## 6 PART VI - EVALUATION AND AWARD PROCESS

### 6.1 Evaluation Committee.

The proposal evaluation committee consists of members who have been selected because of their special expertise and knowledge of the service(s) that are the subject of this RFP. Proposers shall not contact members of the evaluation committee. Violation of the "no contact" rule could result in the Proposer's disqualification from further consideration for award.

## 6.2 Preliminary Evaluation.

Proposals will be initially reviewed to determine if minimum and mandatory requirements have been met. Failure to meet these requirements shall result in the proposal being rejected. In the event that all Proposers do not meet one or more of the minimum or mandatory requirements, the evaluation committee reserves the right to continue the evaluation of the proposals, which most closely meet the minimum and mandatory requirements of this RFP.

## 6.3 Right to Reject Proposals.

Proposals that do not comply with Contract Terms and Conditions may be disqualified. The municipality in its sole discretion retains the right to accept or reject any or all Proposals, or accept or reject any part of a Proposal, if deemed to be in the best interest of the municipality. The evaluation committee reserves the right to reject any and all proposals.

## 6.4 Scoring of Technical Proposals.

Proposals will be independently evaluated. Each evaluation committee member will score each of the solicitation's stated technical evaluation criteria for each Proposer. Members will then sum all individual technical scores for each Proposer to determine the overall evaluation score for that particular Proposer. The Chair of the evaluation committee (typically, the Procurement Administrator) will convene a meeting of the evaluation committee to reach a consensus score for each Proposer. Consensus scoring is intended to facilitate an open discussion among the evaluators as to the strengths and/or weaknesses of each Proposer's proposal based upon the solicitation's technical evaluation factors (*Professional Competence, Capacity, and Experience*). The Chair will record the consensus score for each Proposer on a scoring summary sheet to attain a rank order of the most technically qualified Proposers. Price proposals will remain sealed at this point.

## 6.5 Additional Factors for Proposal Consideration (prior to evaluating price).

Failure by the Proposer to provide information clearly and accurately within the submitted documents may be reflected in the evaluators' scoring results. If it is deemed necessary on behalf of the evaluation committee, the evaluation committee Chair may initiate inquiries for the purposes of confirming or verifying proposal information already provided and disseminated for evaluators' consideration. The evaluation committee may not contact Proposers directly but may request an interview with the Proposers if an interview process is deemed necessary and approved by WisDOT. The evaluation committee will make every reasonable attempt for scheduling at a time and location that is agreeable to the Proposer. A Proposer's failure to fulfill or accommodate interview requests from the evaluation committee may result in rejection of that Proposer's proposal.

## 6.6 Final Evaluation.

Based on the information obtained through any confirmation or verification inquiries, reference checks or interview process, the evaluation committee will review their evaluations and unilaterally make adjustments to their respective scores. The evaluation committee's scoring will be tabulated by the evaluation committee administrator and proposals again ranked based on the numerical

scores assigned. If no further criteria was or is to be considered, the evaluation committee administrator may proceed to open and score the price sheet portions of the offers and tabulate final scores. Prior to the procurement administrator's issuance of a "Notice of Intent to Award," all evaluations and score tabulation results remain strictly confidential between evaluation committee members and evaluation committee procurement administrator.

## 6.7 Evaluation Summary.

Proposals will be evaluated and scored using the methodology described below. Technical factors are: *Professional Competence, Capacity, and Experience*. *Price* is rated solely by the evaluation committee Chair.

***EVALUATION FACTORS (CRITERIA)*** - A total score of 100 points is possible.

*Professional Competence (Maximum 20 points)* - The extent to which the firm's proposal is complete and demonstrates a thorough understanding of the solicitation/contract requirements. This includes elements such as its personnel program (hiring/ firing/ retention), drug and alcohol program, handling of complaints, operations plan, and maintenance program.

*Capacity (Maximum 25 points)* - The extent to which the firm's proposal demonstrates that it has the financial resources, skilled personnel, equipment, software, and facilities to perform the scope of work. This includes elements such as its financial capability, any leasing or financing agreements, personnel (key personnel, dispatchers, drivers, etc), – **to include staff turnover**, fleet size and description, and record-keeping ability.

*Experience (Maximum 25 points)* - The extent to which the firm's proposal demonstrates successful current and past experience in performing similar work, including the level of achieved client satisfaction.

*Price (Maximum 30 Points)* - The competitiveness of the offered prices. Vendor's price provided must be all inclusive to provide the services included in this RFP in accordance with the terms and conditions of this RFP.

***RATINGS FOR EACH TECHNICAL EVALUATION FACTOR*** - Each evaluator will rate each evaluation factor for each Proposer. This is done by first determining the rating which the evaluator will assign for the factor being rated. Second, by multiplying the numerical percentage value assigned to that value by the weight (points) assigned to that evaluation factor to arrive at the individual factor's computed numerical value. The sum total of all such computed values (sum value of all factors) will equal 70 points or less (price is scored separately at a maximum value of 30 points).

### ***RATING DESCRIPTIONS***

*Excellent* – Outstanding level of quality; the proposal indicates an exceptional approach and understanding of the requirement; significantly exceeds the minimum requirements in all respects; has a high probability of success (low risk of unsuccessful performance); no significant weaknesses. **Value is 100 percent of total point score available for the evaluation factor.**

Good – Substantial response; proposal meets requirements and indicates a thorough approach and understanding of the requirements; good probability of success (low risk of unsuccessful performance); strengths outweigh weaknesses. **Value is 80 percent of total point score available for the evaluation factor.**

Acceptable – The proposal meets requirements and indicates an adequate approach and understanding of the requirements; strengths and weaknesses are offsetting or will have little or no impact on contract performance. Risk of unsuccessful performance is no worse than moderate. **Value is 50 percent of total point score available for the evaluation factor.**

Marginal – The proposal lacks essential information and does not demonstrate an adequate approach or understanding of the requirements. Proposal has one or more weaknesses which are not offset by strengths. Risk of unsuccessful performance is high. **Value is 20 percent of the total point score available for the evaluation factor.**

Unacceptable – The proposal fails to meet minimum requirements; there is little likelihood of success; needs major revision to be made acceptable. **Value is zero percent of the total point score available for the evaluation factor.**

**PRICING COMPONENT** – This is a firm-fixed price contract for a base period of two years with three 1-year option periods. Proposers are required to submit a firm-fixed price for the contract base period (first two contract years) that covers all operating and administrative costs of performing the service. For evaluation purposes, Proposers must also submit fixed prices for Option Years 1, 2, and 3 (contract years 3, 4 and 5) using a CPI-U fixed at 1.0 percent (2016 CPI-U), even though prices for the option years will ultimately be adjusted by the then-current CPI-U.

