ACTION

- A. *Resolution 26-06 Providing for the Sale of Approximately \$2,820,000 General Obligation Promissory Notes, Series 2026A*- Administration Director Nicola Maurer explained that the City of Platteville 2026 Budget included funding \$2,366,000 of capital improvements through the issuance of general obligation notes. The 2026 borrowing for the East Main St. project has been

increased from \$600,000 to \$1,129,000. The borrowing of \$150,000 for the 2.5T Dump Truck Body has been postponed until 2027, when the invoice will be due. The total debt issue for the above CIP projects, including estimated debt issuance costs, is \$2,820,000. The resolution authorizes and directs that the notes be offered for public sale. Brian Roemer, Senior Municipal Advisor with Ehlers, explained the pre-sale reports for Series 2026A and Series 2026B promissory notes. Roemer noted that the closing date in the report of January 1, 1900 was a typo and the actual closing date would be early September 2026. Roemer and Director Maurer answered questions from Council. Motion by Badger, second by Whisenant to adopt Resolution 26-06 Providing for the Sale of Approximately \$2,820,000 General Obligation Promissory Notes, Series 2026A. Motion carried 6-0 on a roll call vote.

- B. *Resolution 26-07 Providing for the Sale of Approximately \$3,010,000 Water and Sewer System Revenue Bonds, Series 2026B.* Motion by Badger, second by Kopp to adopt Resolution 26-07 Providing for the Sale of Approximately \$3,010,000 Water and Sewer System Revenue Bonds, Series 2026B. Motion carried 6-0 on a roll call vote.
- C. *Contract 1-26, Jefferson Street Reconstruction*— Director of Public Works Howard Crofoot explained that Jefferson Street (Cedar to Lewis) was approved for reconstruction in the CIP. Due to uncertainties with the East Main Street project, bidding was delayed until recently. Bid Opening was at 9:00 AM on Tuesday, June 9, 2026. There were four bidders. Owen’s Excavating was the low bidder. Owen’s Excavating has been a successful contractor for us, including site work for the Fire Station and Pool projects. The bid is under the budgeted amount. Staff recommends awarding the contract to Owen’s Excavating. Motion by Whisenant, second by Parrott to award Contract 1-26, Jefferson Street to Owen’s Excavating at the bid price of \$673,743.29. Motion carried 6-0 on a roll call vote.
- D. *Compliance Maintenance Annual Report (CMAR) 2025*- Director of Public Works Howard Crofoot explained that the Compliance Maintenance Annual Report (CMAR) for calendar year 2025 for the City’s Wastewater Treatment Plant is enclosed in the packet. The CMAR is required to be submitted annually by June 30 to the DNR. It is a self-report on the condition of the City’s treatment plant, the collection system, the experience of the City’s operations personnel, and the City’s financial and managerial capacity to run the system. The Wastewater Treatment Plant is in excellent condition and is operated by an exceptional staff. The City’s system is graded an “A” in all areas for 2025. The City’s Wastewater Treatment Plant's financial condition is stable, and management procedures are in place. Also enclosed is a Resolution that is required by the DNR to demonstrate that the Common Council has reviewed and approve the submission of the CMAR for calendar year 2025. The Water & Sewer Commission reviewed the CMAR on June 10 and recommends approval. Staff recommends approval of Resolution 26-08, authorizing staff to submit the enclosed CMAR for 2025. Motion by Kopp, second by Badger to approve Resolution 26-08 accepting the Compliance Maintenance Annual Report (CMAR) for 2025 and authorizing staff to submit the report. Motion carried 6-0 on a roll call vote.
- E. *Amendments to Chapter 4.07 Sidewalk Café Permits*- Community Development Director Joe Carroll explained proposed amendments to Section 4.07 of the Municipal Code related to sidewalk café permits. The changes were prompted by questions and comments that came up during the request for a permit at the 1906 tavern at 35 N. Second Street. The potential amendments would eliminate the language that requires the applicant for a sidewalk café permit to be a licensed restaurant. This change would allow taverns, coffee shops, and other similar businesses to apply for a permit and allows more flexibility in the location of the café. The Plan Commission recommended approval of the proposed amendments. Staff recommends approval. Motion by Whisenant, second by Parrott to approve the amendments to Chapter 4.07 Sidewalk Café Permits as proposed. Motion carried 6-0 on a roll call vote.

- F. *Amendments to Chapter 22.11 – Zoning and Chapter 25.05 ET Zoning-* Community Development Director Joe Carroll explained proposed amendments to Section 22.11 of the Zoning Ordinance and 25.05 of the Extraterritorial Zoning Ordinance related to signage. The changes were prompted by questions and comments received by a resident related to regulating political signs. In 2015, a U.S. Supreme Court decision determined that community signage regulations cannot regulate signs based on the content of the signs. The content on the signs is considered a type of speech, and regulations that are different for signs with different content would be considered a violation of the free speech requirements in the First Amendment. In response, the regulations regarding temporary signs in the zoning ordinance, including rules for political signs, were modified. However, inadvertently, the regulations in the Extra-territorial Zoning ordinance were not modified, so some of that outdated language is still present. When reviewing the ordinance, Staff also determined that there is still some language in both ordinances related to other signs that is outdated and not in compliance with the Supreme Court decision. Staff recommends approval. Motion by Badger, second by Whisenant to approve the amendments to Chapter 22.11 Zoning and Chapter 25.05 ET Zoning as proposed. Motion carried 6-0 on a roll call vote.
- G. *TID 9 Boundary Amendment-* Community Development Director Joe Carroll explained that staff would like to begin work on amending the boundary of TID 9 to add additional properties. The sale of Lot 47 in the industry park was just approved, and this property would be added so the district could assist with the construction of a stormwater pond. A few other parcels would be included where there has been interest from potential purchasers of the land, and where stormwater and other improvements would be needed to support the development. These developments would require financial assistance to make the projects viable. The cost of amending the district is an eligible TID expense. Director Carroll answered questions. Staff recommends proceeding with the boundary amendment. Motion by Badger, second by Kopp to approve work to complete the boundary amendment for Tax Increment District #9. Motion carried 6-0 on a roll call vote.

- A. *Proposed 2027 Budget Schedule-* Administration Director Nicola Maurer explained the proposed budget schedule for the City of Platteville 2027 budget process.

July 9th, 2026

Dear City Council,

Ogger's is requesting permission to temporarily extend our licensed premises directly outside our building during the community music festival on July 18, 2026.

As the street will already be closed for the event, we are requesting approval to operate a temporary, removable outdoor bar immediately in front of our establishment to serve alcoholic beverages to festival attendees. This would allow us to better accommodate customers while supporting the community event. The temporary bar would only operate during the music festival and within our normal hours of operation.

We appreciate your consideration of this request and look forward to helping make the community music festival a successful event.

Sincerely,

Ted & Holly Ogden

PLAN COMMISSION

Monday, May 4, 2026

The regular meeting of the Plan Commission of the City of Platteville was called to order by Plan Commission Chair Barbara Daus at 6:00 PM in the Common Council Chambers of the Municipal Building.

ROLL CALL:

Present: Barbara Daus, Eileen Nickels, Matt Niehaus (arrived at 6:02 PM), Tim Durst, Bob Gates, Ciara Miller

Excused: Robert Vosberg

APPROVE MINUTES – April 6, 2026

Motion by Gates, second by Durst, to approve the March 2, 2026, minutes as presented. Motion carried 4-0 on a roll call vote.

SIDEWALK CAFÉ PERMIT – 35 N. SECOND STREET

Community Development Director Joe Carroll explained a permit request for the premises at 35 N. Second Street. Plan Commission Chair, Barbara Daus noted that City ordinance requires an establishment to be a restaurant, which 35 N. Second Street currently is not. Given that the permit request is not following City ordinance, no further action is required.

CERTIFIED SURVEY MAP & SALE OF INDUSTRY PARK LOT 47- 305 PHILIPS ROAD

Community Development Director Joe Carroll explained that the Platteville Area Industrial Development Corporation (PAIDC) and City Staff have been working on the sale of land in the industry park. The property consists of Lot 47 of Platteville Industry Park #7, which is located at 305 Philips Road, in the northwest portion of the park. The purchaser would like to acquire approximately 1.5 acres of the current 2.69-acre parcel. The purchaser might want a Right of First Refusal to allow them an option to purchase the remaining 1.19-acre portion of the lot within 5 years. The lot will be sold to a company that provides water testing services to municipalities, industries, and private wells. The building will include a laboratory and office space and will have an area of 7,200 sq. ft. and an estimated construction cost of \$650,000. The business will have 8 full-time employees. The sale of the land will be in accordance with the adopted land price formula. The base price for the land is \$175,000 per acre, but the final purchase price is reduced based on the value of the building constructed, and the number and wage rate for the jobs created. In some situations, the land can be sold for \$1 per acre. For projects that have a value under \$1,000,000, the purchase price is determined on a case-by-case basis. PAIDC has negotiated a purchase price of \$45,000 for the 1.5 acres. The purchaser will be responsible for constructing a stormwater pond sized to accommodate the development of the entire Lot 47, but will receive a pay-as-you-go TIF incentive to cover 50% of the estimated \$62,000 pond construction cost (not to exceed \$35,000). The purchaser will also be responsible for ongoing maintenance of the pond. The proceeds from the sale of the property and the tax increase resulting from the development will assist with the revenue for TID #9. Director Carroll and Dan Dreesens of Delta 3 answered questions. Motion by Miller, second by Gates, to

approve the land sale subject to a Development Agreement, a Construction Deadline and Repurchase Agreement, TIF Assistance Agreement and CSM. Staff also recommends approval of the Option to Purchase for the remaining portion of Lot 47. Motion carries on a 5-0 roll call vote.

