To Whom It May Concern:

This letter is to invite you to a Public Information meeting regarding the upcoming Camp Street Water and Sewer Replacement Project on **Tuesday, January 16, 2024, at 7:00 p.m. in the Common Council Chambers at City Hall**. The objective of the project is to replace the water main and sanitary sewer on Camp Street from Lancaster Street to Elm Street. This project will be bid in early 2024, work will start in April/May 2024, and it will be completed in August 2024.

At the meeting I will be giving a brief presentation regarding the scope of the project with a question-and-answer period afterward. The City's Director of Public Works, Howard Crofoot, will also be present to answer any questions.
