October 28, 2021

Dear Resident/Property Owner,

The City of Platteville has tentatively set which street and utility projects that will be completed in 2022, which are shown on the attached map. In preparation of these projects, Delta 3 Engineering will be surveying them in the upcoming weeks. You will notice many colorful locating flags which indicate the location of underground utilities such as natural gas, telephone, and electricity on your property. We ask that you do not remove these until early December when the survey work has been completed.

Also, in January 2022 there will be public information meetings regarding these projects. At these meetings the public will be given an overview of the project, a tentative schedule, and have the opportunity to provide input on the project design. Once the dates of these information meetings have been established, an invitation will be sent to you (they will also be posted on the City's website.)

If you have any questions, please feel free to contact the project manager, Dan Dreessens of Delta 3 Engineering, Inc. at (608) 348-5355, ext. 1002 or dreessensd@delta3eng.biz.

Thank you,

Howard B. Crofoot, P.E.
Director of Public Works

Dan Dreessens, P.E.
Delta 3 Engineering, Inc.