COMPREHENSIVE PLAN UPDATE

Community Development Director Joe Carroll and staff continue to work with the Southwest Wisconsin Regional Planning Commission on the Comprehensive Plan update. Updates have been made based on recent Wisconsin law changes (Assembly Bill 453, now Wisconsin Act 173). Carroll noted that there is an error in the housing densities chart on page 40, but it will be updated for the final draft, and gave an update on the updated appendix. A public statement for informational purposes was made with two follow-up questions by Gene Weber, 1285 Union Street. Director Carroll answered questions, and Plan Commission members gave their opinions. Motion by Miller, second by Durst, to recommend the Comprehensive Plan as written, with the exclusion of the chart on Page 40, to the Council. Motion carried 5-0 on a roll call vote.

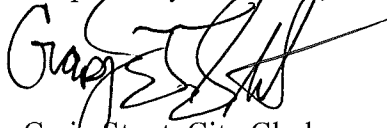

DISCUSS REVIEW PROCESS FOR THE TRAIL VIEW DEVELOPMENT PROPOSALS

Plan Commission member Bob Gates shared measurements of the Trail View Development compared to the Keystone Development. Community Development Director Joe Carroll shared that he has received three proposals for the Trail View Development. No bids were received for section 3 or the other half of section 1. Director Carroll went over each bid and answered questions. A public statement for informational purposes was made by Robert Snyder, 25 Maple Street. Plan Commission members gave their opinions. Plan Commission Chair Barbara Daus clarified the TIF process for Stephen Kleisath, 115 Maple Drive, and the city's potential future funding of this project. Motion by Durst, second by Nickels, to send the KC Construction proposal and the Holtz Builder proposal to Council for further investigation and discussion. Motion carried 4-0 on a roll call vote.

ADJOURN:

Motion by Niehaus, second by Nickels, to adjourn at 7:11 p.m. Motion carried 4-0 on a roll call vote.

Respectfully submitted,

Craig Stout, City Clerk

MEMBERS PRESENT: Bill Kloster, Bob Gates, John Niehaus, Jace Wade
ALTERNATE MEMBERS PRESENT: None
MEMBERS ABSENT: Barb Stockhausen
ALTERNATE MEMBERS ABSENT: None
STAFF PRESENT: Joe Carroll (Community Development Director)
OTHERS PRESENT: Jan and Mike Mergen

APPROVAL OF MINUTES:

Motion by Gates second by Niehaus, to approve the minutes of the August 7, 2025 meeting. Motion approved 3-0 (Kloster abstained).

VARIANCE REQUEST:

825 Hathaway Street – Andrew & Megan Bahr

Carroll introduced the variance request from Andrew and Megan Bahr. The applicant owns an existing single-family home at 825 Hathaway Street, which is on the northeast corner of Hathaway Street and Camp Street. The applicant would like to build an addition onto the house that would not meet the required street-yard setback.

The property has an attached one-stall garage on the southwest corner of the house. In addition to being only one stall wide, the garage is only 17 feet deep. The applicant is proposing to construct a 16' wide by 24' deep addition onto the existing structure that would expand the garage to the south to provide one more stall. The proposed construction would also extend the depth of the existing garage by 2 feet to allow larger vehicles to be parked inside. The resulting garage would be approximately 23 feet from the property line along Hathaway Street.

The minimum street-yard setback for principal structures is 25 feet. Therefore, the applicant is requesting a 2-foot variance from the minimum street-yard setback requirement to allow the 23 feet requested setback.

Staff opinion is that it is questionable if the application has met all the standards needed for approval.

Applicant statement.

The applicant asked if the width of the street has changed over the years to make the house closer than when it was originally constructed. Carroll replied that the paved street width may have changed, but the actual right-of-way width is the same as when it was platted.

The applicant mentioned that they currently have a minivan and the vehicle only has $\frac{3}{4}$ of an inch to spare when parked in the garage. They have to park it so the front bumper actually touches the garage wall in order to get the garage door open. The addition will make that space more useable, as well as allow for another vehicle to be parked inside.

Public statements in favor.

Jan and Mike Mergen spoke in favor of the request. They mentioned all the work the applicants have done to fix up the house and the property.

Public statements against. None

Public statements in general. None

Applicant Rebuttal. None

Board Discussion.

Kloster had a question regarding where the RV that is currently parked along the side of the house would be located after the project. The applicant replied that they would place it in the rear yard.

There was some discussion regarding the limited options available for the applicant. There were no concerns with how the request would fit the neighborhood. There were comments that several other houses in the neighborhood are located closer to the street than the required setback. There was a comment regarding a desire on the part of many people in the City to construct or expand garages and carports to protect vehicles since the hail storm last year.

Motion by Niehaus to approve the variance request. Second by Gates. Motion was approved 4-0. The variance request is approved.

The Findings of Fact

The garage expansion will not have a negative impact on the neighborhood or the City. The project will allow another vehicle to be parked in the garage, rather than on the street, which will improve the appearance and safety of the area. There were no concerns about setting a precedent. The resulting setback on the house fits the neighborhood.

Kloster asked if there were any options to modify the ordinance. Carroll replied that the zoning ordinance will be reviewed after adoption of the comprehensive plan, and that would be an appropriate time to consider changes to the required setbacks.

ADJOURN:

Motion by Kloster, second by Niehaus, to adjourn. Motion carried unanimously.

Joe Carroll, Community Development Director

D. Old Business

a. Indian Park marker

Apparent misunderstanding by the Friends of Indian Park that approvals from state and local historical commissions are distinct from required approvals by PFRC and City Council. All are necessary for different reasons.

Photos were shared of proposed rock slab to mount 72"x54" sign, and 2 proposed rocks to support the slab.

Further PFRC discussion will commence once Friends have submitted a plan for review (includes item descriptions, installation procedures, location/map, maintenance/safety).

Consultation with engineer seems warranted.

b. Restrictions and guideline development policies for Memorials and Legacies in City Parks

MOTION: PFRC approves the new policy resolution (Parks Resolution No. 26-01) and proposed bench list with the following amendments: prioritizing benches in Jenor Park and the Dog Park; removing Valley View and Sherman Park from option list; and, adding bench options in Harrison Park near small soccer field.

Motion to approve: Molly Zuehlke; Second: Kecia King (PASSED)

Bench list will be provided upon request or with memorial inquiries.

Maureen suggests doing a Facebook post about benches every so often.

Bob G. also had some additional suggestions for Bob L.

c. Smith and Mound View Park Trail status

Mound View - Nothing new. Part of trail that is torn up. Waiting on grant request (likely late June). Molly got feedback from some community members wanting it paved for accessibility.

Smith Park Trail - Park Place donated \$1500 (City has already received the funds) We are still in process but other community partners likely will donate. Potentially partner with PCA; Bob:L. will reach out to Clay Shaffer.

d. Ice Rink placement proposal

Kris W submitted a draft drawing of an ice rink in the small baseball field behind horseshoe courts at Legion Park. Size is equivalent to past rink located where pickleball courts are. Will need to grade the area with slight drop and bordering berm to the north. May need to reduce north-south dimension.

Discussion about the field's uses, weather limitations, cost-benefit, and techniques.

Bob L to get an estimate on grading.

Information Updates

- Fire Station Project Update – The subcontractor has completed the curb and gutter in various areas around the site. They have also now completed all the concrete driveways and parking lots. Sidewalks have also been completed with only asphalt paving to be completed. Asphalt paving is tentatively scheduled for the week of June 15th. The only site utility work to complete yet is the bioretention pond. This work is currently being done and then they will move to overall site grading.

Flooring is nearing completion throughout the building. Terrazzo flooring is completed in the lobby, carpet is completed in all areas except the meeting/training room, and LVT flooring is completed throughout the entire building. The carpet will be completed next week after the hearing loop is installed.

Ceiling tiles are completed in most areas. The ceiling contractor is waiting for the remaining ceiling tiles to arrive before they can complete the ceilings and expect the tiles to arrive early July.

Most of the electrical, plumbing and HVAC contractors are preparing for equipment startup and commissioning. The painters have completed most of the painting and will begin working on touchup painting as areas are completed.

The apparatus bay is currently getting the epoxy floor coating applied and should be completed by the end of this week.

We continue to be pleased with the progress being made and Kraemer Brothers anticipates the building being substantially completed in July allowing the fire department to begin moving in August/ September 2026 with a grand opening/ribbon cutting and open house planned to occur on Monday, October 5, 2026 @ 4:00pm. On Saturday, October 10th from 11:00am – 3:00pm, an open house will occur for a second opportunity for community members to view the new facility.

