gov/Pages/Report/Monthly-Economic-News-Update.aspx>

- c. The Library Director is requested to bring these initiatives to the Library Board for their consideration.

## **4. Grant Opportunities**

- a. I expect departments to hunt and pursue grant opportunities so please start thinking about what agencies you could go after for grant support in the coming year.
- b. Please consider if a local match is required or future operational funds will be needed to support the project.

### Specified guidance on staffing and budgets

Please develop these directives for consideration in the preliminary budget proposals, to see if they fit and remain a priority through the budget process. These directives are not guaranteed to carry through the budget process. Any deviations by departments in the preliminary budget proposals from these directives should be justifiable and supported with a strong narrative. This year's specified directives are largely based on previous conversations and petitions throughout the year. In efforts to control operational creep, please also help identify what we can consider giving up to help offset costs, or how we can gain additional revenues to offset costs.

Department	Guidance	Costs:
City Manager (HR Manager)	Please develop three options for next year's health insurance rates: A) Status Quo with current plan design and premium share, B) Plan that limits the cost of the city premium share increase to 6% or less, C) HR Manager's Discretionary Option	TBD
Administration Department	Please investigate appropriations for committees, boards, and commissions without expenditure authority, to have funds available for membership training and other support expenses. House in Common Council budget to be accessed by request of the subordinate body.	TBD
Administration Department	Please explore options for our contracted property appraiser services and possible changes in contract.	TBD
Administration Department	Please investigate software solution or CIVIC module that provides CIP tracking and forecasting.	TBD
Administration Department	Please evaluate wages for our election workers.	TBD
Administration Department	Please evaluate and report on the benefits and burdens of continuing with an annual budget book meeting the GFOA Standards test. How much could we save on service hours (dollar correlation) with downsizing our budget book?	TBD
Administration Department	Social Media Archiving – Please add a Social Media Archiving solution to the City Clerk 2025 Budget proposal.	TBD
Community Development Department	Please develop and budget for the use of the remaining Federal Housing Grant funds.	TBD
Community Development Department	Please assess and explore contracted building inspector services as part of our 2026 budget consideration.	TBD
Public Works Department	Please explore an Assistant Director of PW position, with reduction of a Superintendent. Please detail the feasibility of duty distribution and appropriate share of salary on utilities vs levy dollars.	TBD
Fire Department	Please build the 2026 budget with current wages and salaries, but please develop and cost an incremental, 5-year plan, of blended pay solutions to help with recruitment and retention. In considering options for future added payments, I would like to conduct a survey with association members to gauge concerns and impacts.	TBD

The Mining and Rollo Jamison Museums	Increasing the Collections and Education Manager to fulltime in 2024 was a deal brokered with expectations of continued operational support from the Friends of the Museum in the amount of \$20,000 annually. With the City Manager, please work with the Friends in completing a donation agreement form, if they are interested in continuing this support and ensuring the current Collections and Education Manager position can remain full-time with benefits.	TBD
Parks, Forestry and Recreation Department	Pool – Please re-size guard and attendant staffing level with operations anticipated pool opening for June of 2026. With many variables impacting the opening date, please also explore a bullpen of casual and perhaps volunteer guards that may be able to help if we operate in 2026 with a delayed pool opening.	TBD
Parks, Forestry and Recreation Department	Training and Membership – Please explore and repropose budget for training and membership with an organization like wpraweb.org	TBD
Parks, Forestry and Recreation Department	Inclusive Playground – Please build anticipated maintenance and upkeep costs for the inclusive playground and explore revenue support with ICI.	TBD

Director Maurer will be releasing the worksheets and submittal instructions soon.

Thank you for your support in this project.