Base Year 1 Hourly Service Rate (HSR)	\$24.00
Base Year 2 Hourly Service Rate (HSR)	\$24.00
HSR Option Year 1 (Contract Year 3)	\$24.24 (\$24.00 x 1.01)
HSR Option Year 2 (Contract Year 4)	\$24.48 (\$24.24 x 1.01)
HSR Option Year 3 (Contract Year 5)	\$24.72 (\$24.48 x 1.01)
Total HSR for All Contract Years	\$121.44
Average Contract HSR	\$24.29

The Procurement Administrator will evaluate price sheets and assign scores to each Proposer based upon the sum total of the offered Hourly Service Rate (HSR) for the base and each option years (i.e., HSR for Year 1 & 2 + HSR for Year 3 + HSR for Year 4 + HSR for Year 5 = Total HSR). Price points will be assigned as follows:

- Lowest total price (including option years) – 100% of 30 points
- Second lowest price (including options years) – 80% of 30 points
- Third lowest price (including option years) – 60% of 30 points
- Fourth lowest price (including option years) – 40% of 30 points
- Fifth lowest price (including option years) – 20% of 30 points

A. ***Contract Award.*** Award will be granted to a Proposer in one of three ways:

- i. ***Proceed with Award.*** The award may be granted to the highest responsive, responsible scored proposal (technical and price) in accordance with the final tabulation of all scoring elements and without clarifications, discussions, or negotiations; OR
- ii. ***Schedule oral presentations.*** With prior WisDOT approval AND BEFORE price sheets are opened, Proposers will be provided with a list of questions or issues concerning their proposals which require explanation or clarification and scheduled for oral presentations to address such issues concerning their proposals. Oral presentations are for explanation or clarification purposes only and Proposers will not be permitted to revise their proposals. Presentations will NOT be scored. After such presentations, the Administrator/Chair will open and evaluate the attendant price sheets to determine the apparent successful Proposer, OR
- iii. ***Schedule negotiations.*** With prior WisDOT approval, the Municipality may choose to negotiate any outstanding conditions, exceptions, reservations, or understanding to any of the contractual requirements, including any pricing issues, with a “short” list of the top-ranked (usually no more than three Proposers). This “short” list is determined after the Procurement Administrator has opened price sheets and made a clear point demarcation between Proposers who have made the “short” list and those who have not.

Following negotiations, Proposers would be required to submit a sealed “Best and Final Offer” (BAFO) which would reflect any modifications made to their proposals as a result of the negotiations. The evaluation committee would conduct a final technical evaluation and the Procurement Administrator would evaluate any revised price sheets before making a determination of the apparent successful Proposer.

Notification of Intent to Award. All Proposers will be notified in writing of the intent to award a contract as a result of the selection process described in this RFP. After notice of the intent to award is made, under the supervision of the Procurement Administrator, copies of proposals will be available for public inspection. Proposers should contact the Procurement Administrator to make appointments to ensure that space and time are available for their review.

### **B. *Appeals Process.***

- i. Notices of an “intent to protest” and “protests” must be submitted in writing to the Procurement Administrator identified on the Cover Sheet of this solicitation. A copy of such documents must simultaneously be sent to the Transit Procurement Manager, Wisconsin Department of Transportation, P. O. Box 7913, Madison, WI 53707-7913.
- ii. Protesters must clearly identify the solicitation number and program title in all correspondence. Protests must be as specific as possible and identify specific statutes and Wisconsin Administrative Code Provisions that are alleged to have been violated.
- iii. Protests can be filed at any point through the solicitation process. However, a written notice of “intent to protest” must be filed with and received by the Procurement Administrator no later than five (5) working days after the Notice of Intent to Award is issued.
- iv. The complete written “protest” must be provided to the same addressees, (as provided above for the written “intent to protest”) within (10) working days after the Notice of Intent to Award is issued.
- v. The Procurement Administrator will issue a decision on the protest within **5** working days of receiving the written protest. A copy of the decision will be provided to the WisDOT Transit Procurement Manager.
- vi. If the protestor had alleged a violation of a statute and specific provision(s) of Wisconsin Administrative Code and the decision of this formal process fails to resolve the complaint, the complainant, within five (5) working days of the issuance of that decision, may refer the matter to the Director, Bureau of Transit and Local Roads, Wisconsin Department of Transportation, P. O. Box 7913, Madison, WI 53707-7913 with a copy of such appeal filed with the Procurement Administrator.

The **City of Platteville (Platteville Transportation System)**, (hereinafter referred to as Municipality or City), is soliciting proposals from firms (also may be referred to as Proposer, Vendor or Contractor) to provide subsidized fixed route bus service.

## 7.1 Minimum Qualifications.

**IMPORTANT – EACH PROPOSER MUST DEMONSTRATE IN ITS PROPOSAL THAT IT MEETS ALL OF THE MINIMUM QUALIFICATIONS SET FORTH BELOW AS OF THE DATE THAT IT SUBMITS ITS OFFER. PROPOSERS THAT DO NOT CONFORM TO THESE REQUIREMENTS WILL NOT BE CONSIDERED.**

1. Proposers who submit an offer for the fixed route bus system will be required to provide at least **3** vehicles of model year **2018** or newer, that are capable of carrying at least 15 passengers and any baggage, including at least **2** vehicles with no more than **70,000** miles. **These may be owned by the Proposer or by the City. Currently, the City owns 2 vehicles and will lease said vehicles to the contractor for \$1.00 per year per vehicle.** All buses must have bicycle racks. Proposer must absorb within the bid price budget for painting of signage and/or logo on the outside of each bus. The interior of each bus must have signage to designate routes, preferably a digital display. All buses must be accessible per ADA standards, such as the availability of a ramp or lift, among other requirements. Proposers should carefully review ADA requirements for vehicles published by the Federal Transit Administration (FTA).
2. In the event that the City is successful in getting grant funding for fixed route bus vehicles, the contractor shall provide alternate hourly rates for a fleet with 3 vehicles owned by the City and operated by the contractor for year 2024 and for extension years. The intent is that the Proposer shall provide 1 vehicle during Calendar Year 2023 and lease 2 vehicles from the City at the specified hourly rate. Should the City procure an additional fixed route bus vehicle, the hourly rate will be amended as of the subsequent January 1 in accordance with the Price sheet (Appendix A) for the mix of Proposer/City vehicles in existence as of said January 1. The Base Rate for Year 2 of each option shall be used with the CPI to calculate the hourly rates for Extension Years.

### 7.2.1 Example:

Proposer submits a rate in Year 1 with 1 bus owned by the Proposer and 2 buses owned by the City of \$30.00/hour. If, on January 1, 2024, the City owns and leases three (3) buses to the Proposer, the rate in 2024 will be \$28.00. If, on January 1, 2025, the City owns and leases three (3) buses to the Proposer for use, then the rate in 2025 will be \$28.00/hour plus CPI.

3. Vendor must maintain and operate an automated dispatch and control system at a centralized office location with a dedicated radio communications system between the dispatch office and vehicle operators.
4. Vendor must have at least one (1) employee, **working during operational hours (Page 24 – 25)**, dedicated to dispatch and control systems at a centralized office location.

5. Vendor must have at least three (3) years prior organizational history in the ground transportation service industry providing on-demand, scheduled, or reservation-based services.
5. Vendor possess a database software that tracks ridership and revenue activity and provides reports for such data which can be used for current and historical data purposes.
6. Vendor must perform and maintain ADA compliant operations.
7. Vendor must systematically keep records of all ADA compliant performances.

## 7.2 General Contractor Requirements.

To assist prospective carriers in assessing their own qualifications for purposes of this solicitation, the following is a list of some of the specific qualifications that a potential Contractor must have:

1. Vendor must have financial capability to establish and maintain service during the contracting period.
2. Vendor must provide quality service to the general public, as well as the elders and persons with disabilities.
3. Vendor must maintain records of trips, passengers, and revenues related to the contracted service.
4. Vendor must secure minimum requirements for vehicle and general liability insurance.
5. Vendor must comply with Federal and State requirements concerning equal employment opportunities, discrimination, disadvantaged business, Americans with Disabilities Act (ADA) and drug and alcohol testing.

## 7.3 Specific Service Requirements.

- a. **Contract Period.** The initial contract period will be for **24 months** commencing **January 1, 2023** through **December 31, 2024**. This Contract contains three 1-year renewal options, each beginning on January 1st.
  1. This Contract shall automatically be extended into its first, second, and third 1-year option periods UNLESS the Contractor is notified, in writing, by the Municipality 90 calendar days prior to expiration of the initial and/or succeeding contract option period(s).