- Community Events – We will be participating in SHC Berry Fest and the annual 4th of July fireworks coming up.
- County Paging and Radio System – We have been working with Grant County and Racom to resolve some issues with the new county paging and radio systems. We are experiencing a decline in paging coverage as well as radio coverage. The new county radio system has also impacted our local radio channel and repeater as it is co-located on the county's Platteville tower and shares much of the same antenna infrastructure. We currently are experiencing very large/drastring decrease in our radio repeater power output. As a result of this, we are having coverage issues and are unable to have clear radio communications in much of our rural coverage and within commercial properties within the city. There is no current solution to these issues but we are continuing to work with our partners to find a resolution.
- Police Department Updates

ACCOMPLISHMENTS

- The entire department received recertification on our firearms. This is an annual requirement that was conducted while officers were on shift over the course of two days. All of our instructors are in-house trainers.
- Sergeant Kris Purkapile attended a mental health training in Iowa that focused on employee assistance programs and strategies to cope with the stresses of a law enforcement position. Sergeant Purkapile will be conducting department wide training on this topic soon.
- The department conducted the annual liquor license checks at all establishments that have a license. Most were in compliance with the regulations. The few that were not were given education on what was needed and each issue was resolved at the time of contact.

MAJOR OBJECTIVES FOR THE COMING MONTH.

-The department continues to make employee wellness a priority. We are contracted through HealthyMinds LLC in Madison to conduct a one-on-one wellness check with each employee. The intent is not disciplinary or evaluative in nature, but rather to provide employees with an opportunity to discuss stress management, resiliency, and overall wellness in a confidential environment. Participation supports our continued focus on employee well-being, recognizing that maintaining a healthy workforce contributes to long-term organizational effectiveness, employee retention, and quality service to the community. At this time, meetings have been made available to all employees and have been incorporated as one component of our ongoing wellness efforts.

-June begins a busy time for special events in the City, where we will provide coverage for many things happening in the community (Pride in the Park, pool opening, youth sports, etc). It is a great opportunity to connect with the public

- As part of the transition of code enforcement responsibilities from the former Code Enforcement Officer position to the Police Department, staff has begun a review of the City's ordinances to identify sections that may require updates to align enforcement authority with current operations.

The purpose of this review is not to expand enforcement powers or create new regulations, but to ensure the ordinances accurately reflect who is responsible for administration, enforcement, notice procedures, and compliance actions under the City Code.

During this process, staff is identifying provisions that currently assign enforcement authority to individual departments, positions, or officials that may no longer align with the City's organizational structure. Where appropriate, recommended ordinance amendments will be brought forward to clarify enforcement responsibility, preserve technical decision-making authority where needed, and improve consistency throughout the Code.

This review is expected to occur incrementally by chapter and proposed revisions will be presented to Council for consideration as they are completed.

-I have spoken with Sheriff Reukauf in regards to the next steps in the possibility of dispatch consolidation. We agreed that any future meeting that will include this topic by either the City Council or the County Board we will both attend to facilitate the discussion and present the same information for a shared future understanding.

-

- Motion was made by Nate Manwiller and Seconded by Vikki Peterson to enter into closed session for the purpose of interviewing a candidate for an open police officer position
- Motion was made by Nathan Manwiller and seconded by Deb Rice to name Ethan Schultz to the eligibility pool for the position of Police Officer. Unanimous vote.
- Nathan motioned and Deb 2nd to adjourn the meeting at 5:58pm. Unanimous.

Respectfully Submitted,

Josh Grabandt
Chief of Police

DEPARTMENT PROGRESS REPORT

Fire Department

June 2026

ACCOMPLISHMENTS

- Call Response - The fire department responded to 23 incidents in June. FD response summary is as follows:

Fires.....	6
Vehicle Crashes.....	2
Gas Odor/CO Alarms.....	0
Alarm System Activation.....	7
EMS Lift Assist.....	0
Other	8

- Fire Station Project Update – The bioretention pond is in the process of being finished. The water retention pond will be completed as the final site grading occurs. The site will be seeded and have straw added to ensure grass develops properly.

Landscaping work begins the first week of July with plantings to be installed by the end of the week. Trees on the site will not be planted until this fall.

Ceiling tiles are completed in most areas. The ceiling contractor is waiting for the remaining ceiling tiles to arrive before they can complete the ceilings and expect the tiles to arrive mid-July. The mechanical contractors have been on site starting up building systems and ensuring they are functioning properly.

Equipment subcontractors have begun their work to include appliance install, audio/video installs, and furniture. These are expected to be completed by July 24th. Building cleaners will be arriving on July 13th to begin cleaning the building top to bottom in preparation for final inspection.

We continue to be pleased with the progress being made and Kraemer Brothers anticipates the building being substantially completed by the end of July allowing the fire department to begin moving in August/ September 2026 with a grand opening/ribbon cutting and open house planned to occur on Monday, October 5, 2026 @ 4:00pm. On Saturday, October 10th from 11:00am – 3:00pm, an open house will occur for a second opportunity for community members to view the new facility.

- County Paging and Radio System – We are experiencing some issues with our radio system and paging since the new county radio system has come online. We are experiencing a decline in paging coverage as well as radio coverage. We continue to experience decreased coverage in our radio repeater power output resulting in reduced radio coverage. As a result of this, we are unable to have clear radio communications in parts of our rural coverage and within commercial properties within the city. There is no current solution to these issues, but we are continuing to work with Grant County and Racom to find a resolution.

MAJOR OBJECTIVES FOR THE COMING MONTH

- Fire Facility Construction – We will continue to work with our Construction Manager, Architect, and various subcontractors as we get close to the completion on the new fire facility.

- Hail Damage – We will continue to work with the City’s insurance, adjusters, vendors, and city staff to finalize hail damage claims and necessary repairs.

LIBRARY NEWS

- In preparation for the summer library program, staff have coordinated our online reading app, [Beanstack](#), to work in tandem with the Platteville School District's. Students can now count their school reading towards their public library reading challenges.
- During the In-service on May 11, staff set up the spring book sale, assembled and installed new furniture, and received training to be a more dementia-friendly organization.
- Spring tally week resulted in a total of 136 reference questions- 41 at the Circulation desk, 45 at Reference, and 50 at the Children's desk.
- The City of Platteville continues to work toward finalizing the Comprehensive and Strategic Plans. The Comprehensive Plan was approved at the May 26 Council meeting, and the draft of the Strategic Plan was reviewed. The draft can be found in the [Council Packet](#).
- Library Director Lee-Jones presented to a group of approximately 25 participants in Walk Down Main Street on May 27. The event kicked off at the Inspiring Community building, the original Carnegie Library, and then continued to the current PPL to learn about the history of Platteville's libraries from 1970 onward.

MEETING NOTES

- Welcome to our new Council Representative, Bob Gates. Thank you to Lynne Parrott for your years of service on the Library Board.
- Circulation Lead Bailey is working on a SWLS technology grant application to purchase PocketTalk translation devices for staff to use at the service desks. The application requires a brief letter of support from the Library Board.
- The Board will review the Open Meetings Law and will discuss meeting materials preference. As an effort to reduce printing costs, the Board may want to consider going paperless for meeting documents.
- As part of our ongoing effort to review all library policies on a regular, rotating basis, the [Responsibilities and Authority of the Library Board](#) policy will be evaluated at the June Library Board meeting. At this time, no changes to the policy are recommended.

Over the years, the role has grown into so much more, and she has been flexible and open-minded.
- Youth Services Outreach Coordinator Maggie will increase to a 3/4 time position on June 8.

Period Ending: July 8, 2026

ACCOMPLISHMENTS

- Continued LSL replacements. The one property that had been turned off due to non-compliance has since had the lead removed and is now in compliance. There are 15 known LSL remaining in Platteville. Of these, 4 are disconnected by owners' choice, 5 have reserved funds and are anticipating completion in the summer, 3 have plumber commitments, but the paperwork has not been submitted yet to reserve the funding and 3 that we have not heard from at this time. Services have been notified of the new deadlines and are hopefully working with plumbers to get commitments.
- Sidewalk Repair contract is complete. There may be additional locations when Augelli return to work on other projects.
- Knoll Wood Way Water Main replacement contract is signed and will begin later this summer.
- Awarded Contract 13-26 Rountree Branch Streambank Repair and begun the process of potentially adding additional locations.
- Signed contracts with Jewell Associates to do Real Estate and Relocation services for E. Main St. The Conceptual Relocation Plan was submitted to and approved by WisDOT.
- Submitted a grant request for 90/10 reimbursement for two Local Small Structures Replacement Program (LSSIP) projects. One to replace the large culvert that runs diagonally across the Pine & Water intersection, the other to replace the tube under Camp Street at Eastman. We anticipate grant award announcements in July or August.

- **WRRF work:**

The contractor is continuing work to the concrete tank used for backwash purposes. It will take another 2 – 3 weeks. This tank is over 50 years old and with rehab can last another 20 years.

The contractor completed cleaning of the Digester, all maintenance work inside was completed and the Digester is back in service.

The centrifuge that was installed in 2009 went out for rehab on June 3rd. The centrifuge spins the sludge to remove water. Estimated to take 4-6 weeks for the rehab.

While offline, Utility crews completed upgrades to valves, chemical injection ports and replaced the fire hydrant along Camp Street. The pump and piping were in worse shape than anticipated. The Water & Sewer Commission approved a budget increase to make the necessary repairs. We anticipate the Well to be back on line in mid-September.

