**DETAILED SPECIFICATIONS
FOR
CONTRACT 8-25 Highway Painting**

SPECIFICATIONS

Any and/or all of the following documents that are applicable are included in the Specifications for this contract:

1. Traffic Controls for State and Highway Construction and Maintenance Operations, Part VI, of the U.S. Department of Transportation, Federal Highway Administration's Manual on Traffic Control Devices for States and Highways.
2. The following portions of the Municipal Code of the City of Platteville:
 - a. Chapter 4, Streets, Alleys, and Sidewalks
 - b. Chapter 23, Building Code

Copies of the above documents are on file in the office of the Director of Public Works.

Whenever there is a conflict between the construction plans and the specifications as outlined in the Instructions To Bidders, the plans shall govern. The Special Provisions shall govern if they are in conflict with either the plans or the specifications.

**SPECIAL PROVISIONS
FOR
CONTRACT 8-25
HIGHWAY PAINTING**

DESCRIPTION OF WORK

This project consists of painting centerline stripes, stop bars, crosswalks, words and symbols on selected streets in the City of Platteville. This is a re-paint of existing lines, plus two new locations on Eastside Road to be marked by the City in conjunction with the contractor prior to painting.

MATERIALS

- A. Paint used shall be Epoxy, applied at 15mil thickness with glass beads applied at the rate of 25 lbs per gal of paint.
- B. Any oil or water base paint residue, whether stripes or symbols, that will restrict or limit the adhesiveness of the Epoxy paint shall be removed, either by sand blasting, grinding or any other method that is first approved by the City of Platteville.
- C. All crosswalks, turn arrows, stop blocks, words or symbols shall be repainted using the Epoxy paint.

CONSTRUCTION

Suitable methods shall be used to protect the public and the uncured paint from traffic. Any damage to the uncured paint will be the responsibility of the contractor. For clarification of the responsibilities, the contractor shall place signs, barricades and/or personnel in accordance with the MUTCD to ensure traffic does not interfere with the paint application process or damage the paint before it is properly cured.

BASIS OF PAYMENT

Highway Centerline 4" Double Yellow: The contractor shall apply 2 each 4" wide yellow lines with payment per linear foot of the double line. Each line shall NOT be paid separately.

Stop Block: Each stop block shall be 18" wide white line from the edge of the pavement or gutter to the centerline as determined by the City. Payment shall be per linear foot of 18" line applied. These will be on College Drive.

Crosswalks (High Visibility): Crosswalks shall be composed of 4" white lines – 2 are perpendicular to the direction of traffic from one side of the street to the other. Each crosswalk has diagonal lines between the two lines. The contractor shall be paid for the linear foot length from one side of the intersection to the other for each crosswalk.

4" Single White – Lane Designation: The contractor shall paint 4" white lane separation/designation line. The contractor shall be paid per linear foot of lane designation line.

4" Single White – Skips: The contractor shall paint 4" white dashes/skips. The contractor shall be paid per linear foot of skips.

4" Single White diagonals: The contractor shall apply 4" white line diagonals for the lane separation area at the Business 151 intersection. The contractor will be paid per linear foot of diagonals.

4" Yellow diagonals: The contractor shall apply 4" yellow line diagonals for the lane separation area at six (6) intersections. Two intersections are "new" turning lanes to be marked jointly by contractor and City. The contractor will be paid per linear foot of diagonals.

"ONLY": The contractor shall paint epoxy word "ONLY" as specified. The contractor shall be paid for each occurrence.

Left Arrow: The contractor shall paint epoxy turn arrows to the left in the left turn only lane as specified. The contractor shall be paid for each occurrence.

Right Arrow: The contractor shall paint epoxy turn arrows to the right in the right turn only lane as specified. The contractor shall be paid for each occurrence.

Left-Through Arrow: The contractor shall paint epoxy arrows with combination Left turn and Through in the lane as specified. The contractor shall be paid for each occurrence.

Alternate Bid A

Highway Centerline 4" Double Yellow: The contractor shall apply 2 each 4" wide yellow lines with payment per linear foot of the double line. Each line shall NOT be paid separately.

Stop Block: Each stop block shall be 18" wide white line from the edge of the pavement or gutter to the centerline as determined by the City. Payment shall be per linear foot of 18" line applied.

4" Single White – Lane Designation: The contractor shall paint 4" white lane separation/designation line. The contractor shall be paid per linear foot of lane designation line.

Right Arrow: The contractor shall paint epoxy turn arrows to the right in the right turn only lane as specified. The contractor shall be paid for each occurrence.

Left-Through Arrow: The contractor shall paint epoxy arrows with combination Left turn and Through in the lane as specified. The contractor shall be paid for each occurrence.