2. Contract options will be exercised through issuance of a contract amendment/modification citing the option renewal period.

*Also see paragraph 2.22 titled Continuation of Service.*

- b. **Service Area.** Service shall be provided within the **City of Platteville** on fixed-routes designated by the City.
- c. **Fixed-route schedule.** The service will be operated along a prescribed route according to a fixed schedule. This means that vehicles follow a pre-determined path picking up and dropping off passengers at designated bus stops along the route. Vehicles may not deviate from the route during service hours except for unscheduled maintenance, roadway detours, fueling, emergencies or other critical needs as determined by the operator or municipality. The schedule determines departure times of the vehicles from bus stops.
- d. **Bus stop facilities.** The contractor is not responsible for providing or maintaining bus stops or bus stop facilities. The municipality, at their discretion and in conjunction with partners, will select, acquire, develop and maintain bus stop facilities. Facilities may include but are not limited to curb cuts, concrete pads, benches, bus system information, passenger shelters and other amenities. Routine maintenance may include snow removal, safety inspections or repair. Maintenance or safety issues discovered by or reported to the fixed-route bus operator should be communicated to the municipality at the earliest possible opportunity.
- e. **On-time performance.** Vehicles must depart from bus stops within +/- three (3) minutes from the time shown on the schedule. Consistent failure to adhere to this performance standard should be communicated to the municipality.
- f. **ADA Complementary Paratransit Plan.** Service must be provided consistent with relevant sections of the adopted City of Platteville ADA Complementary Paratransit Plan. The plan may be amended over time. The service provider will be required to adopt practices that are consistent with changes to the plan and within constraints of this RFP.
- g. **ADA requirements.** Service must meet ADA requirements, including but not limited to:
  1. Lift / ramp use and passenger securement. Ramps, lifts and passenger securement devices must be present on all buses, in good working order, and drivers must be trained on their use.
  2. Service animals and oxygen. Service animals and oxygen supplies must be allowed to accompany individuals onto the bus. Operators may not request the individual disclose the nature of their disability or the reason that the service animal or oxygen is necessary.
  3. Maintenance of accessible features. ADA bus equipment must be provided, in good working order and drivers must be trained on its use. ADA equipment may include lighting, interior signage, bus securement equipment,

- ramps, lifts, non-skid surfaces and more. If equipment falls out of working order, it must be repaired promptly.
4. Accessible information. In conjunction with the municipality, the operator may develop, post and maintain accessible information on the interior of the bus, such as route schedules, maps and other notices.
  5. Obstructions at bus stops. A bus lift or ramp must be deployed upon rider request to board or alight. If an obstruction at the stop prevents the safe deployment of the ramp or lift, the driver must position the vehicle so that the lift or ramp can be deployed within close proximity of the stop. This does not require the driver to stop at a dangerous location or more than a block from the designated stop.
  6. Passenger boarding considerations. All passengers must be granted the opportunity to board and alight the bus in a reasonable amount of time.
  7. Stop announcements. The bus operator must verbally announce bus stops so individuals with visual and other disabilities know where they are and when to alight. Which stops must be announced is determined by the municipality, when a rider requests stops be announced, or when stops serve as a transfer point to other routes.
  8. Route identification. At bus stops served by multiple routes, the driver must verbally announce the route being served. This allows individuals with visual and other disabilities to know which bus to board.
  9. Written policies and procedures. The municipality may develop future written policies and procedures that further define and clarify the service regarding ADA requirements. The policies and procedures may be adopted in the ADA Complementary Paratransit Plan or may be stand-alone documents.

**y. Continuation of Service (Option Years).**

1. Contract prices for the option years will be adjusted (escalated or de-escalated) based upon the average annual change in the Consumer Index for “All Items” published by the Bureau of Labor Statistics (BLS) (Table 1A. Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, by expenditure category and commodity and service group, Expenditure Category “All Items”). The CPI-U value is published by the BLS at its website:

<http://www.bls.gov/cpi/news.htm>

2. At the time of option exercise, prices for the option years will be adjusted (escalated or de-escalated) based upon the then current average annual change in the Consumer Index for “All Items” published by the Bureau of Labor Statistics (BLS) (Table 1A. Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, by expenditure category and commodity and service group, Expenditure Category “All Items”).
3. The price for an option year shall be based upon the percent change in the CPI-U from the preceding year applied to the current contract year price to obtain the option year price. For the purpose of exercising service year options, WisDOT will recognize the change in CPI-U from August of the preceding year to August of the current contract year. This information becomes available in mid-September of each year. As a point of reference, the CPI-U twelve-month change from August 2015 to August 2016 was an increase of 1.1 percent.

For example, for a contract awarded with service to begin in 2011 with a fixed-price Hourly Service Rate (HSR) for the first two contract years:

Base Year HSR	\$24.00
CPI-U applied for 2013 is 1.2 percent change	x <u>1.012</u> (actual)
Option Year 1 HSR (Contract Year 3)	\$24.29 (becomes new “base” price)
Year 3 Base HSR	\$24.29
CPI-U applied for 2014 is 1.7 percent change	x <u>1.017</u> (actual)

Option Year 2 HSR (Contract Year 4)	\$24.70 (becomes new “base” year)
Year 4 Base Hourly Service Rate	\$24.70
CPI-U applied for 2015 is 1.00 percent change	<u>x 1.000</u> (actual)
Option Year 3 HSR (Contract Year 5)	\$24.70 (becomes final “base” year)

4. The Municipality reserves the right to discontinue the contract’s remaining option years and may elect to re-advertise the contract in whole or in part when changes in scheduled hours or hourly prices are not mutually acceptable between the Contractor and the Municipality. *(In order to satisfy FTA requirements, the Municipality must justify that any hourly price changes received from the Contractor are considered fair and reasonable and better than available in the market to the Wisconsin Department of Transportation for their approval and the continuation of funding). WisDOT funded contracts operating in the state of Wisconsin are independent of each other and are dealt with individually on a case by case basis.*
5. Any and all changes to the contract terms and conditions shall be evidenced in writing by amending/modifying the contract. **All final approved price changes will remain in the form of hourly rate.**
  - z. **Assignment or Transfer.** The Contractor shall not assign, transfer or encumber this Contract or rights herein granted on any portion thereof, without the prior written consent of the Municipality, which consent shall not be unreasonably withheld.
  - aa. **Termination of Agreement.** The Municipality shall have the unilateral right to terminate the Agreement upon ninety (90) days written notice to the Contractor.
  - bb. **End of Contract Transition.** In the face of an impending contract expiration or termination and in recognizing that unforeseen circumstances may arise in the placement of a successor contract, as well as the importance of providing continued fixed-route bus services with minimal interruption in services to the community, the Contractor agrees to:
    1. Fully cooperate in ensuring an orderly transition of fixed-route bus services during the transition to a successor contractor.
    2. Extend the contract period on a month-to-month basis at the then current contract prices for a period not to exceed 90 days in order to allow the Municipality sufficient time to place a successor contract. Such extension shall only be authorized by the Procurement Administrator with prior approval from WisDOT and shall be evidenced by a bilateral (signed by both parties) contract modification for each 30-day extension, not to exceed a total of 90 days.

3. Within 90 days prior to final contract expiration or termination, provide the Municipality with a complete and accurate inventory, including asset condition report, of assets leased from the Municipality which will be returned to the Municipality or may subsequently be leased by any successor contractor.

cc. ***Municipality Special Requirements.*** If the Municipality has any extra requirements not mentioned previously in the RFP, it should be mentioned here.