Project Update

07/08/2026

Lead Service Lines (LSL): Continued LSL replacements. The one property that had been turned off due to non-compliance has since had the lead removed and is now in compliance. There are 15 known LSL remaining in Platteville. Of these, 4 are disconnected by owners' choice, 5 have reserved funds and are anticipating completion in the summer, 3 have plumber commitments, but the paperwork has not been submitted yet to reserve the funding and 3 that we have not heard from at this time. 2024 Projects

Mound View Trail Connector Phase 1: The DOT has awarded the City a grant for about \$407,000 for Phase 1 of the Mound View Trail Connector project. DNR awarded about \$131,000 toward the project. The City budgeted \$30,000 in 2024 for half the design costs and the two grants would pay the rest of the approximate \$568,000 cost of the project. Phase 1 will pave and light the current gravel trail from the PCA paved trail by the bridge behind J&N Stone and extend north to Mitchell Hollow Road. Delta 3 is hopeful that the DOT will approve the project to go out for bid with a late July/early August bid opening. If so, there should be time to finish before winter.

2025 Projects

Standalone Intelligent Transportation System (ITS) State Program (SISP) – Design 2025-2026/Construction 2027-2028: The City received the signed State-Municipality Agreement to authorize design work to begin after July 1, 2025. This is to replace/upgrade the traffic signals at Pine & Water. It is a 90/10 grant for design and construction (up to a maximum), but no grant funding for real estate. Staff have received the final design documents for the 2028 bidding.

2026 Projects

Knoll Wood Way Water Main Replacement: This project will replace water main only between Highway 80 and the newer section just past Hillcrest Circle. There was a Public Information Meeting at 6:00 PM on January 14, 2026 in the Common Council Chambers. Three residents from the project area and two Council members attended the meeting. The project was awarded to Temperley Excavating. They will likely do the project in late summer.

Jefferson Street Reconstruction: This project will be a full reconstruction to include water main, sanitary sewer, storm sewer, street, curb & gutter and sidewalk on Jefferson Street between Cedar and Lewis Street. There was a Public Information Meeting at 6:00 PM on January 22, 2026 in the Common Council Chambers. Two residents from the project area attended and one citizen members of the Community Safe Routes Committee attended the

meeting. Bid Opening was on June 9. The project will start late August or after Labor Day. All but the final layer of asphalt and landscaping should be done by winter

2026 Sidewalk Repair Contract: This project will repair damaged sidewalk sections. The contract was awarded to Augelli Concrete. Work is complete. There may be additional locations repaired when Augelli is back in town for the other projects.

Rountree Branch Streambank Repairs: This project was awarded with up to 5 additional locations while staying within the approved grant amount. This was subject to a Grant Amendment and regulatory approval. On June 3, 2026, Staff received the signed Contract Grant Amendment for all 5 additional locations. Delta 3 is working on plans and specs for regulatory approval. If approved, work will begin in fall 2026.

WRRF work:

The contractor is continuing work to the concrete tank used for backwash purposes. It will take another 2 – 3 weeks. This tank is over 50 years old and with rehab can last another 20 years.

The contractor completed cleaning of the Digester, all maintenance work inside was completed and the Digester is back in service.

The centrifuge that was installed in 2009 went out for rehab on June 3rd. The centrifuge spins the sludge to remove water. Estimated to take 4-6 weeks for the rehab.

While offline, Utility crews completed upgrades to valves, chemical injection ports and replaced the fire hydrant along Camp Street. The pump and piping were in worse shape than anticipated. The Water & Sewer Commission approved a budget increase to make the necessary repairs. We anticipate the Well to be back on line in mid-September.

2027 Projects

Henry Street Reconstruction: The design is due to DOT in August 2026 with construction in 2027. There was a Public Involvement Meeting at 6:00 PM on January 6, 2026 in the Common Council Chambers. Three residents from the project area attended, two Council members and two citizen members of the Community Safe Routes Committee attended the meeting. Nobody affected by the possible alternate sidewalk on N. Court Street attended the meeting. Consensus from the Community Safe Routes Committee is to keep the sidewalk on Henry Street and not on N. Court Street. The Committee wants to look at options to save the healthy tree at the crossing to Smith Park.

East Main Street Reconstruction – 2028: The Common Council voted to proceed with this project. Staff have signed a contract with Jewell Associates for Real Estate and Relocation

services. This project is proceeding. The Conceptual Relocation Plan was submitted and approved by WisDOT.

Future Projects

The City has approved an agreement with WisDOT to start design work in 2025 for rehabilitation only of Highway 80/81 (Water Street) from Business 151 to Pine Street and mill & overlay of Highway 81 (Chestnut – Adams – Lancaster) asphalt portions. Construction in 2033. No action yet.

Standalone Intelligent Transportation System (ITS) State Program (SISP) – Design 2027-2028/Construction 2028 - 2029: The City has been notified that the next round of SISP funding was approved for the Chestnut & Main intersection. We are awaiting the State contract. It is a 90/10 project with design in State FY 2028 (July 2027 – June 2028). The project initially calls for construction in State FY 2029, but Staff will ask the DOT to delay the project to coincide with the 2033 State Highway 80/81 project.

The City has the opportunity to compete for Local Small Structure Improvement Program (LSSIP) funding on a reimbursement basis 90/10 for a culvert greater than 6 feet and less than 20 feet wide rated “4” or less by the DOT contracted inspectors. There is only \$30 million allocated statewide, so it will not be easy to get funding. We are confirming whether this funding can be delayed to coincide with the 2033 Water Street project so there is a combined project. The Pine-Water Street project and the Camp Street project were submitted. There was a sinkhole recently that opened up on the north side of Camp Street where the tube goes under the road. This is due to failures in the tube allowing the soil to wash away. WisDOT expects to announce awards in July or August.

Re: Sidewalk Café Permit

Case #: PC26-MI01-03

Applicant: Nick Pease

Location: 35 N. Second Street

Surrounding Uses and Zoning:

Direction	Land Use	Zoning	Comprehensive Plan
Property in Question	Business	B-2	Mixed Use
North	Business	B-2	Mixed Use
South	Business	B-2	Mixed Use
East	Business	B-2	Mixed Use
West	Business	B-2	Mixed Use

I. BACKGROUND

1. The applicant owns the 1906 tavern on Second Street in the downtown area. The applicant would like to install an outdoor dining area on the public sidewalk in front of the building, which requires approval of a sidewalk café permit.
2. The Licensing Committee reviewed the application for the extended liquor license and recommends approval of the extended license subject to approval of the Sidewalk Café Permit.
3. The Council approved a code amendment that allows establishments other than restaurants to apply for a sidewalk café permit.

II. PROJECT DESCRIPTION

4. The applicant would like to place 5 metal tables and 10 metal chairs in front of the building along the Second Street, in front of the building. The applicant is also proposing to surround the table and chairs with a moveable, plastic fence. The location of the tables, chairs and fence would need to maintain a minimum of 4 feet of clearance from the existing obstructions in the area, which consists

of a light pole and garbage cans. The tables and chairs would also be placed to not interfere with the door to the building. The tables and chairs are proposed to be located adjacent the curb rather than adjacent to the building, which would be in compliance with the liquor laws.

III. STAFF ANALYSIS

5. The municipal code includes standards regarding sidewalk café's, as shown below.

4.07 - SIDEWALK CAFÉ PERMITS

(4) GENERAL RESTRICTIONS. Any sidewalk café permitted hereunder shall be subject to the following regulations:

- a) Sidewalk cafés are restricted to the public right-of-way immediately adjacent to and extending perpendicular to the curb from the façade of the real property owned or leased by the permit holder. The Plan Commission may allow the boundary to be extended beyond the frontage of the permit holders business to include the frontage of contiguous property, however, a written statement signed by the owner(s) and tenant(s) of the adjacent business shall be provided at the time of application.
- b) All sidewalk cafés shall remain within the boundaries of the sidewalk café site as set forth on the approved application. No application will be approved where the location of the sidewalk café negatively impacts another business, as determined by the Plan Commission.
- c) No portion of a sidewalk café shall be permitted within five (5) feet of a fire hydrant, curb-cut or marked crosswalk, or any handicapped parking space.
- d) All activities at the sidewalk café shall be conducted so as to maintain a minimum width of four (4) feet of unobstructed public pedestrian walkway between the sidewalk café and the edge of the sidewalk adjacent to the curb and other obstructions. For the purpose of the minimum clear walkway, traffic signs, light poles, hydrants and all similar obstacles shall be considered obstructions.
- e) No furniture or activities in a sidewalk café shall block designated egress, ingress, or fire exits from or to any structures, including the business establishment that operates the sidewalk café.
- f) No person holding a sidewalk café permit may use any public property, such as light poles or other utility poles, flower planters, trees, or other amenities as a point of attachment for any ropes or other devices as part of the sidewalk café.
- g) The color and material of the proposed outdoor furniture should be harmonious with the principal structure and adjacent structures. The outdoor furniture should be constructed of durable materials, such as wrought iron, rather than lightweight plastic.
- h) No sidewalk café shall be open for business between the hours of 10:00 p.m. and 7:00 a.m. All materials and equipment forming part of the sidewalk café shall be removed from the site when the sidewalk café is not open.
- i) No food preparation, food or beverage storage, refrigeration apparatus, or other equipment shall be allowed in the sidewalk café unless specifically authorized as part of the approval.
- j) No amplified sound shall be allowed in the sidewalk café unless specifically authorized as part of the permit.

