**SPECIAL PROVISIONS
FOR
CONTRACT 8-20
HIGHWAY PAINTING**

DESCRIPTION OF WORK

This project consists of painting centerline stripes, stop bars, crosswalks, turn arrows, words and symbols on selected streets in the City of Platteville.

MATERIALS

- A. Paint used shall be Epoxy, applied at 15mil thickness with glass beads applied at the rate of 25 lbs per gal of paint.
- B. Any oil or water base paint residue, whether stripes or symbols, that will restrict or limit the adhesiveness of the Epoxy paint shall be removed, either by sand blasting, grinding or any other method that is first approved by the City of Platteville.
- C. All crosswalks, turn arrows, stop blocks, words or symbols shall be repainted using the Epoxy paint.

CONSTRUCTION

Suitable methods shall be used to protect the public and the uncured paint from traffic. Any damage to the uncured paint will be the responsibility of the contractor. For clarification of the responsibilities, the contractor shall place signs, barricades and/or personnel in accordance with the MUTCD to ensure traffic does not interfere with the paint application process or damage the paint before it is properly cured.

BASIS OF PAYMENT

Highway Centerline 4" Double Yellow: The contractor shall apply 2 each 4" wide yellow lines with payment per linear foot of the double line. Each line shall NOT be paid separately.

Stop Block: Each stop block shall be 18" wide white line from the edge of the pavement or gutter to the centerline as determined by the City. Payment shall be per linear foot of 18" line applied.

ONLY: The word ONLY to be applied in designated locations per MUTCD guidelines. Payment is for the entire word per occurrence.

Left/Right/Straight Arrows: Either a Left arrow or right arrow or Straight arrow is applied per MUTCD guidelines in designated locations. Payment is for the arrow symbol per occurrence.

Double arrows (Left – Through or Right-Through): A left arrow with a through arrow combination or right arrow with a through arrow combination is applied in designated locations. Payment is for the entire symbol per occurrence.

4" Single White: The contractor shall apply 1 each 4" wide white line with payment per linear foot of the single line. These lines shall be paid for channeling, lane markings, and parking lane designations.

Crosswalks: Crosswalks shall be composed of 4" white lines – 2 are perpendicular to the direction of traffic from one side of the street to the other. There are also diagonal lines comprised of 4" white lines inside the perpendicular lines. Payment shall be per linear foot of crosswalk to include the perpendicular and diagonal lines.

EQUIPMENT

All equipment, tools and machines will be subject to the approval of the Director of Public Works. The contractor shall provide all equipment to clean the pavement prior to application, epoxy paint, paint applicators and auxiliary equipment to perform all work.

COMPLETION

Time of completion for this project is October 31, 2020. Completion means that all work, including clean up, has been accomplished. The work shall not begin until Main Street has had its mill and overlay work completed.

All work must be completed within 5 working days of starting work, unless there are weather delays. This may be scheduled at the Contractor's Discretion beginning at the Notice to Proceed date. The Contractor is required to notify the City of Platteville Street Department (608) 348-8828 at least 2 business days prior to starting work.

INSURANCE

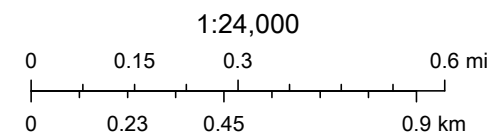

Contractor shall provide certificate of insurance for the following required coverages.

1. Comprehensive General Liability Insurance - with bodily injury coverage of not less than \$1,000,000 each person and \$1,000,000 each accident and property damage coverage of not less than \$1,000,000.