1. The Municipality will require 3 shuttle buses up to 15 passenger seated capacity. The Municipality has 2 shuttle buses for the initial year of the contract. The Proposer must supply the third vehicle and the communications equipment for the initial year of the contract. **If the Municipality receives grant funding for purchase of a third shuttle buses, the Proposer shall provide alternate bids (hourly rates) for Calendar Year 2024 in the event that the Municipality provides one three (3) vehicles as of the beginning of 2024 or any subsequent extension year.**

## 1. **BUY AMERICA REQUIREMENTS**

**49 U.S.C. 5323(j)**

**49 CFR Part 661\_**

### Applicability to Contracts

The Buy America requirements apply to the following types of contracts: Construction Contracts and Acquisition of Goods or Rolling Stock (valued at more than \$150,000).

Flow Down Requirements: The Buy America requirements flow down from FTA recipients and subrecipients to first tier contractors, who are responsible for ensuring that lower tier contractors and subcontractors are in compliance. The \$150,000 threshold applies only to the grantee contract, subcontracts under that amount are subject to Buy America.

Mandatory Clause/Language: The Buy America regulation, at 49 CFR 661.13, requires notification of the Buy America requirements in FTA-funded contracts, but does not specify the language to be used. The following language has been developed by FTA.

Buy America - The contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. Part 661, which provide that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7, and include software, microcomputer equipment and small purchases (currently less than \$150,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are stated at 5323(j)(2)(C) and 49 CFR 661.11. Rolling stock must be manufactured in the US and have a minimum 60% domestic content for FY2016 and FY2017, a minimum 65% domestic content for FY2018 and FY2019 and a minimum 70% domestic content for FY2020 and beyond.

A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification (below) with all bids or offers on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

- 1) A manufacturer of a new bus model or a bus produced with a major change in components or configuration shall provide a copy of the final test report to the recipient at a point in the procurement process specified by the recipient which will be prior to the recipient's final acceptance of the first vehicle.
- 2) A manufacturer who releases a report under paragraph 1 above shall provide notice to the operator of the testing facility that the report is available to the public.
- 3) If the manufacturer represents that the vehicle was previously tested, the vehicle being sold should have the identical configuration and major components as the vehicle in the test report, which must be provided to the recipient prior to recipient's final acceptance of the first vehicle. If the configuration or components are not identical, the manufacturer shall provide a description of the change and the manufacturer's basis for concluding that it is not a major change requiring additional testing.

4) If the manufacturer represents that the vehicle is "grandfathered" (has been used in mass transit service in the United States before October 1, 1988, and is currently being produced without a major change in configuration or components), the manufacturer shall provide the name and address of the recipient of such a vehicle and the details of that vehicle's configuration and major components.

**CERTIFICATION OF COMPLIANCE WITH FTA'S BUS TESTING REQUIREMENTS**

The undersigned [Contractor/Manufacturer] certifies that the vehicle offered in this procurement complies with 49 U.S.C. A 5323(c) and FTA's implementing regulation at 49 CFR Part 665.

## 5. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

**CFR part 180**  
**CFR part 1200**  
**CFR § 200.213**  
**CFR part 200 Appendix II (I)**  
**Executive Order 12549**  
**Executive Order 12689**

### **Background and Applicability**

A contract award (of any tier) in an amount expected to equal or exceed \$25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

### **Flow Down**

Recipients, contractors, and subcontractors who enter into covered transactions with a participant at the next lower level, must require that participant to: (a) comply with subpart C of 2 C.F.R. part 180, as supplemented by 2 C.F.R. part 1200; and (b) pass the requirement to comply with subpart C of 2 C.F.R. part 180 to each person with whom the participant enters into a covered transaction at the next lower tier.

### **Debarment, Suspension, Ineligibility and Voluntary Exclusion**

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

- a) Debarred from participation in any federally assisted Award;
- b) Suspended from participation in any federally assisted Award;

- c) Proposed for debarment from participation in any federally assisted Award;
- d) Declared ineligible to participate in any federally assisted Award;
- e) Voluntarily excluded from participation in any federally assisted Award; or
- f) Disqualified from participation in any federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the Recipient. If it is later determined by the Recipient that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the Recipient, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

**6. DISADVANTAGED BUSINESS ENTERPRISE (DBE)**

**49 CFR Part 26**

**Applicability to Contracts:** The Disadvantaged Business Enterprise (DBE) program provides guidance to grantees on the use of overall and contract goals, requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacement of DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors regardless of whether they are DBE firms or not.

The DBE program applies to all U.S. DOT- assisted contracting activities. A formal clause such as that below **must** be included in all contracts and subcontracts above the micro-purchase level (\$10,000 except for construction contracts over \$2,000).

**Clause Language**

Each contract the **Recipient** signs with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following Federal Clause language:

- a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. WisDOT's DBE transit goal for **FFY 2020-2022 is 1.85%**. A separate contract specific goal  **has** or  **has not** been established for this procurement.
- b. The **RECIPIENT**, contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this U.S. DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the **RECIPIENT** deems appropriate, which may include, but is not limited to:
  - i. Withholding monthly progress payments
  - ii. Assessing sanctions
  - iii. Liquidated damages, and/or
  - iv. Disqualifying the contractor from future bidding as non-responsible.
- c. The contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains written consent from the **RECIPIENT**.
- d. The contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the DBEs as listed in its written documentation of its commitment to the **RECIPIENT**.
- e. The contractor is required to pay subcontractors for satisfactory performance of their contracts no later than 10 calendar days from receipt of each payment the **RECIPIENT** makes to the contractor. The contractor may withhold payment to a subcontractor if, within 10 calendar days of receipt of that progress payment, the contractor provides written notification to the subcontractor and the **RECIPIENT** documenting "just cause" for withholding payment. The contractor is not allowed to withhold retainage from payments due subcontractors.
- f. The contractor will be required to report its DBE participation obtained throughout the period of performance.
- g. The contractor shall not terminate a DBE subcontractor listed in its written documentation of its commitment to the **RECIPIENT** to use a DBE subcontractor (or an approved substitute DBE firm) without the **RECIPIENT's** prior written consent per 49 CFR Part 26.53(f). This includes, but is not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
- h. The contractor must promptly notify the **RECIPIENT** whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work. The contractor must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work under contract as the DBE that was terminated, to the extent needed to meet the contract goal established for the procurement. The good faith efforts shall be documented by the contractor.
- i. The contractor may provide written consent only if the **RECIPIENT** agrees, for reasons stated in the

concurrency document, that it has good cause to terminate the DBE Firm. For purposes of this paragraph, good cause includes the following circumstances:

- i. The listed DBE subcontractor fails or refuses to execute a written contract.
  - ii. The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor.
  - iii. The listed DBE subcontractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
  - iv. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
  - v. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1,200 or applicable state law;
  - vi. **RECIPIENT** determined that the listed DBE subcontractor is not a responsible contractor;
  - vii. The listed DBE subcontractor voluntarily withdraws from the project and provides to you written notice of its withdrawal;
  - viii. The listed DBE is ineligible to receive DBE credit for the type of work required;
  - ix. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
  - x. Other documented good cause that compels the termination of the DBE subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE contractor was engaged or so that the prime contractor can substitute another DBE or non-DBE contractor after contract award.
- j. Before transmitting to the **RECIPIENT** its request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice in writing to the DBE subcontractor, with a copy to the **RECIPIENT**, of its intent to request to terminate and/or substitute, and the reason for the request.

### **Commercially Useful Function Monitoring**

Per 49 CFR 26.55 A DBE performs a commercially useful function (CUF) when the DBE is responsible for execution of their work under the contract and the DBE is carrying out its responsibilities by actually performing, managing, and supervising their work. A DBE firm does not perform a CUF if the DBE role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.