- k) All sidewalk cafés shall be maintained in a clean and hazard-free condition at all times. Debris shall be removed as required during the day and again at the close of each business day. All debris and refuse generated by patrons of the sidewalk café shall be disposed of in receptacles provided by the holder of the sidewalk café permit and shall not be disposed of in publicly maintained trash receptacles.
- l) The use of a portion of the public right-of-way as a sidewalk café shall not be an exclusive use. All public improvements, including, but not limited to, light poles, traffic signs, manholes, or any public initiated maintenance procedures, shall take precedence over said use of the public right-of-way at all times. The City Manager or his/her designee may temporarily order the removal of the sidewalk café for special events, including but not limited to parades, sponsored runs or walks, or for public health and safety reasons.

IV. STAFF RECOMMENDATION

- 6. Staff recommends approval of the Sidewalk Café Permit to allow an outdoor eating and drinking area on the public sidewalk in front of 35 N. Second Street as long as the ordinance requirements are met.

COUNCIL SUMMARY SHEET**

COUNCIL SECTION: INFORMATION & DISCUSSION ITEM NUMBER: VII.F.	TITLE: Ordinance 26-xx - Amending Chapter 24 of Municipal Code – Fire Prevention and Protection Enforcement Authority	DATE: July 14, 2026 VOTE REQUIRED: Majority
PREPARED BY: Joshua Grabandt, Chief of Police		

Description:

The proposed amendments to Chapter 24 of the City of Platteville Municipal Code clarify the enforcement responsibilities between the Platteville Fire Department and the Platteville Police Department while preserving the Fire Department's operational authority and technical expertise.

Under the proposed ordinance, the Fire Department will continue to administer Chapter 24 by conducting inspections, interpreting fire codes, approving permits, identifying violations, and exercising all operational authority related to fire suppression, incident command, emergency response, and fire prevention. The ordinance does not modify the Fire Department's authority at emergency incidents or its responsibility for administering fire protection requirements.

The proposed changes transfer citation and enforcement authority for violations of Chapter 24 to the Police Department unless otherwise specifically authorized by ordinance. Fire Department personnel will continue to document violations, issue notices of correction where appropriate, and refer violations to the Police Department for enforcement action.

These amendments create a clear separation between technical code administration and ordinance enforcement, improve consistency with the City's current organizational structure, and allow police officers to utilize existing municipal citation authority while maintaining the Fire Department's subject matter expertise in fire prevention and life safety.

Recommendation:

Staff recommends Common Council consideration and approval of the proposed ordinance amendments to Chapter 24 of the Municipal Code.

Dear Barb and Interim City Manager Rohloff,

The Friends of the Mining and Rollo Jamison Museums recently received notification that we have been awarded a Non-State Grant for Local Projects in the amount of \$142,000. While not the entire amount we had hoped for, we are pleased to receive the grant and we have submitted another grant request to the DRA, revised our plan, agreed to increase the investment the Friends are willing to make and the donations we are going to seek in order to complete the majority of the plan we originally submitted.

As part of the Non-State Grant submission, the Council agreed to a use restriction agreement (LURA) that the State requires for us to receive the grant funds. I am attaching the LURA to this email for the City's consideration. Once the required areas are completed, including a notarized signature, please return it to me and I will forward the original copy along with other required documents to the Department of Administration.

Thank you for your assistance. If you have any questions, please don't hesitate to contact me.

WHEREAS, the Wisconsin State Building Commission has provided financial support for the development of IMPROVEMENTS TO THE ENTRANCE AND MUSEUM STORE AT THE MINING & ROLLO JAMISON MUSEUM in GRANT County (the “**Project**”);

WHEREAS, on May 13, 2026, the State of Wisconsin Building Commission authorized \$142,000 to aid Grantor in the construction of the Project, with state funding support to be in the form of a grant, and determined that Grantor has secured sufficient additional funding from non-state donations for the Project;

WHEREAS, if the facility that is constructed with funds from the grant, and/or the equipment that is purchased, is not used for the purpose of the Project, the Legislature requires Grantee to retain an ownership interest in the facility equal to the amount of the state’s grant;

NOW, THEREFORE, in consideration of the Grant, the premises, the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee hereby agree as follows:

1. Grant; Purpose. Grantor hereby voluntarily grants and conveys to Grantee, and Grantee hereby accepts, a use restriction easement over the Property for a period of **Twenty (20)** years from the effective date hereof (the "Term"), which use restriction easement shall be of the nature and character and to the extent and on the terms and conditions set forth herein. It is the purpose of this Agreement to assist Grantor in the construction of the Project.

2. Restrictions. In furtherance of the foregoing, Grantor covenants, on behalf of itself and its successors and assigns, which covenants shall run with and bind the Property during the Term, that the Property and the Project will be primarily used to for the purpose described herein and that any activity on or use of the Property inconsistent with such primary use and the purpose of this Agreement is prohibited.

3. Reserved Rights. Grantor hereby reserves to itself and its successors and assigns, all rights accruing from ownership of the Property, including the right to engage in, or permit or invite others to engage in, all uses of the Property that are not expressly prohibited by or inconsistent with the purpose of this Agreement.

4. Rights of Grantee. To accomplish the purpose of this Agreement, the following rights are hereby granted to the Grantee:

(a) Grantee shall have the right to enter upon the Property at reasonable times in order to monitor compliance with and otherwise enforce the terms of this Agreement, as provided in Paragraph 5 hereof, provided that (except in cases where Grantee reasonably determines that immediate entry is required to prevent, terminate, or mitigate a violation of this Agreement that would significantly impair the public purposes to be served by this Agreement) such entry shall be upon prior reasonable notice in writing to Grantor.

(a) Grantee shall have the right to prevent any activity on or use of the Property that is inconsistent with the purpose and terms of this Agreement, as provided in Paragraph 5 hereof.

5. Grantee's Remedies.

(a) Acquisition of Ownership Interest. If Grantee determines that a violation of Paragraph 2 of this Agreement has occurred or is threatened, then it shall give written notice to Grantor of the same, and Grantor shall have a thirty (30) day period after the receipt of such notice in which to cure such violation or, if such violation cannot be cured within such thirty (30) day period, then Grantor shall commence diligent efforts to pursue cure of such violation. If Grantor fails to either cure such a violation or commence and continue such diligent efforts to pursue a cure of such violation within thirty (30) days after receipt of notice to do so from Grantee, or if Grantor thereafter fails to diligently pursue such cure and to cure such violation within one hundred eighty (180) days, then Grantee shall deliver written notice to Grantor, and Grantor, within ten (10) days after delivery of such written notice, shall deliver to Grantee a deed in substantially the form attached hereto as Exhibit B, transferring an ownership interest in the facility constructed on the Property equal to the amount of the state's grant to Grantor.

(b) Injunctive Relief. Grantee may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Agreement, to enjoin the violation, by temporary or permanent injunction, and to require the restoration of the Property to the condition that existed prior to such violation.

(c) Scope of Relief. Grantee's rights under this Paragraph 5 apply equally in the event of either actual or threatened violations of the terms of this Agreement. Grantor agrees that Grantee shall be entitled to the injunctive relief described in Paragraph 5(b) hereof, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Agreement. The remedies described in this Paragraph 5 shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

(d) Costs of Enforcement. All reasonable costs incurred by Grantee in successfully enforcing the terms of this Agreement against Grantor, including, without limitation, costs and expenses of suit and reasonable attorneys' fees, shall be borne by Grantor; provided, however, that if Grantor ultimately prevails in such a judicial action, then Grantee shall pay Grantor's costs and expenses relating thereto.

(e) Forbearance. Forbearance by Grantee in exercising its rights under this Agreement in the event of any breach of any term of this Agreement by Grantor shall not be deemed or construed to be a waiver by Grantee of such breach or of any subsequent breach of the same or any other term of this Agreement or of any of Grantee's rights under this Agreement. No delay or omission in the exercise by Grantee of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

(f) Waiver of Certain Defenses. Grantor hereby waives any defense of laches, estoppel, or prescription.

(g) Acts Beyond Grantor's Control. Notwithstanding anything to the contrary contained in this Agreement, Grantee shall not be entitled to bring any action against Grantor for any change in use of the Property resulting from causes beyond Grantor's reasonable control, including, without limitation, fire, flood, storm, and earth movement; or from any action or inaction by Grantor in order to comply with local, state, or federal laws or regulations.

6. No Public Access. No right of access by the general public to any portion of the Property is granted by this Agreement.

7. Costs, Liabilities, Taxes, and Environmental Compliance.

(a) Costs, Legal Requirements, and Liabilities. Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property, including the maintenance of liability insurance coverage in the minimum amount of \$1,000,000 (adjusted from time to time by the percentage change from the date hereof in the Consumer Price Index – All Urban Consumers, All Items, 1982-84 = 100, or if such index is no longer published, then

a similar generally accepted index of price inflation). Grantor remains solely responsible for obtaining any applicable governmental permits and approvals for any construction or other activity or use permitted by this Agreement, and all such construction or other activity or use shall be undertaken in accordance with all applicable federal, state, and local laws, regulations, and requirements.

(b) Taxes. Grantor shall pay before delinquency all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent authority (collectively “taxes”), including any taxes imposed upon, or incurred as a result of this Agreement, and shall furnish Grantee with satisfactory evidence of payment upon request.