EQUIPMENT

All equipment, tools and machines will be subject to the approval of the Director of Public Works. The contractor shall provide all equipment to clean the pavement prior to application, epoxy paint, paint applicators and auxiliary equipment to perform all work.

COMPLETION

Time of completion for this project is August 15, 2025. Completion means that all work, including clean up, has been accomplished. Base Bid is near Southwest Health Center. The contractor can expect emergency vehicles using the road and must be prepared to accommodate such traffic.

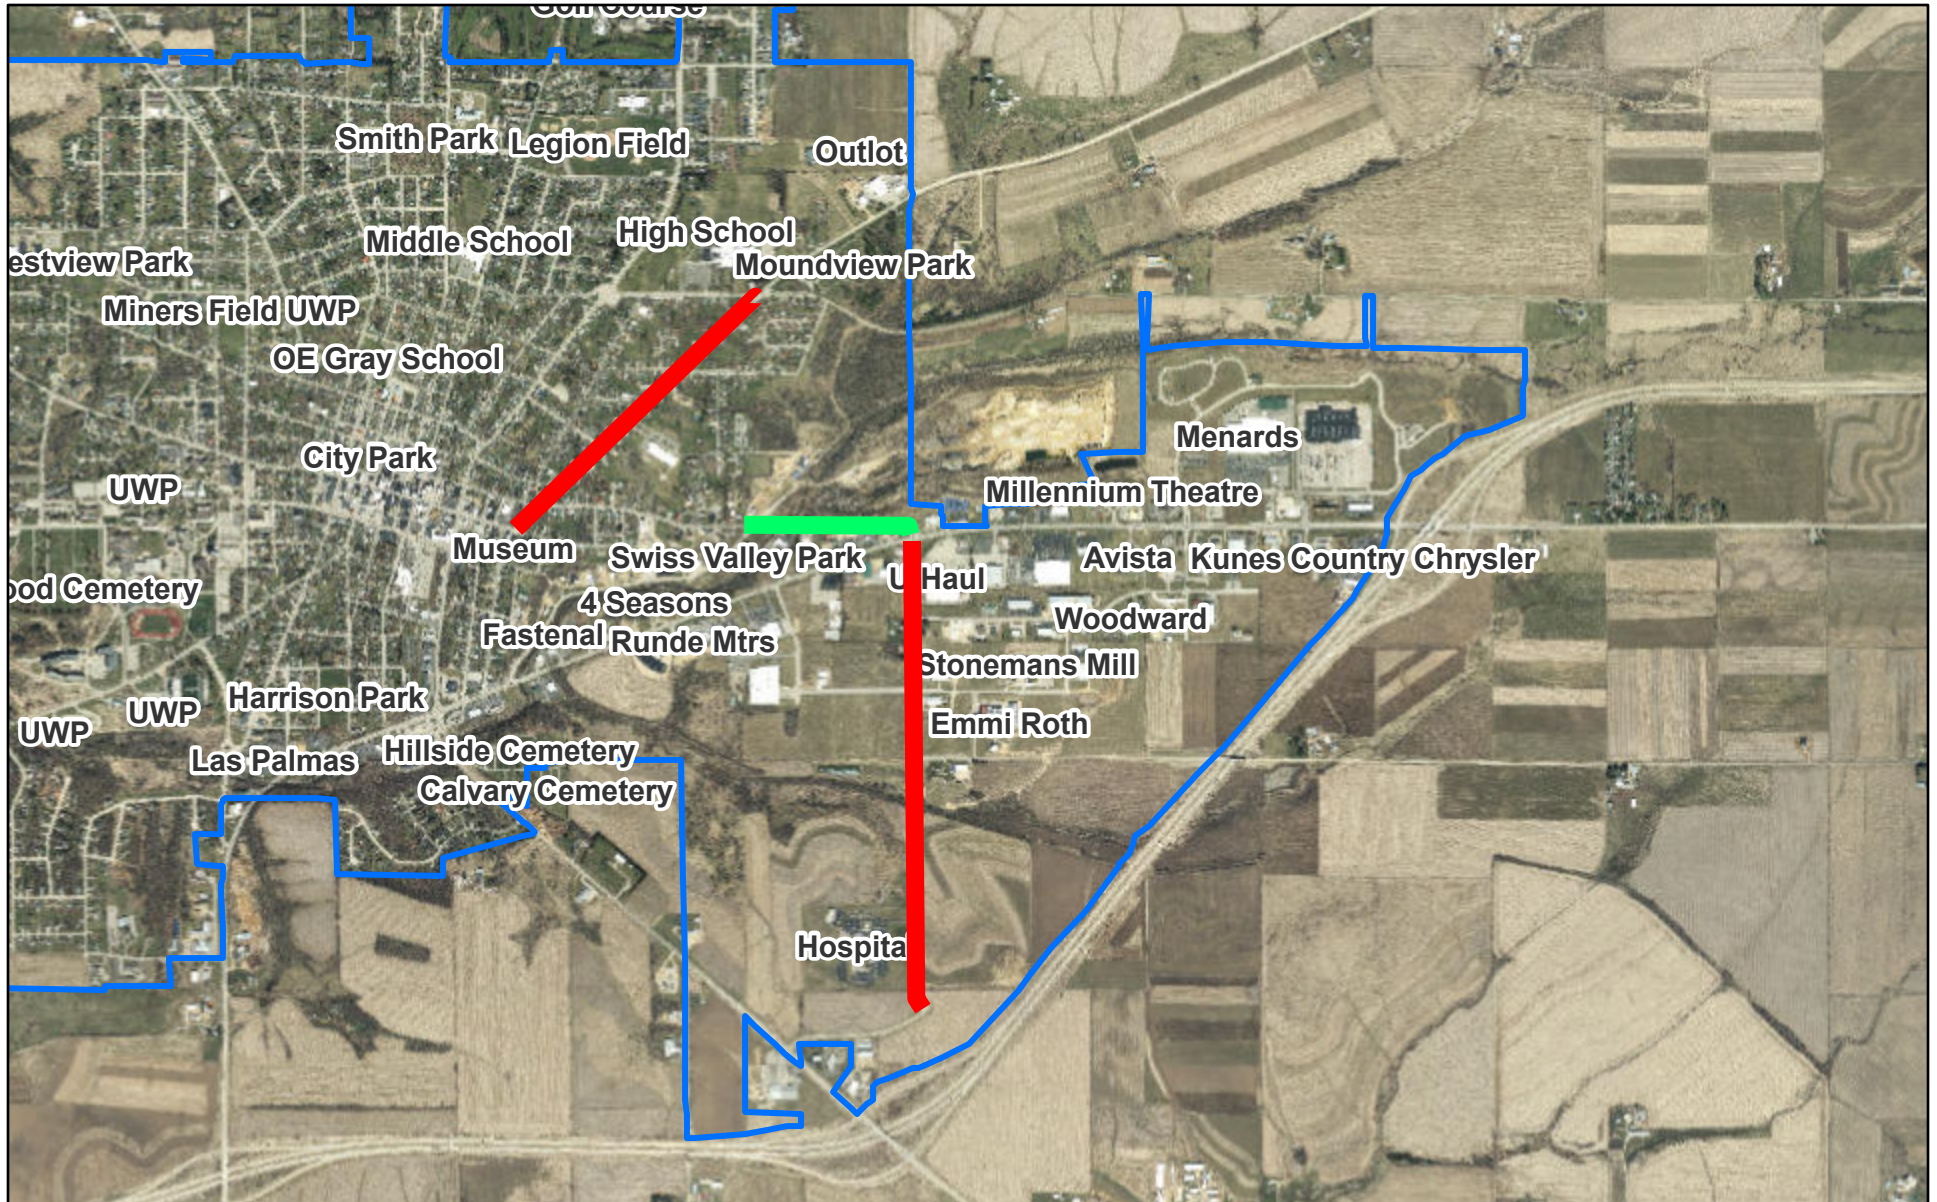

All work must be completed within 5 working days of starting work, unless there are weather delays. This may be scheduled at the Contractor's Discretion beginning at the Notice to Proceed date. The Contractor is required to notify the City of Platteville Street Department (608) 348-8828 at least 2 business days prior to starting work.

INSURANCE

Contractor shall provide certificate of insurance for the following required coverages.

1. Comprehensive General Liability Insurance - with bodily injury coverage of not less than \$1,000,000 each person and \$1,000,000 each accident and property damage coverage of not less than \$1,000,000. Comprehensive General Liability to include premises and operations. Contractor's protective liability, products liability including completed operations coverage and contractual liability.
2. Personal Injury - false arrest, detention or imprisonment or malicious prosecution, libel, slander, defamation or violation of right of privacy, wrongful entry or eviction or other invasion of right of private occupancy to be included.
3. Comprehensive Automobile Liability Insurance - with bodily injury coverage of not less than \$500,000 each person and \$1,000,000 each accident and property damage coverage of not less than \$500,000. Comprehensive Automobile Comprehensive Automobile Liability to include all owned and non-owned automobiles.
4. In lieu of the above limits, a single limit policy in the amount of \$2,000,000 or a \$2,000,000 Umbrella is accepted.
5. Bodily Injury Protection - under both comprehensive general and comprehensive automobile forms shall be on an "occurrence" basis.
6. Worker's Compensation – per State statutes.