On federal aid contracts, the signature of the Project Manager on the DT1582 Completion Certificate serves as certification that the Project Engineer and/or project staff effectually monitored the DBE work performance and contract records to verify that the DBE firms were responsible for the execution of their work under the contract having performed a CUF.

## **7. FLY AMERICA REQUIREMENTS**

**49 U.S.C. §40118**  
**41 CFR Part 301-10**

Applicability to Contracts

The Fly America requirements apply to the transportation of persons or property, by air, between a place in the U.S. and a place outside the U.S., or between places outside the U.S., when the FTA will participate in the costs of such air transportation. Transportation on a foreign air carrier is permissible when provided by a foreign air carrier under a code share agreement when the ticket identifies the U.S. air carrier's designator code and flight number. Transportation by a foreign air carrier is also permissible if there is a bilateral or multilateral air transportation agreement to which the U.S. Government and a foreign government are parties and which the Federal DOT has determined meets the requirements of the Fly America Act.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under 10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirements: The Fly America requirements flow down from FTA recipients and subrecipients to first tier contractors, who are responsible for ensuring that lower tier contractors and subcontractors are in compliance.

Model Clause/Language: The relevant statutes and regulations do not mandate any specified clause or language. FTA proposes the following language.

Fly America Requirements - The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and subrecipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

## **8. CHARTER BUS REQUIREMENTS**

### **49 U.S.C. 5323(d) 49 CFR Part 604**

#### Applicability to Contracts

The Charter Bus requirements apply to the following type of contract: Operational Service Contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases.

Flow Down Requirements: The Charter Bus requirements flow down from FTA recipients and subrecipients to first tier service contractors.

Model Clause/Language: The relevant statutes and regulations do not mandate any specific clause or language. The following clause has been developed by FTA.

### **2 CFR Part 1201**

Applicability to Contracts: The Federal Changes requirement applies to all contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The Federal Changes requirement flows down appropriately to each applicable changed requirement.

Model Clause/Language: No specific language is mandated. The following language has been developed by FTA.

Federal Changes - Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

## **16. BONDING REQUIREMENTS**

Applicability to Contracts: For those construction or facility improvement contracts or subcontracts exceeding \$250,000, FTA may accept the bonding policy and requirements of the recipient, provided that they meet the minimum requirements for construction contracts as follows:

- a. A bid guarantee from each bidder equivalent to five (5) percent of the bid price. The "bid guarantees" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.
- b. A performance bond on the part of the Contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- c. A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment, as required by law, of all persons supplying labor and material in the execution of the work provided for in the contract. Payment bond amounts required from Contractors are as follows:
  - (1) 50% of the contract price if the contract price is not more than \$1 million;
  - (2) 40% of the contract price if the contract price is more than \$1 million but not more than \$5 million; or
  - (3) \$2.5 million if the contract price is more than \$5 million.

d. A cash deposit, certified check or other negotiable instrument may be accepted by a grantee in lieu of performance and payment bonds, provided the grantee has established a procedure to assure that the interest of FTA is adequately protected. An irrevocable letter of credit would also satisfy the requirement for a bond.

Flow Down Requirement: Bonding requirements flow down to the first tier contractors.

Model Clauses/Language: FTA does not prescribe specific wording to be included in third party contracts. FTA has prepared sample clauses as follows:

### **Bid Bond Requirements (Construction)**

#### (a) Bid Security

A Bid Bond must be issued by a fully qualified surety company acceptable to (Recipient) and listed as a company currently authorized under 31 CFR, Part 223 as possessing a Certificate of Authority as described thereunder.

#### (b) Rights Reserved

In submitting this Bid, it is understood and agreed by bidder that the right is reserved by (Recipient) to reject any and all bids, or part of any bid, and it is agreed that the Bid may not be withdrawn for a period of [ninety (90)] days subsequent to the opening of bids, without the written consent of (Recipient).

It is also understood and agreed that if the undersigned bidder should withdraw any part or all of his bid within [ninety (90)] days after the bid opening without the written consent of (Recipient), shall refuse or be unable to enter into this Contract, as provided above, or refuse or be unable to furnish adequate and acceptable Performance Bonds and Labor and Material Payments Bonds, as provided above, or refuse or be unable to furnish adequate and acceptable insurance, as provided above, he shall forfeit his bid security to the extent of (Recipient's) damages occasioned by such withdrawal, or refusal, or inability to enter into an agreement, or provide adequate security therefor.

It is further understood and agreed that to the extent the defaulting bidder's Bid Bond, Certified Check, Cashier's Check, Treasurer's Check, and/or Official Bank Check (excluding any income generated thereby which has been retained by (Recipient) as provided in [Item x "Bid Security" of the Instructions to Bidders]) shall prove inadequate to fully recompense (Recipient) for the damages occasioned by default, then the undersigned bidder agrees to indemnify (Recipient) and pay over to (Recipient) the difference between the bid security and (Recipient's) total damages, so as to make (Recipient) whole.

The undersigned understands that any material alteration of any of the above or any of the material contained on this form, other than that requested, will render the bid unresponsive.

### **Performance and Payment Bonding Requirements (Construction)**

The Contractor shall be required to obtain performance and payment bonds as follows:

#### (a) Performance bonds

1. The penal amount of performance bonds shall be 100 percent of the original contract price, unless the (Recipient) determines that a lesser amount would be adequate for the protection of the (Recipient).
2. The (Recipient) may require additional performance bond protection when a contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price. The (Recipient) may secure additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

#### (b) Payment bonds

1. The penal amount of the payment bonds shall equal:

(i) Fifty percent of the contract price if the contract price is not more than \$1 million.

(ii) Forty percent of the contract price if the contract price is more than \$1 million but not more than \$5 million; or

(iii) Two and one half million if the contract price is more than \$5 million.

2. If the original contract price is \$5 million or less, the (Recipient) may require additional protection as required by subparagraph 1 if the contract price is increased.

### **Performance and Payment Bonding Requirements (Non-Construction)**

The Contractor may be required to obtain performance and payment bonds when necessary to protect the (Recipient's) interest.

(a) The following situations may warrant a performance bond:

1. (Recipient) property or funds are to be provided to the contractor for use in performing the contract or as partial compensation (as in retention of salvaged material).

2. A contractor sells assets to or merges with another concern, and the (Recipient), after recognizing the latter concern as the successor in interest, desires assurance that it is financially capable.

3. Substantial progress payments are made before delivery of end items starts.

4. Contracts are for dismantling, demolition, or removal of improvements.

(b) When it is determined that a performance bond is required, the Contractor shall be required to obtain performance bonds as follows:

1. The penal amount of performance bonds shall be 100 percent of the original contract price, unless the (Recipient) determines that a lesser amount would be adequate for the protection of the (Recipient).

2. The (Recipient) may require additional performance bond protection when a contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price. The (Recipient) may secure additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) A payment bond is required only when a performance bond is required, and if the use of payment bond is in the (Recipient's) interest.

(d) When it is determined that a payment bond is required, the Contractor shall be required to obtain payment bonds as follows:

1. The penal amount of payment bonds shall equal:

(i) Fifty percent of the contract price if the contract price is not more than \$1 million;

(ii) Forty percent of the contract price if the contract price is more than \$1 million

but not more than \$5 million; or

(iii) Two and one half million if the contract price is increased.

### **Advance Payment Bonding Requirements**

The Contractor may be required to obtain an advance payment bond if the contract contains an advance payment provision and a performance bond is not furnished. The (recipient) shall determine the amount of the advance payment bond necessary to protect the (Recipient).