(c) Representations and Warranties. Grantor represents and warrants that, to the best knowledge of Grantor, there is no pending or threatened litigation in any way affecting, involving, or relating to the Property and no civil or criminal proceedings or investigations have been instigated at any time or are now pending, and no notices, claims, demands, or orders have been received, arising out of any violation or alleged violation of, or failure to comply with, any federal, state, or local law, regulation, or requirement applicable to the Property or its use, nor do there exist any facts or circumstances that Grantor believes would form the basis for any such proceedings, investigations, notices, claims, demands, or orders.

(d) Control. Nothing in this Agreement shall be construed as giving rise, in the absence of a judicial decree, to any right or ability in Grantee to exercise physical or managerial control over the day-to-day operations of the Property, or any of Grantor’s activities on the Property, or otherwise to become an operator with respect to the Property within the meaning of The Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), or similar laws imposing legal liability on the owner or operator of real property.

8. Extinguishment; Condemnation.

(a) Extinguishment. If circumstances arise in the future that render the purpose of this Agreement impossible to accomplish, then this Agreement can be terminated or extinguished, whether in whole or in part, only by judicial proceedings in a court of competent jurisdiction. The amount of the proceeds to which Grantee shall be entitled, after the satisfaction of prior claims, from any sale, exchange, or involuntary conversion of all or any portion of the Property subsequent to such termination or extinguishment, shall be the original amount of the Grant.

(b) Condemnation. If all or any part of the Property is taken by exercise of the power of eminent domain or acquired by purchase in-lieu of condemnation, whether by public, corporate, or other authority, so as to terminate this Agreement, in whole or in part, then Grantor and Grantee shall act jointly to recover the full value of Grantor’s interest in the Property subject to the taking or in-lieu purchase and all direct or incidental damages resulting therefrom (the “Award”), from which Award Grantee shall be entitled to collect an amount equal to the original amount of the Grant, plus reasonable interest

calculated from the date hereof, and any expenses reasonably incurred by Grantee in connection with the taking or in-lieu purchase; provided, however, that if the Award is less than such original Grant amount plus such reasonable interest, then Grantee shall be entitled to recover its pro rata share of the Award.

9. Subsequent Transfers. Grantor agrees to incorporate the terms of this Agreement by reference in any deed or other legal instrument by which Grantor divests itself of any interest in all or a portion of the Property, including, without limitation, a leasehold interest. Grantor further agrees to give written notice to Grantee of the transfer of any such interest at least thirty (30) days prior to the date of such transfer. The failure of Grantor to perform any act required by this Paragraph 9 shall not impair the validity of this Agreement or limit its enforceability in any way.

10. Estoppel Certificates. Grantee shall within thirty (30) days after its receipt of a written request by Grantor therefor, execute and deliver to Grantor, or to any party designated by Grantor, an estoppel certificate, which certifies Grantor's compliance with any obligations of Grantor contained in this Agreement. Such certification shall be limited to the use being made of the Property as of Grantee's most recent inspection. If Grantor requests more current documentation, Grantee shall conduct an inspection, at Grantor's expense, within twenty (20) days after its receipt of Grantor's written request therefor and shall execute and deliver the requested certificate within ten (10) days after such inspection.

11. Termination. This Agreement shall terminate twenty (20) years from the effective date written above (the "Termination Date"). If at any time after the Termination Date Grantee receives a request from Grantor to record a notice of termination in the office of the Register of Deeds for GRANT County, Wisconsin, Grantee shall comply with the request within ten (10) business days of receipt of the request, and shall deliver a copy of such notice of termination to Grantor. In the event that the person charged with the administration of this Agreement on behalf of Grantee (e.g., the Secretary of the Department of Administration) determines that the purposes to be served by the Grant have been satisfied, Grantee may terminate this Agreement and its rights hereunder at any time by recording a notice of termination in the office of the Register of Deeds for GRANT County, Wisconsin. Grantee shall deliver a copy of such notice of termination to Grantor.

12. Notices. Any notice, demand, request, consent, approval, or communication that either party desires or is required to give to the other shall be in writing and either delivered personally or sent by first class mail, postage prepaid, addressed as follows:

If to Grantor: City of Platteville
75 Bonson Street
Platteville, WI 53818

Attention: City Manager

If to Grantee: State of Wisconsin
Wisconsin Department of Administration
101 East Wilson Street, 10th Floor

Madison, WI 53702
Attention: Chief Legal Counsel

or to such other address or by such other means of common communication as either party from time to time may designate by written notice to the other.

13. Recording. Grantee shall record this Agreement in the office of the Register of Deeds for GRANT County, Wisconsin, and may re-record it at any time as may be required to preserve its rights under this Agreement.

14. General Provisions.

(a) Controlling Law. The interpretation and performance of this Agreement shall be governed by the internal laws of the State of Wisconsin.

(b) Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Agreement shall be liberally construed to effect the primary purpose of this Agreement and the public purposes to be served by the making of the Grant. If any provision in this Agreement is found to be ambiguous, then an interpretation consistent with the primary purpose of this Agreement that would render the provision valid shall be favored over any interpretation that would render it invalid.

(c) Severability. If any provision of this Agreement, or the application thereof to any person or circumstance, is found to be invalid, then the remainder of this Agreement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

(d) Entire Agreement. This instrument sets forth the entire agreement of the parties with respect to this Agreement and supersedes all prior discussions, negotiations, understandings, or agreements relating to such matters, all of which are merged herein.

(e) No Forfeiture. Nothing contained herein will result in a forfeiture or reversion of title in any respect.

(f) Successors. The covenants, terms, conditions, and restrictions of this Agreement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running with the Property during the Term.

(g) Termination of Rights and Obligations. A party's rights and obligations under this Agreement terminate upon transfer of that party's interest in this Agreement (as to Grantee) or the Property (as to Grantor), except that liability for acts or omissions occurring prior to transfer shall survive transfer.

(h) Captions. The captions in this Agreement have been inserted solely for convenience of reference and shall have no effect upon its construction or interpretation.

(i) Amendment. If circumstances arise under which an amendment to or modification of this Agreement would be appropriate, Grantor and Grantee may jointly amend this Agreement by a written instrument recorded in the office of the Register of Deeds for GRANT County, provided that any such amendment shall not diminish the purpose of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement and delivered the same as of the day and year first above written.

Non State Grant Application

Introduction

Non-State Grant Program Overview:

Welcome to the Grants for Local Projects program, a transformative initiative dedicated to supporting non-state organizations in their pursuit of construction projects with a statewide public purpose. We are excited to collaborate with you to create a positive impact in communities across Wisconsin.

Applications with supporting documentation are due October 31, 2025.

Program Details:

The program was established by 2025 Wisconsin Act 15, which provides:

Purpose: The program offers funding to non-state organizations for Capital Infrastructure projects that benefit the broader public.

Eligible Organizations: Entities eligible for grants are non-state organizations that are not a for-profit entity. Examples of eligible organizations include local governments and nonprofits.

Match Requirement: To be eligible for a grant, organizations must have funding in hand from nonstate revenue sources covering at least half of the total project cost at the time of application.

Accountability: As explained more fully below, the state will retain an ownership interest in the project equivalent to the grant amount to ensure it fulfills its public purpose. As such, if a grant-funded project deviates from its public purpose, the amount can be recouped. To implement this, the ownership interest will take the form of a warranty deed, and a 20-year land use restriction agreement (LURA) will be recorded with the county register of deeds.

The Department of Administration (DOA) will review applications and submit a recommended award package to the State Building Commission for its approval.

Due to anticipated high demand, project awards will be capped at \$2 million.

Upon award and a fully executed grant agreement and land use restriction agreement (LURA), the DOA will disburse the grant funds as reimbursements for eligible expenses associated with the project.

Scoring Process Overview:

The scoring process for this program has been designed to ensure transparency, fairness, and alignment with the program's public purpose. After receiving all applications, a panel of professionals at DOA will follow a step-by-step process to evaluate each project in an effort to identify and fund the projects with the greatest positive impact in Wisconsin communities.

Step 1: Initial Eligibility Review

To be considered for a grant, applicants must provide documentation that they meet the following eligibility requirements:

1. Applicant is not a for-profit entity.
2. Applicant has secured funding for at least 50 percent of the total project cost.
3. Applicant's project is shovel ready (e.g., the project has completed plans and specifications by an architecture/engineering firm of record).

Step 2: Shovel Ready Review

All eligible applications that make it through the first round of screening will be reviewed to validate the shovel readiness of the project. The review will focus on determining if the project is, at the time of application, ready to begin construction/implementation. For example, a determination that a project is ready to begin construction/implementation could be based on the fact that the project has completed plans and specifications by a registered Architect-Engineer with property secured and ready to build, or the project has already broken ground and is in construction. DOA has sole discretion to determine if documentation of shovel readiness on a project is sufficient. Projects that are deemed shovel-ready move forward to the next round of review.

Step 3: Categorization by Region and Project Type

All applications determined to be eligible and shovel ready will be categorized by region and by public purpose type as described below.

Public Purposes

When completing your application, you will be required to select ONE public purpose category from the list below. Applications will be scored against other applications in the same category. Your project may fall into multiple categories. You should select the category that best fits your project.

Health and Wellness

Projects in this category aim to improve or maintain Wisconsinites' access to quality, affordable health care. Projects in this category can include projects that support the health care workforce or research related to health care.

Economic and Workforce Development

Projects in this category include projects that stimulate job growth and economic prosperity in Wisconsin. This encompasses initiatives to attract new businesses, expand existing businesses, invest in tourism-related endeavors, or provide workforce training and education. Education and child-care related projects would also fall in this category.