**Patent Infringement Bonding Requirements (Patent Indemnity)**

The Contractor may be required to obtain a patent indemnity bond if a performance bond is not furnished and the financial responsibility of the Contractor is unknown or doubtful. The (recipient) shall determine the amount of the patent indemnity to protect the (Recipient).

**Warranty of the Work and Maintenance Bonds**

1. The Contractor warrants to (Recipient), the Architect and/or Engineer that all materials and equipment furnished under this Contract will be of highest quality and new unless otherwise specified by (Recipient), free from faults and defects and in conformance with the Contract Documents. All work not so conforming to these standards shall be considered defective. If required by the [Project Manager], the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

2. The Work furnished must be of first quality and the workmanship must be the best obtainable in the various trades. The Work must be of safe, substantial and durable construction in all respects. The Contractor hereby guarantees the Work against defective materials or faulty workmanship for a minimum period of one (1) year after Final Payment by (Recipient) and shall replace or repair any defective materials or equipment or faulty workmanship during the period of the guarantee at no cost to (Recipient). As additional security for these guarantees, the Contractor shall, prior to the release of Final Payment [as provided in Item X below], furnish separate Maintenance (or Guarantee) Bonds in form acceptable to (Recipient) written by the same corporate surety that provides the Performance Bond and Labor and Material Payment Bond for this Contract. These bonds shall secure the Contractor's obligation to replace or repair defective materials and faulty workmanship for a minimum period of one (1) year after Final Payment and shall be written in an amount equal to ONE HUNDRED PERCENT (100%) of the CONTRACT SUM, as adjusted (if at all).

## 19. **DAVIS-BACON AND COPELAND ANTI-KICKBACK ACTS**

### **Background and Application**

The Davis-Bacon and Copeland Acts are codified at 40 USC 3141, et seq. and 18 USC 874. The Acts apply to grantee construction contracts and subcontracts that "at least partly are financed by a loan or grant from the Federal Government." 40 USC 3145(a), 29 CFR 5.2(h), 18 CFR 18.36(i)(5). The Acts apply to any construction contract over \$2,000. 40 USC 3142(a), 29 CFR 5.5(a). 'Construction,' for purposes of the Acts, includes "actual construction, alteration and/or repair, including painting and decorating." 29 CFR 5.5(a). The requirements of both Acts are incorporated into a single clause (see 29 CFR 3.11) enumerated at 29 CFR 5.5(a) and reproduced below.

The clause language is drawn directly from 29 CFR 5.5(a) and any deviation from the model clause below should be coordinated with counsel to ensure the Acts' requirements are satisfied.

### **Clause Language**

#### **Davis-Bacon and Copeland Anti-Kickback Acts**

(1) **Minimum wages** - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)

(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) **Withholding** - The Recipient shall upon its own action or upon written request of an authorized

representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the Recipient may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Recipient for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) **Apprentices and trainees** - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) **Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility** - (i) By entering into this contract, the contractor certifies that neither it (nor

he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

## **20. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT**

### **Background and Application**

The Contract Work Hours and Safety Standards Act is codified at 40 USC 3701, et seq. The Act applies to grantee contracts and subcontracts "financed at least in part by loans or grants from ... the [Federal] Government." 40 USC 3701(b)(1)(B)(iii) and (b)(2), 29 CFR 5.2(h), 18 CFR 18.36(i)(6). Although the original Act required its application in any construction contract over \$2,000 or non-construction contract to which the Act applied over \$2,500 (and language to that effect is still found in 18 CFR 18.36(i)(6)), the Act no longer applies to any "contract in an amount that is not greater than \$100,000." 40 USC 3701(b)(3)(A)(iii).

The Act applies to construction contracts and, in very limited circumstances, non-construction projects that employ "laborers or mechanics on a public work." These non-construction applications do not generally apply to transit procurements because transit procurements (to include rail cars and buses) are deemed "commercial items." 40 USC 3707, 41 USC 403 (12). A grantee that contemplates entering into a contract to procure a developmental or unique item should consult counsel to determine if the Act applies to that procurement and that additional language required by 29 CFR 5.5(c) must be added to the basic clause below.

The clause language is drawn directly from 29 CFR 5.5(b) and any deviation from the model clause below should be coordinated with counsel to ensure the Act's requirements are satisfied.

### **Clause Language**

#### **Contract Work Hours and Safety Standards**

(1) **Overtime requirements** - No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages** - In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) **Withholding for unpaid wages and liquidated damages** - The (write in the name of the grantee) shall upon its own action or upon written request of an authorized representative of the Department of Labor

withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

## **22. NO GOVERNMENT OBLIGATION TO THIRD PARTIES**

Applicability to Contracts: Applicable to all contracts

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: Not required by statute or regulation for either primary contractors or subcontractors, this concept should flow down to all levels to clarify, to all parties to the contract, that the Federal Government does not have contractual liability to third parties, absent specific written consent.

Model Clause/Language: While no specific language is required, FTA has developed the following language.

No Obligation by the Federal Government.

(1) The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

## **23. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS**

**31 U.S.C. 3801 et seq.

49 U.S.C. 5307**

Applicability to Contracts: These requirements are applicable to all contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: These requirements flow down to contractors and subcontractors who make, present, or submit covered claims and statements.

Model Clause/Language: These requirements have no specified language, so FTA proffers the following language.

Program Fraud and False or Fraudulent Statements or Related Acts.

(1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § § 3801 et seq . and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

(3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

## **24. TERMINATION**

### **2 CFR Part 1201**

### **2 CFR 200**

### **FTA Circular 4220.1F**

Applicability to Contracts: All contracts (with the exception of contracts with nonprofit organizations and institutions of higher education,) in excess of \$10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be affected and the basis for settlement. (For contracts with nonprofit organizations and institutions of higher education the threshold is \$250,000.) In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

Flow Down Requirement: The termination requirements flow down to all contracts in excess of \$10,000, with the exception of contracts with nonprofit organizations and institutions of higher learning.

Model Clause/Language: FTA does not prescribe the form or content of such clauses. The following are suggestions of clauses to be used in different types of contracts:

- a. Termination for Convenience (General Provision)** The (Recipient) may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to (Recipient) to be paid the Contractor. If the Contractor has any property in its possession belonging to the (Recipient), the Contractor will account for the same, and dispose of it in the manner the (Recipient) directs.
- b. Termination for Default [Breach or Cause] (General Provision)** If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the (Recipient) may terminate this contract for default. Termination shall be affected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the (Recipient) that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the (Recipient), after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

- c. Opportunity to Cure (General Provision)** The (Recipient) in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to (Recipient)'s satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Contractor of written notice from (Recipient) setting forth the nature of said breach or default, (Recipient) shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude (Recipient) from also pursuing all available remedies against Contractor and its sureties for said breach or default.

- d. Waiver of Remedies for any Breach** In the event that (Recipient) elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by (Recipient) shall not limit (Recipient)'s remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
- e. Termination for Convenience (Professional or Transit Service Contracts)** The (Recipient), by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the Recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.
- f. Termination for Default (Supplies and Service)** If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies

delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

- g. Termination for Default (Transportation Services)** If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of Recipient goods, the Contractor shall, upon direction of the (Recipient), protect and preserve the goods until surrendered to the Recipient or its agent. The Contractor and (Recipient) shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the (Recipient).

- h. Termination for Default (Construction)** If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Recipient may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Recipient resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Recipient in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-

1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of the Recipient, acts of another Contractor in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
2. The contractor, within [10] days from the beginning of any delay, notifies the (Recipient) in writing of the causes of delay. If in the judgment of the (Recipient), the delay is excusable, the time for completing the work shall be extended. The judgment of the (Recipient) shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Recipient.