Public Services

Projects in this category support essential public infrastructure and services such as emergency response facilities, community centers, and public libraries. These projects aim to improve the safety,

well-being, and social connectivity of Wisconsin's residents.

Arts and Culture

Projects in this category enhance the arts, history, and humanities in Wisconsin. Examples of projects in this category include constructing or revitalizing museums, theaters, libraries, historic landmarks, and various cultural establishments.

Regions

Due to high demand for this program, applications will also be scored against other projects in the same region of the state. Funding is allocated regionally based on population to ensure all regions of the state receive funding. An additional benefit of the regional division is that applications for projects benefiting smaller communities will not have to compete on impact against projects in large population centers like Madison and Milwaukee.

Step 4: Scoring

Eligible, shovel-ready projects will be scored within their category and region on six criteria. The scoring criteria are designed to assess the public purpose, need, impact, viability, organizational capacity, and local support of each project, ensuring that only the most robust and impactful projects move forward for funding consideration. The criteria are weighted equally in the scoring process.

Public Purpose

How well does the project align with the public purpose of the grant program?

Project Need

How effectively does the project address a specific, significant community need?

Project Impact

How meaningful and long-term is the project's impact on the community? Does it allow for the continuation of services or the addition of new services in the community?

Project Viability

Is the project likely to succeed beyond the grant period? Is there a plan for long-term success?

Organizational Capacity

Does the organization have the expertise and experience to execute the project?

Local Support

Does the project have strong local backing and endorsements?

Non-State Grant Application

If you have a question about the application, please contact the [DOA Non State Grant program](#). If you are experiencing any technical issues, please scroll to the bottom of the page and select "Go to web support."

Organization Information

Please ensure your organization contact information (email and phone number) will still be valid even if the contact submitting the application is no longer in their role (i.e., do not use an email address or cell phone number specific to one individual).

Project Description: The Friends of The Mining & Rollo Jamison Museums (Friends) are seeking funds to revitalize both the exterior and interior entrance of The Mining & Rollo Jamison Museum. The project will: 1) create an entrance plaza outside the main entrance, 2) construct a sidewalk from the Museum's front entrance to an existing sidewalk that connects to the back of the museum campus; 3) install new, energy-efficient doors; and 4) renovate the Museum Store and back office area to make the entrance area more welcoming and improve visitor flow. These improvements are the next step in ongoing efforts to preserve, protect, and improve the buildings and collections at The Mining & Rollo Jamison Museums. The project will make the Museum entrance more inviting for visitors, improve visitor flow through the museum, and encourage better use of the outdoor campus. All of these improvements will facilitate Museum programming and exhibits and help to improve the visitor experience and increase visitation numbers. The Friends are the membership organization for The Mining & Rollo Jamison Museums, their mission is to fundraise and provide financial support for The Mining & Rollo Jamison Museums, to promote interest in the history of the tristate area, and to support the Museums in all their endeavors.

Statewide Public Purpose Justification: The Mining & Rollo Jamison Museums are the leading tourist attraction in Platteville, welcoming approximately 10,000 visitors annually from across the region. The Museum showcases the rich history of the area from the 1820s through the 1970s, featuring artifacts that illustrate the daily lives, culture, and industries that shaped the 19th- and early 20th-century Midwest. Alongside interior exhibits housed in the historic Hanmer Robbins building, visitors experience outdoor displays across the museum grounds and guided tours of the underground 1845 Bevans Lead Mine and a reproduction headframe that tells the story of 100 years of local lead and zinc mining. The proposed project represents the first phase of planned

capital improvements designed to revitalize the museum campus and draw additional visitors to this cornerstone of regional heritage.

Public Purpose Category: Arts and Culture

Public Purpose - Tell us how your project aligns with the public purpose category you selected. : The Mining & Rollo Jamison Museums (MRJM) are Platteville's leading tourist attraction, welcoming approximately 10,000 visitors annually, including 3,000 school children who come from as far away as Milwaukee and Chicago. Of the MRJM's general visitors, 49% come from Wisconsin, 28% from the bordering states of Illinois, Iowa, and Minnesota, and 23% come from beyond our immediate geographic region. The MRJM campus includes the 1863 Rock School, 1905 Hanmer Robbins School, and the underground 1845 Bevans Mine (re-opened for tours in 1976), on a nearly three-acre campus with scenic greenspace and a historic narrow-gauge railroad and Whitcomb locomotive. Both school buildings are listed on the state and National Register of Historic Places as exceptional examples of Wisconsin educational architecture. The mission of the MRJM is to uncover, preserve, and share the diverse cultural history of the Upper Mississippi Valley Lead and Zinc Mining District. To achieve that goal, the museum offers educational experiences that inform and inspire by telling the region's rich stories. The MRJM's collection documents the development of regional communities from the 1820s through the 1970s, encompassing artifacts that capture the daily lives and industries that shaped the 19th- and early 20th-century Midwest. The collection also includes lithic tools up to 13,000 years old, offering insight into the rich pre-European heritage of the region. Together, these materials make MRJM the primary custodian of Platteville's cultural, natural, and industrial history. While deeply rooted in our regional identity, the MRJM's collection also holds national significance. The artifacts allow us to share the broader story of westward expansion, Native and European relations, the Industrial Revolution, and changes to agricultural practices among other broad national storylines. The collection also helps to contextualize the significance of 1820s Lead Rush, an event that rivals California's 1849 Gold Rush in significance, yet is often overlooked in history books. Furthermore, the post-Civil War zinc industry inspired the creation of Wisconsin's mining college and sustained the region through the 1970s. Zinc played a crucial role in the production of munitions and weapons in World War I, World War II, and the Korean War; primarily due to its ability to be alloyed with other metals like copper to create brass, which was used for components like shell casings, gun barrels, and ammunition clips. Later, silver-oxide-zinc batteries powered the space race, with NASA sourcing batteries from Eagle-Picher Technologies—part of the Eagle-Picher Lead Company, which operated mines near Linden and Shullsburg, Wisconsin, and Galena, Illinois. The Eagle-Picher Mine in Shullsburg was the final zinc mine to operate in the Upper Mississippi Valley Mining District before closing in 1979. The MRJM has artifacts connected to many of the local zinc mines in the region. The MRJM's collection of lead- and zinc-mining artifacts is among the largest in the Upper Midwest. Featuring a variety of hand tools, safety equipment, mineral specimens, and more. Among its jewels are hundreds of rare hand-drawn mine maps and diagrams that show the history of mining ingenuity and industry that influenced the whole nation. Additionally, the onsite 1845 Bevans lead mine offers a unique opportunity for visitors to venture underground to learn about lead and zinc mining and the distinctive Mississippi Valley-type ore deposits. The Rollo Jamison Trust Collection further enhances the Museum's holdings with artifacts reflecting the material culture of rural southwestern Wisconsin. Folk historian Rollo Jamison's collection includes early Native American tools, some of the nation's first oral history recordings on wire and tape, and thousands of objects related to domestic life, communication, and work—from musical instruments and toys to tools and armaments. The Museum's archives include more than 10,800 photographs, books, postcards, and pieces of paper ephemera documenting everyday life in the region. MRJM operates as a

department of the City of Platteville, under the direction of the City Manager and Museum Board, with the budget approved by the Common Council. The Museum Board establishes policies related to operations, maintenance, staffing, and fiscal oversight. The Friends of The Mining & Rollo Jamison Museums (Friends) are a 501c3 membership organization focused on fundraising and providing financial support for the museum, promoting interest in the history of the tristate area, and supporting the Museums in all their endeavors. Together, the City and the Friends sustain a successful public-private partnership that ensures MRJM's continued growth and stewardship.

Project Need - Clearly illustrate the specific and significant need your project addresses within your community. Providing relevant data and real-life examples can strengthen your case. :

The Mining & Rollo Jamison Museums (MRJM) have undergone a decade of revitalization to ensure long-term preservation of the historic site and to strengthen its role as a regional cultural institution. Since 2015, the MRJM has secured competitive funding from the Institute of Museum and Library Services (IMLS) through Museums for America and Inspire! Grants (2017, 2020, 2022) that established a comprehensive collections stewardship program, improving both physical preservation and public access. Major capital improvements have already replaced aging infrastructure, including windows, roofing, and landscaping systems to mitigate water damage, while long-term planning efforts—such as the 2020 Building & Facilities Master Plan (The Kubala Washatko Architects), 2021 Collections Assessment for Preservation, and 2024 Preservation Plan (Preserve Design Studio)—have provided a clear roadmap for the museum's ongoing renewal. The proposed project is the next step in ongoing efforts to preserve, protect, and refresh The Mining & Rollo Jamison Museums campus, buildings, and collections. The Museum's exterior entrance and interior store area are outdated and inefficient, limiting accessibility, and visitor circulation. The proposed project addresses these challenges by implementing high-priority exterior entrance improvements identified in the 2020 Master Plan. The project will create a welcoming entrance plaza with improved pathways, energy-efficient accessible doors, and a renovated Museum Store and back-office area designed to improve flow, safety, and functionality. These updates will significantly enhance the visitor experience and allow fuller use of the museum's outdoor campus for events, exhibits, and educational programming. The need for outside funding for these improvements is compounded by the Museum's limited access to funding from the City's 2025–2029 Capital Improvement Plan due to City budget limitations. With limited municipal capital support, necessary facility upgrades depend entirely on grants and donor contributions secured by the Friends of The Mining & Rollo Jamison Museums. A 2024 Capital Campaign Feasibility Study conducted by Amperage Marketing & Fundraising determined that a phased campaign targeting an initial \$2.2 million goal is the most achievable path forward. The proposed entrance and store renovations represent an essential early phase in that campaign—both as a visible signal of progress and a catalyst for community giving. By improving accessibility, energy efficiency, and visitor engagement, this project directly responds to expressed community needs. It also builds on nearly a decade of preservation work, ensuring that MRJM continues to serve as an educational and cultural anchor for Platteville and the broader region.