- i. Termination for Convenience or Default (Architect and Engineering) The (Recipient) may terminate this contract in whole or in part, for the Recipient's convenience or because of the failure of the Contractor to fulfill the contract obligations. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process.

If the termination is for the convenience of the Recipient, the Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the Recipient may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Recipient.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

- j. Termination for Convenience of Default (Cost-Type Contracts) The (Recipient) may terminate this contract, or any portion of it, by serving a notice of termination on the Contractor. The notice shall state whether the termination is for convenience of the (Recipient) or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the (Recipient), or property supplied to the Contractor by the (Recipient). If the termination is for default, the (Recipient) may fix the fee, if the contract provides for a fee, to be paid the contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the (Recipient) and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of the (Recipient), the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a notice of termination for default, the (Recipient) determines that the Contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of the contractor, the (Recipient), after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

## **25. PRIVACY ACT**

### **5 U.S.C. 552**

Applicability to Contracts: When a grantee maintains files on drug and alcohol enforcement activities for FTA, and those files are organized so that information could be retrieved by personal identifier, the Privacy Act requirements apply to all contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The Federal Privacy Act requirements flow down to each third party contractor and their contracts at every tier.

Model Clause/Language: The text of the following clause has not been mandated by statute or specific regulation, but has been developed by FTA.

Contracts Involving Federal Privacy Act Requirements - The following requirements apply to the Contractor and its employees that administer any system of records on behalf of the Federal Government under any contract:

(1) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

(2) The Contractor also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

## **26. CIVIL RIGHTS REQUIREMENTS**

**29 U.S.C. § 623, 42 U.S.C. § 2000**

**42 U.S.C. § 6102, 42 U.S.C. § 12112**

**42 U.S.C. § 12132, 49 U.S.C. § 5332**

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The Civil Rights requirements flow down to all third-party contractors and their contracts at every tier.

Model Clause/Language: The following clause was predicated on language contained at 49 CFR Part 19, Appendix A, but FTA has shortened the lengthy text.

### **Civil Rights - The following requirements apply to the underlying contract:**

The following requirements apply to the underlying contract:

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

(a) Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

## **27. BREACHES AND DISPUTE RESOLUTION**

### **2 CFR Part 1201**

#### **FTA Circular 4220.1F**

Applicability to Contracts: All contracts in excess of \$250,000 shall contain provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. This may include provisions for bonding, penalties for late or inadequate performance, retained earnings, liquidated damages or other appropriate measures.

Flow Down: The Breaches and Dispute Resolutions requirements flow down to all tiers.

Model Clauses/Language: FTA does not prescribe the form or content of such provisions. What provisions are developed will depend on the circumstances and the type of contract. Recipients should consult legal counsel in developing appropriate clauses. The following clauses are examples of provisions from various FTA third party contracts.

**Disputes** - Disputes arising in the performance of this Contract which are not resolved by agreement of the parties shall be decided in writing by the authorized representative of the Recipient. This decision shall be final and conclusive unless within [ten (10)] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Recipient.

In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Recipient shall be binding upon the Contractor and the Contractor shall abide by the decision.

**Performance During Dispute** - Unless otherwise directed by (Recipient), Contractor shall continue performance under this Contract while matters in dispute are being resolved.

**Claims for Damages** - Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

**Remedies** - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the (Recipient) and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the (Recipient) is located.

**Rights and Remedies** - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the (Recipient), (Architect) or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

## **28. PATENT AND RIGHTS IN DATA**

### **2 CFR Part 1201**

### **37 CFR Part 401**

### **49 CFR Part 19**

Applicability to Contracts: Patent and rights in data requirements for federally assisted projects ONLY apply to research projects in which FTA finances the purpose of the grant is to finance the development of a product or information. These patent and data rights requirements do not apply to capital projects or operating projects, even though a small portion of the sales price may cover the cost of product development or writing the user's manual.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The Patent and Rights in Data requirements apply to all contractors and their contracts at every tier.

Model Clause/Language: The FTA patent clause is substantially similar to the text of 49 C.F.R. Part 19, Appendix A, Section 5, but the rights in data clause reflects FTA objectives. For patent rights, FTA is governed by Federal law and regulation. For data rights, the text on copyrights is insufficient to meet FTA's purposes for awarding research grants. This model clause, with larger rights as a standard, is proposed with the understanding that this standard could be modified to FTA's needs.

CONTRACTS INVOLVING EXPERIMENTAL, DEVELOPMENTAL, OR RESEARCH WORK.

A. **Rights in Data** - The following requirements apply to each contract involving experimental, developmental or research work:

(1) The term "subject data" used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the contract. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to contract administration.

(2) The following restrictions apply to all subject data first produced in the performance of the contract to which this Attachment has been added:

(a) Except for its own internal use, the Purchaser or Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Purchaser or Contractor authorize others to do so, without the written consent of the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to any contract with an academic institution.

(b) In accordance with 49 C.F.R. § 18.34 and 49 C.F.R. § 19.36, the Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for "Federal Government purposes," any subject data or copyright described in subsections (2)(b)1 and (2)(b)2 of this clause below. As used in the previous sentence, "for Federal Government purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.

1. Any subject data developed under that contract, whether or not a copyright has been obtained; and

2. Any rights of copyright purchased by the Purchaser or Contractor using Federal assistance in whole or in part provided by FTA.

(c) When FTA awards Federal assistance for experimental, developmental, or research work, it is FTA's general intention to increase transportation knowledge available to the public, rather than to restrict the benefits resulting from the work to participants in that work. Therefore, unless FTA determines otherwise, the Purchaser and the Contractor performing experimental, developmental, or research work required by the underlying contract to which this Attachment is added agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of that contract, or a copy of the subject data first produced under the contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of the underlying contract, is not completed for any reason whatsoever, all data developed under that contract shall become subject data as defined in subsection (a) of this clause and shall be delivered as the Federal Government may direct. This subsection (c) , however, does not apply to adaptations of automatic data processing equipment or programs for the Purchaser or Contractor's use whose costs are financed in whole or in part with Federal assistance provided by FTA for transportation capital projects.

(d) Unless prohibited by state law, upon request by the Federal Government, the Purchaser and the Contractor agree to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Purchaser or Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. Neither the Purchaser nor the Contractor shall be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

(e) Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.

(f) Data developed by the Purchaser or Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying contract to which this Attachment has been added is exempt from the requirements of subsections (b), (c), and (d) of this clause, provided that the Purchaser or Contractor identifies that data in writing at the time of delivery of the contract work.

(g) Unless FTA determines otherwise, the Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FTA.

(3) Unless the Federal Government later makes a contrary determination in writing, irrespective of the Contractor's status (i.e., a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual, etc.), the Purchaser and the Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in

U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R. Part 401.

(4) The Contractor also agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FTA.

**B. Patent Rights** - This following requirements apply to each contract involving experimental, developmental, or research work:

(1) General - If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the contract to which this Attachment has been added, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Purchaser and Contractor agree to take actions necessary to provide immediate notice and a detailed report to the party at a higher tier until FTA is ultimately notified.

(2) Unless the Federal Government later makes a contrary determination in writing, irrespective of the Contractor's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the Purchaser and the Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R. Part 401.

(3) The Contractor also agrees to include the requirements of this clause in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FTA.

## **29. TRANSIT EMPLOYEE PROTECTIVE ARRANGEMENTS**

**49 U.S.C. § 5310, § 5311, and § 5333  
29 CFR Part 215**

Applicability to Contracts: The Transit Employee Protective Provisions apply to each contract for transit operations performed by employees of a Contractor recognized by FTA to be a transit operator. (Because transit operations involve many activities apart from directly driving or operating transit vehicles, FTA determines which activities constitute transit "operations" for purposes of this clause.)

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases, except for construction contracts over \$2,000.

Flow Down Requirement: These provisions are applicable to all contracts and subcontracts at every tier.

Model Clause/Language: Since no mandatory language is specified, FTA had developed the following language. Transit Employee Protective Provisions. (1) The Contractor agrees to comply with applicable transit employee protective requirements as follows:

(a) General Transit Employee Protective Requirements - To the extent that FTA determines that transit operations are involved, the Contractor agrees to carry out the transit operations work on the underlying contract in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and equitable to protect the interests of employees employed under this contract and to meet the employee protective requirements of 49 U.S.C. A 5333(b), and U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the letter of certification from the U.S. DOL to FTA applicable to the FTA Recipient's project from which Federal assistance is provided to support work on the underlying contract. The Contractor agrees to carry out that work in compliance with the conditions stated in that U.S. DOL letter. The requirements of this subsection (1), however, do not apply to any contract financed with Federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 U.S.C. § 5310(a)(2), or for projects for nonurbanized areas authorized by 49 U.S.C. § 5311. Alternate provisions for those projects are set forth in subsections (b) and (c) of this clause.

(b) Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C.

§ 5310(a)(2) for Elderly Individuals and Individuals with Disabilities

- If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 U.S.C. § 5333(b) are necessary or appropriate for the state and the public body subrecipient for which work is performed on the underlying contract, the Contractor agrees to carry out the Project in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 U.S.C. § 5333(b), U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. The Contractor agrees to perform transit operations in connection with the underlying contract in compliance with the conditions stated in that U.S. DOL letter.

(c) Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C.

§ 5311 in Nonurbanized Areas

- If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5311, the Contractor agrees to comply with the terms and conditions of the Special Warranty for the Nonurbanized Area Program agreed to by the U.S. Secretaries of Transportation and Labor, dated May 31, 1979, and the procedures implemented by U.S. DOL or any revision thereto.

(2) The Contractor also agrees to include any applicable requirements in each subcontract involving transit operations financed in whole or in part with Federal assistance provided by FTA.

### **30. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS**

#### **FTA Circular 4220.1F**

Applicability to Contracts: The incorporation of FTA terms applies to all contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The incorporation of FTA terms has unlimited flow down.

Model Clause/Language: FTA has developed the following incorporation of terms language:

Incorporation of Federal Transit Administration (FTA) Terms - The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any (name of grantee) requests which would cause (name of grantee) to be in violation of the FTA terms and conditions.

### **31. DRUG AND ALCOHOL TESTING**

#### **49 U.S.C. §5331**

#### **49 CFR Part 655**

Applicability to Contracts: The Drug and Alcohol testing provisions apply to Operational Service Contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases, except for construction contracts over \$2,000.

Flow Down Requirements: Anyone who performs a safety-sensitive function for the recipient or subrecipient is required to comply with FTA regulation 49 CFR 655 "Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations" and DOT regulation, 49 CFR Part 40 "Procedures for Transportation Workplace Drug and Alcohol testing Programs".

#### Explanation of Model Clause/Language

Federal regulations 49 CFR 655 includes the following elements. First, they require recipients to ensure that any entity performing a safety-sensitive function on the recipient's behalf (usually subrecipients and/or contractors) implement a complex drug and alcohol testing program that complies with 49 CFR Part 655. Second, the rules condition the receipt of certain kinds of FTA funding on the recipient's compliance with the rules; thus, the recipient is not in compliance with the rules unless every entity that performs a safety-sensitive function on the recipient's behalf is in compliance with the rules. Third, the rules do not specify how a recipient ensures that its subrecipients and/or contractors comply with them.

#### Explanation of Model Contract Clauses

#### Drug and Alcohol Testing

The contractor agrees to:

- (a) Establish and implement a drug and alcohol testing program that complies with Federal Transit Administration (FTA) regulation, 49 CFR Part 655 "Prevention of Alcohol Misuse and Prohibited

Drug Use in Transit Operations” and US DOT regulation, 49 CFR Part 40 “Procedures for Transportation Workplace Drug and Alcohol Testing Program”.

- (b) Participate in the Drug and Alcohol Testing Consortium administered by WisDOT’s approved Third Party Administrator that complies with 49 CFR Part 655.
- (c) Provide documentation and reports necessary to establish its compliance with Part 655, as amended, and permit any authorized representative of the United States Department of Transportation or its operating administrations and/or the State of Wisconsin, Department of Transportation or its authorized agents, to inspect the facilities and records associated with the implementation of the drug and alcohol testing program as required under 49 CFR Part 655 as amended and review the testing process.

### **32. SAFE OPERATION OF MOTOR VEHICLES**

**23 U.S.C. part 402**

**Executive Order No. 13043**

**Executive Order No. 13513**

**U.S. DOT Order No. 3902.10**

#### Applicability to Contracts

The Safe Operation of Motor Vehicles requirements apply to all federally funded third party contracts. In compliance with Federal Executive Order No. 13043, “Increasing Seat Belt Use in the United States,” April 16, 1997, 23 U.S.C. Section 402 note, FTA encourages each third party contractor to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company owned, rented, or personally operated vehicles, and to include this provision in each third party subcontract involving the project. Additionally, recipients are required by FTA to include a Distracted Driving clause that addresses distracted driving, including text messaging in each of its third party agreements supported with Federal assistance.

Flow Down Requirements: The Safe Operation of Motor Vehicles requirements flow down to all third party contractors at every tier.

Model Clause/Language: There is no required language for the Safe Operation of Motor Vehicles clause. Recipients can draw on the following language for inclusion in their federally funded procurements.

Safe Operation of Motor Vehicles Requirements -

Seat Belt Use: The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company A-60 rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or AGENCY.

Distracted Driving: The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

### **33. ADA ACCESS**

**49 USC 531 (d)**

Applicability to Contracts: The ADA Access Requirements apply to all contracts.

Applicability to Micro-Purchases: Micro-purchases are defined as those purchases under \$10,000. These requirements do not apply to micro-purchases; except for construction contracts over \$2,000.

Flow Down Requirement: The ADA Access Requirements flow down to all third party contractors and their contracts at every tier.

Model Clause/Language: ADA Access. The Americans with Disabilities Act of 1990 (ADA) prohibits discrimination and ensures equal opportunity and access for persons with disabilities.

#### **Access Requirements for Persons with Disabilities**

Contractor shall comply with 49 USC 5301(d), stating Federal policy that the elderly and persons with disabilities have the same rights as other persons to use mass transportation services and facilities and that special efforts shall be made in planning and designing those services and facilities to implement that policy. Contractor shall also comply with all applicable requirements of Sec. 504 of the Rehabilitation Act (1973), as amended, 29 USC 794, which prohibits discrimination on the basis of handicaps, and the Americans with Disabilities Act of 1990 (ADA), as amended, 42 USC 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments thereto.

This subsection shall not be understood, construed or enforced in any manner that would require an employer to give preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or former employee.

### **35. PROHIBITION ON PROVIDING OR USING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT**

#### **Section 889**

Consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018), CONTRACTOR must not: (a) provide "covered telecommunications equipment or services" (as that term is defined in Section 889 of the Act) as part of its performance under this Contract, if such equipment or services will be used as a substantial or essential component of any system or as critical technology as part of any system; or (b) use such covered telecommunication equipment or services as a substantial or essential component of any system or as critical technology as part of any system, regardless of whether that use is in connection with performance of work under this Contract, subject only to the exception that covered telecommunications equipment or services may be provided or used if the equipment or services cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.