Impact - Describe how your project will create a meaningful impact on the lives of the people it serves. Explain the positive changes your project aims to achieve and the long-term benefits it will bring to the community. Identify services provided that could not continue without the project or new services that will be available due to the project. :

The proposed project will create a lasting and visible impact on the cultural and educational life of Platteville and the wider region. By improving the entrance, museum store, and access pathways, The Mining & Rollo Jamison Museums (MRJM) will enhance the visitor experience, expand opportunities for outdoor education, and ensure accessibility for all community members. As a city-owned

institution, the MRJM fulfills an essential public purpose: preserving Platteville's mining and cultural heritage, supporting lifelong learning, and serving as a gathering space for residents and visitors. The entrance renovation will strengthen this public mission by creating a safe, ADA-compliant, and welcoming gateway to a facility that annually hosts thousands of schoolchildren, families, tourists, and community members. Enhanced pathways and a reimagined entrance plaza will enable more outdoor exhibits, educational activities, and community events—ensuring that the museum grounds are actively used as public space rather than passive frontage. The interior renovations, including new energy-efficient entrance doors and a modernized museum store and back-office area, will improve circulation and functionality, supporting both visitor satisfaction and operational sustainability through increased earned income that supports daily operations and special programming. A more efficient and pleasant entrance experience is expected to boost visitation, donations, and membership revenue, all of which are essential for maintaining the Museum's preservation and educational interpretation work. By completing these improvements, the Friends will enhance accessibility, improve operational efficiency, and maintain the historic buildings as safe, welcoming, and engaging spaces for the public to enjoy. In the long term, this project will reinforce the MRJM's ability to carry out its public purpose as a community-centered museum—accessible to all, devoted to authentic storytelling, and committed to preserving local heritage for future generations. It will build momentum for continued campus improvements, strengthen the case for future investment, and ensure that the MRJM continues to serve as a cornerstone of Platteville's cultural and economic vitality.

Viability - Outline your plans for sustaining the project beyond the grant period. Detail your strategies for financial sustainability, community engagement, and ongoing management to ensure the project's long-term success. : The Mining & Rollo Jamison Museums (MRJM) and the Friends of The Mining & Rollo Jamison Museums have a strong foundation for sustaining this project and ensuring its long-term success well beyond the grant period. The improvements proposed align directly with the Museum's Building & Facilities Master Plan (2020) and the Preservation Plan (2024), both of which establish a phased strategy for ongoing capital investment and facility care. Financial sustainability will be supported through a combination of earned income, donor contributions, and city tax levy support. The Museum's renovated entrance and Museum Store will increase visitor appeal, improve flow, and expand revenue potential through higher attendance, merchandise sales, and memberships. The Friends organization will continue to lead private fundraising efforts, guided by the recommendations of the 2024 Capital Campaign Feasibility Study conducted by Amperage Marketing & Fundraising. The current campaign goal of \$2.2 million for Phase One projects—including the proposed entrance improvements—will establish a model for future phased fundraising toward additional capital priorities such as HVAC modernization. The project's design emphasizes energy efficiency and low-maintenance materials, reducing future operational costs and environmental impact. The City of Platteville will maintain the museum buildings and grounds as part of its ongoing public facilities obligations, while the Friends will continue to provide financial support for special projects and programming. This shared responsibility between the City and the Friends has proven effective in maintaining the Museum's vitality and ensuring reliable operations. Community engagement is central to the MRJM's sustainability strategy. While the Museum tour season runs from May through October, educational programs and events that foster strong community connections and pride are offered year-round. These relationships generate returning visitors, new members, and a dedicated base of supporters who advocate for continued investment in the museum's growth and preservation. Through this combination of careful planning, community partnership, and diversified funding, the

MRJM is well positioned to sustain the benefits of this project and continue advancing its public purpose as a cultural, educational, and economic asset for generations to come.

Capacity - Showcase your organization's capability to successfully execute the proposed project. Highlight your team's expertise, facilities, and past experiences that demonstrate your ability to carry out the initiative effectively. : The Mining & Rollo Jamison Museums (MRJM) and the Friends of The Mining & Rollo Jamison Museums will work together to successfully deliver the proposed project. The MRJM and the Friends have a proven record of working together to implement facility improvement initiatives while maintaining high operational standards. Over the past decade, the MRJM has secured and managed multiple competitive grants from the Institute of Museum and Library Services (IMLS) through the Museums for America and Inspire! grant programs. These awards, received in 2017, 2020, and 2022, supported a series of successful projects including development of a comprehensive collections stewardship program, upgrades to collections storage environments, and enhanced public access to archival and artifact holdings. The Museum has also completed a range of programmatic, capital, and planning projects with support from the Foundation for Advancement in Conservation, Wisconsin Humanities, and National Endowment for the Arts. Each project was carried out on time and within budget, demonstrating strong administrative and technical capacity. The Friends have successfully implemented a number of grant-funded projects such as creating the Kopp Memorial Pollinator Garden, installing interpretive signage for outdoor farming and mining equipment exhibits, and funding a field trip scholarship fund to allow local and regional schools to visit the museum at no cost. Additionally, the Friends have successfully planned and presented the annual Platteville Historic Reenactment event for 27 years. The MRJM professional staff includes museum professionals and educators skilled in managing museum operations. The Friend's Board includes local business owners and professionals experienced with coordinating contractors and ensuring timely and professional completion of projects. The Friends will work closely with both Museum and City facilities staff on project implementation. Together, the Friends, the MRJM, and City provide the leadership and technical capacity needed to execute the proposed entrance and store improvements efficiently and to professional standards. The Friends' and MRJM's consistent track record of successful grant management, transparent reporting, and collaboration with city departments and preservation specialists ensures that this project will be completed with the same level of excellence and accountability.

Local Support - Demonstrate the backing and endorsement your project has garnered from the local community. Share evidence of community involvement, support from local government, businesses, or community organizations, indicating that your project is welcomed and embraced by the community. : The proposed project enjoys broad and enthusiastic support from across the Platteville community as evidenced by the attached letters of support from economic development and educational organizations, elected officials, residents, museum supporters, and City officials. The Friends of The Mining & Rollo Jamison Museums have long been the driving force behind this support, raising approximately \$100,000 annually through membership dues and annual giving to sustain educational programming, preservation initiatives, and capital improvements. The Friends directly contribute more than \$60,000 annually to help fund general operations at the MRJM. The project has been carefully planned in partnership with the City of Platteville Museum Board and guided by extensive input from community stakeholders, reflecting both public priority and local pride in the Museum's growth. Findings from the 2024 Capital Campaign Feasibility Study confirmed the Museum's strong reputation and momentum. One participant observed, "They are on the upswing and much more active and vibrant. They have great staff, and the fundraising events are well established. They are more visible in the community

now.” Another remarked, “It’s an economic driver for the community. It brings in school groups from the surrounding area and provides families a place to visit on the weekends.” When asked about endorsing the capital campaign, the majority of survey participants responded affirmatively, citing the Museum’s educational and economic value to the region. Community members described their reasons for support: • “It’s an important asset to the community and brings in tourism.” • “Education. It’s fun times for the kids. Each spring, about 2,000 kids are bused here for field trips.” • “It’s important for people to be reminded about where they came from to evoke memories and nostalgia.” • “I want to see them thrive. It has potential, and it’s a unique experience.” Local business leaders and tourism stakeholders echoed these sentiments, noting that the MRJM is “the largest tourism draw in the Platteville area” and “provides a strong educational component and partnership for schools.” The feasibility study also reflected community consensus that modernizing the museum’s campus—especially the front entrance that “hasn’t changed in 50 years”—would make it more welcoming and accessible, ensuring that the museum remains a central destination for learning and tourism. The proposed project is a shared investment in the city’s cultural and economic infrastructure. City departments will continue to oversee building stewardship, while the Friends lead fundraising and partner with the MRJM staff on community outreach. Together, the Friends and City will leverage public resources and private philanthropy to revitalize the Museum campus, support new educational programming, and sustain Platteville’s most significant cultural destination. This collaboration exemplifies the City’s long-standing commitment to partnership-driven development and demonstrates the high level of community confidence behind the proposed improvements. Revitalizing the campus will build momentum for new programs, updated exhibits, and events by creating a space that attracts and engages diverse audiences.

Given the constraints of the available funding, the State may opt to issue partial grants. Please elaborate on the potential ramifications of receiving a partial grant and outline your proposed strategy for addressing any funding gaps that may arise. : If partial funding is received, the Friends would need to assess the feasibility of implementing a scaled back version of the improvements against the delaying the project until additional funds could be raised. Because the proposed project is the first step in a much larger capital improvement plan, further phasing the project might not be feasible. To help ensure future fundraising success, it is essential that this first phase produces impactful results that spur community commitment to further improvements.
